FARMERS .-- Some of the Ohio papers boast that the People of that State returned 58 farmers to the late Legislature, out of 120 members, of which both branches is composed. We of Indiana can beat that. Out of 77 members of the late House, 39 were farmers, and 38 belonged to other pronine farmers is a pretty good proportionand we know from observation that they were, as a body, among the most intelligent, industrious, and useful members of both Houses .- Wabash Courier.

The attention	on of	the	several	dist	ricts	of			

the commonwealth is respectfully directed timony taken by both parties in the late suit to the fifth section of the supplement to the between Messrs. STEVENS and LEFEVER .school law, (passed the 15th of April, 1835.) Agreeably with the provisions of that section, the portions of the state appropriation intended for the several districts not accepting the school law, are to remain and accumulate in the treasury of the proper county, for and during two years from the date of the supplement, for the use of such non accepting districts. But if such districts shall not, within two years, accept the law, then such accumulated sum shall be distributed at the end of that time, amongst the accepting districts in the respec-

The two years above mentioned will expire on the 15th day of April, 1837. Be fore that day only one joint meeting of delegates and county commissioners (viz on the 2d day of May next) can or will take place: at which joint meeting in the several divisions, or at some of the regular adjournments thereof, the number of districts which shall be entitled to a dividend of the said two years accumulation, will be unalterably fix-

It will therefore be perceived that the approaching election of directors (on the 18th day of March next) is a subject of deep import to the districts which have hitherto re. jected the system. The claim of the districts to the two years dividends of appropriation, which will at the end of that period, remain for their use in the proper county treasuries, will be established or abandoned by the vote which their representatives may give in the next May joint meeting. Consequently the meeting to elect directors in March will be the only opportunity presented to the citizens of each hitherto refusing district, to determine by choosing their representatives in the board of directors, whether they will accept the two years accumulation of school money.

In addition to the two ordinary annual state appropriations of \$75,000 there will, also be, on the 15th of April 1837, subject to distribution under the above mentioned provisions of the 5th section of the supplement, an instalment \$100,000 payable by the bank of the United States to the common school fund in the present year.

RECOMMENDATORY NOTICES.

Dr. John S. Miller, Fredericktown, Md. I do hereby certify that I had this last spring and summer a constant pain in my stomach, and a great weakness in my kid. neys, and pain across my eyes, for which I neys, and pain across my eyes, for which I pulepsy or Falling Fits, Female Debility, and Female Stome of the made use of one bottle, which I procured of short time. of my good health again, and am now as well find relief in a very short time, and if the di as ever I was, and you are at liberty to make it known for the benefit of those afflic ted in the same way.

Yours, &c. JACOB BOWER, Court Crier. Hagerstown, Sept. 1834.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by litting-which increased my complaint, dyspepsia and general weakness and debility to such a degree, that for two years previous to my using the Garlegant Balsam I never eat a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam of Health advertised, I was induced to try a bottle; after taking the very first dose it appeared to strengthen my stomach; and every dose of the first bottle helped me so much, that in the course of a few days my stomach began to retain and digest every thing I cut. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to pertect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach. Given under my hand this 11th day of January, 1834.

CHAS. W. BINNS.

Leesburg, Virginia. Dear Sir:-- I have used the Balsam of Health which I procured from you, with great benefit, if not with entire relief .--When I procured it I was sorely afflicted with dyspepsia, attended by all the distressing symptoms, headaches, giddiness, heartburn, and the thousand nervous affections which accompany it, in its worst stages.-At times such was the debility occasioned, that I was bed ridden. I think I can say, that the first relief, if not the entire cure, was produced by the use of the Balsam.

TO THE PUBLIC. IIIIS medicine has been before the public for three or four years past and has sequired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article. nor mineral or metallic substance and is careful-

Is compounded so as to always be of uniform strength and consistency. It will keep good for years and grows more pleasant by age. Chil ren are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints, of children, that every family should always kerp it in their houses, as most families who have used it, now do. Sailors and tr-velling per-

sons should slaveys carry it with them. This medicine is put up in round brass mentled vials of two and four ounces each, with the words 'DR D JAYNE'S CARMINATIVE BALam" blown on them, and the writen signature of D. Jayne to the bottom of each directionnone others are gennine.

This medicine is not recommended as a "Paacea" to cure all diseases to "which flesh is beir to" but as a remedy in Diarrham. beginning and latter stages of Dysentery, Cholera Morbus, the Spasmodic or Malignat Cno-LERA, Cromps, Cholies, Siek and nervous Headsche. For the Summer Complaint or CHOLERA of children it is uncivailed by any other combination of medicine ever used. It has repeathad failed aided by the attendance and skill of the ablest physicisus, that could be procured. Certificate from Dr Win. Steeling. This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in Howel Complaints, and have not the least hesitation in declaring it superior to any perparation that I have met with; for the relief of tho-e diseases. WILDIAM STEELING, M. D.

Bridgeton, July 19, 1831. from Dr. M. L. Knapp, late Physician to the Baltimore Dispensive, and Agent for the Maryland Vaccine Institution.

Baltimore, March 27th, 1833. Dr. JAYNE-Dear Sir-You ask me what roofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfiction, and my patients o speedy and perfect relief as this. Whenever ntroduced into a family, it becomes a standing emedy for those ailments, and is called for a gain and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequentv appeared to snatch the little victims, as it vere, from the grave. "It saved the life of my child, and of such and such a child," I have repearedly heard said. In dysenteric affections of adults. I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes In fine, t is a valuable medicine, and no family should be Respectfully, without it.

M. L. KNAPP, M. D. From Dr. L. Lawrence. Cedarville, Oct. 9th, 1832.

Dr. D. Jayne-Dear Sir. - The curative pow-

ers of your Carminative Balsam appears to be. fairly established in all Bowel Complaints, &cc. and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my chilfren, who was severely handled, and with conple e success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially, smong children, who are apt to be affected this wave and which every practitioner in medicina has found to be a very trouble some disease.
