

ADVERTISEMENTS.

PROCLAMATION. Election of School Directors.

PURSUANT to the provisions of the 2d Section of the Act of the General Assembly of this Commonwealth, entitled "An Act to Establish a General System of Education by Common Schools," passed the 1st of April, A. D. 1834—

I hereby Give Notice, To the citizens of the several School Districts in the County of Adams, to meet in their respective Townships and Boroughs at the places where they hold their Elections for Supervisors, Town Councils and Constables, on the

Third Friday (18th day) of March next, And then and there elect TWO CITIZENS of each School District, to serve for THREE YEARS, as School Directors of said Districts respectively; which elections are to be conducted and held in the same manner as elections for Supervisors and Constables are by law held and conducted.

JAMES BELL, Jr. Sheriff. February 22, 1836. ts-47

CONSUMPTION.

Indian Specific,

FOR the prevention and cure of Coughs, Colds, Asthmas, Consumptions, Spitting Blood, and diseases of the Breast and Lungs, prepared by Doct. CLARKSON FREEMAN, of the city of Lancaster.

BILL OF DIRECTION,

Accompanying each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases; also particular directions respecting diet and regimen, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied by the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken, before proper authorities in the city of Lancaster, and are completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle.

The price of each bottle of Indian Specific is \$1, and each envelope of the genuine Specific is signed by Dr. Clarkson Freeman, and the initials, C. F. on the seal of each bottle. None can be genuine without his signature, a base composition having been attempted to be imposed on the public by a counterfeit imitation of this extraordinary article.

For sale at the drug store of Dr. J. GILBERT. Gettysburg, Oct. 19, 1835. 1y-29

DR. J. GILBERT'S WIFE'S For Sale at this Office.

STAPLE AND FANCY DRY GOODS, and hope their endeavoring to give general satisfaction will insure to them a liberal share of public favor.

Baltimore, Feb. 29, 1836. 3i-48

COMMON SCHOOL SYSTEM.

AGREEABLY to the 19th section of the Common School Law of 1834, notice is hereby given that the sum or dividend of state appropriation, out of the Common School Fund, to which each school division (county) in the Commonwealth, is entitled for the year 1836, (exclusive of a dividend of \$100,000 due to the school fund by the Bank of the United States, on the 6th day of June 1836, which dividend will be payable to each division immediately after said 6th day of June), is as follows:—

Table with columns: Counties, Amount, Counties, Amount. Lists various counties and their respective amounts for the school fund.

The attention of the several districts of the Commonwealth is respectfully directed to the fifth section of the supplement to the school law, (passed the 15th of April, 1835.) Agreeably with the provisions of that section, the portions of the state appropriation intended for the several districts not accepting the school law, are to remain and accumulate in the treasury of the proper county, for and during two years from the date of the supplement, for the use of such non-accepting districts. But if such districts shall not, within two years, accept the law, then such accumulated sum shall be distributed at the end of that time, amongst the accepting districts in the respective divisions.

The two years above mentioned will expire on the 15th day of April, 1837. Before that day only one joint meeting of delegates and county commissioners (viz on the 2d day of May next) can or will take place: at which joint meeting in the several divisions, or at some of the regular adjournments thereof, the number of districts which shall be entitled to a dividend of the said two years accumulation, will be unalterably fixed.

It will therefore be perceived that the approaching election of directors (on the 18th day of March next) is a subject of deep import to the districts which have hitherto rejected the system. The claim of the districts to the two years dividends of appropriation, which will at the end of that period, remain for their use in the proper county treasuries, will be established or abandoned by the vote which their representatives may give in the next May joint meeting. Consequently the meeting to elect directors in March will be the only opportunity presented to the citizens of each hitherto refusing district, to determine by choosing their representatives in the board of directors, whether they will accept the two years accumulation of school money.

In addition to the two ordinary annual state appropriations of \$75,000 there will, also, be, on the 15th of April 1837, subject to distribution under the above mentioned provisions of the 5th section of the supplement, an instalment \$100,000 payable by the bank of the United States to the common school fund in the present year.

THO. H. BURROWS, Sup. of Com. Schools. Secretary's Office. Harrisburg, Feb. 24, 1836. 3i-48

THE ELEGANT HORSE, MONONGAHELA.

WILL stand for service the ensuing season, from the 4th of April until the 25th of June next, at the following places, viz: On Mondays and Tuesdays, at Wm. McCreary's, in Liberty township, near Emmitsburg; and on Wednesdays and Thursdays, at Wm. McCullough's, about 3 miles from Gettysburg.

For further particulars see BILLS.

MONONGAHELA is a beautiful dapple Grey, 16 1/2 hands high, strong and active, and cannot be surpassed for strength, bone and sinew in the country. He was raised in Washington county, Pa. from a good breed of draught Horses, and is allowed by competent judges to be the best foulgetter in Adams County.

PROSPECTUS OF THE ATHENAEUM & VISITER.

THE PUBLISHERS OF THE ATHENAEUM AND THE VISITER, both of which are now issued from the same office, have determined to make such a union of the two papers as shall add greatly to their facilities in publishing both, and increasing their resources so as to make each paper more valuable to subscribers.

In this union, two editions of the ATHENAEUM AND VISITER will be issued: one in the form of a superroyal size, handsomely printed on fine white paper—and with new type, to be exclusively literary in its character. The other on a mammoth sheet of the largest size, in small type—to embrace not only a choice original literary department, but also to be a family miscellaneous newspaper,—to be in all respects an epitome of the times and to present in quality and quantity such a variety of reading matter as shall make it in every respect equal if not superior to any sheet now issued in the country.

In this arrangement the publishers do not contemplate giving merely a diffuse and undigested mass of reading—their object and labors will be directed towards concentration and selectness; and by rejecting that which is irrelevant or uninteresting, always be able to present a large amount of excellent and valuable information, as well as a literary miscellany of interest and attractiveness to be met with in but rare instances.

It must be obvious to subscribers at a glance that the arrangement contemplated in this prospectus will greatly enhance the value of the Athenaeum and Visiter. Instead of the labors of two or three minds diffused over a wide circumference—they will be concentrated on one point—perfection can now be approached where before only mediocrity was aimed at. The multiplicity of newspapers does not benefit so much as the vigorous application of mind in some one direction.—If, instead of the large number now published, it was reduced to one—half—thus doubling the subscription and resources of each of the remaining, and allowing a corresponding improvement in appearance and value it is self-evident that the subscribers to any one of them would receive a double benefit.—It is upon so palpable a statement that the publishers found their reasons for the union of the above named papers. Neither of them can suffer by it, and both must in the very nature of things be greatly increased in value.

This change will be effected in a few weeks, when the present Visiter will be enlarged by the addition of four extra columns beyond its present size, which will make it with but a single exception one of the largest literary papers in the country.

The terms of the "Athenaeum and Visiter" will be \$2.50 per annum, PAYABLE IN ADVANCE; subscribers having the choice of either edition. It will be published every Saturday, and sent away carefully enveloped by the earliest mail to distant subscribers. No paper will be sent to the country unless the order is accompanied by the money—or with a reference to some respectable individual in the city.

The Athenaeum and Visiter will be published by ANTHONY & COX, at the N. E. corner of Baltimore and Sharp streets.

If a club, or neighborhood, who do not take either the Athenaeum or the Visiter, will unite and send \$5 free of postage, the publishers will furnish three copies of the "Athenaeum and Visiter" for one year—for \$10, six copies; or for \$15 they will send ten copies. They are willing for this very low rate to give an opportunity of judging for themselves of the intrinsic worth of the paper; and if at the end of the year they are not satisfied it can be discontinued, if not they will hereafter be furnished at the usual rate of subscription on \$2.50 per annum in advance.

March 7, 1836.

From Dr. Charles Hammond. Dr. JAYNE—Dear Sir—I have made use of your Curative Balsam prepared by you for Complaints of the Bowels, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice.

CHARLES HAMMOND. Leesburg, Va. Oct. 3th, 1834.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at S. M. N. J. Dr. JAYNE—Dear Sir—Understanding you were about to publish certificates respecting your valuable Curative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in its favor, as we have proved its efficacy very frequently in our family, and also administered it to our friends who have visited us, and always found it gave the speedy relief.

Yours Respectfully, CHARLES J. HOPKINS. Salem, N. J. Jan. 7, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber.

SAMUEL H. BUEHLER. Gettysburg, May 4, 1836. 1y-29

CARMINATIVE BALSAM AND HEALTH RESTORATIVE.

In the Malignant, Spasmodic, or Asiatic, Cholera, Cholera Morbus, Diarrhoea or Loosness, Dysentery, Sickness or Nerves Head-Ache, Cholera Infantum or Stomach Complaint, Cholera, Cramps, Sour Stomach, &c. &c.

TO THE PUBLIC. THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency.

It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that a very family should always keep it in their houses, as most families who have used it, now do. Sailors and travelling persons should always carry it with them.

This medicine is put up in round brass mullied vials of two and four ounces each, with the words "DR. JAYNE'S CARMINATIVE BALSAM" blown on them, and the signature of D. Jayne to the bottom of each direction—none others are genuine.

This medicine is not recommended as a "Pain-killer" to cure all diseases to which flesh is heir to, but as a remedy in Diarrhoea. The beginning and later stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant Cholera, Cramps, Cholera, Sickness and nervous Head-ache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of the kind ever used. It has repeatedly effected cures, when every other means had failed, aided by the attendance and skill of the ablest physicians, that could be procured. Obsolete Diarrhoeas of years standing, have been removed by the use of a few bottles of its violent Dysenteries arrested and Cholera Morbus cured. The spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine, in fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance. Gripping pains, tormina and tenesmus, Cholera, Cramps, &c. are also removed by it.

Hundreds of females and sedentary persons can attest its superior excellence in sick and nervous Headaches as two or three teaspoonfuls generally gives relief in the course of half an hour.

Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES. Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., New Jersey.

Having been made acquainted with the ingredients composing Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, and particularly in Affections of children, Cholera, Cramps, Loosness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with Sourness or the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety.

Wm. BACON, M. D. Pittsgrove, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Steeling. This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of these diseases.

Wm. STEELING, M. D. Bridgeton, July 19, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833.

Dr. JAYNE—Dear Sir—You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so ready and perfect cures as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it set like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it.

Respectfully, M. L. KNAPP, M. D.

From Dr. L. Lawrence. Cedarville, Oct. 9th, 1832.

Dr. JAYNE—Dear Sir—The curative powers of your Carminative Balsam appears to be fully established in all Bowel Complaints, &c. from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely handled, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way; and which every practitioner in medicine has found to be a very troublesome disease.

LEONARD LAWRENCE, M. D.

From Dr. Charles Hammond. Dr. JAYNE—Dear Sir—I have made use of your Curative Balsam prepared by you for Complaints of the Bowels, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice.

CHARLES HAMMOND. Leesburg, Va. Oct. 3th, 1834.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at S. M. N. J. Dr. JAYNE—Dear Sir—Understanding you were about to publish certificates respecting your valuable Curative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in its favor, as we have proved its efficacy very frequently in our family, and also administered it to our friends who have visited us, and always found it gave the speedy relief.

Yours Respectfully, CHARLES J. HOPKINS. Salem, N. J. Jan. 7, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber.
