None can be genuine without his signature, a base composition having been attempted to be imposed on the public by a counterfeit imitation of this extraordinary article.

Patent Specific Ointment, A NEVER-FAILING remedy for the following, among other diseases: White Swellings of every description. Sore Legs and Ulcers of long standing. Skirrhus or Glandular Tumours, particularly those hardened tumours in women's breasts which oftentimes terminate in ulcerated cancers. Felons, or what some people know by the name of Catarrhs, of every description. Rheumatic Pains of the joints. Sprains and Bruises of every description or in whatever part situated. Tetter of all kinds. In this complaint, the patient, in applying the Ointment, must keep the part out of water. Chilblains, or parts affected by frost. It is also one of the best remedies for Burns and Scalds. It eases the pain and draws the fire out in a short time. For Inflamed Women's Breasts, and Glandular Swellings, it is superior to any medicine yet known to the medical faculty. This Ointment has cured sores of many years standing. It cures the worst Felons or Whitlows on an application of 48 hours. Rheumatism which have stood so long as to become a systematic disorder, require medicine to be taken inwardly to remove them entirely. But in most common cases, by applying this Ointment externally, as directed, it will give relief. And even in old people, whose pains have been of longer standing, it will ease the pain. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg, Feb. 29, 1836.

CARMINATIVE BALSAM AND HEALTH RESTORATIVE.

In the Malignant, Spasmodic or Asthmic, Cholera, Cholera Morosa, Diarrhoea or Loosness, Dysentery, Sick or Nervous Head-Ache, Cholera Infantum or Summer Complaint, Cholera, Cramps, Sour Stomachs, &c. &c.

TO THE PUBLIC.

THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency. It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that very few families do not always keep it in their houses, as most families who have used it, now do. Sailors and travelling persons should always carry it with them. This medicine is put up in round brass or tin vessels of 10 and 20 ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them, and the veridical signature of D. Jayne to the bottom of each direction—none others are genuine.

This medicine is not recommended as a "Pain-killer" to cure all diseases to which flesh is heir to, but as a remedy in Diarrhoea. The beginning and latter stages of Dysentery, Cholera Morosa, Cholera, Cholera Infantum, Cholera, Cramps, Cholera, Sick and nervous Head-aches, For the Summer Complaint, or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed at bed by the attendance and skill of the ablest physicians, that could be procured. Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much known remedies had failed—those too who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

Children, laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those too who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES.

Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., New Jersey. Having been made acquainted with the ingredients composing Dr. Jayne's Carmivative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Loosness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with sourness or the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety. WM. BACON, M. D. Pittsgrove, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Steeling. This medicine has been used by Dr. Jayne's Carmivative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with; for the relief of those diseases. WILLIAM STEELING, M. D. Bridgeton, July 19, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833. Dr. JAYNE—Dear Sir—You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "I saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours. I may say in a few minutes. In fine, it is a reliable medicine, and no family should be without it. Respectfully, M. L. KNAPP, M. D.

From Dr. L. Lawrence. Clearville, Oct. 9th, 1832. Dr. D. JAYNE—Dear Sir—The curative powers of your Carmative Balsam appears to be fairly established in all Bowel Complaints, &c. and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely handled, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way—and which every practitioner in medicine has found to be a very troublesome disease. LEONARD LAWRENCE, M. D.

From Dr. Charles Hammond. Dr. JAYNE—Dear Sir—I have made use of the Carmative Balsam prepared by you for Complaints of the bowels, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice. CHARLES HAMMOND. Leesburg, Va. Oct. 5th, 1834.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at Salem, N. J. Dr. JAYNE—Dear Sir—Understanding you were about to publish certificates respecting your valuable Carmative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in your favor; as we have proved it an excellency very frequently in our family, and also administered it to our friends who have visited us, and always found it gave them speedy relief. Yours Respectfully, CHARLES J. HOPKINS. Salem, N. J. Jan. 7, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber. SAMUEL H. BUEHLER, Gettysburg, May 4, 1835.
