JACOB BOWER, Court Crier. Hagerstown, Sept. 1834.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting-which increased my complaint, dyspensia and general weakness and debility to such a degree, that for two years previous to my using the Garlegant Balsam I never eat a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam of Health advertised, I was induced to try a bottle; after taking the very mach; and every dose of the first bottle helped me so much, that in the course of a few days my stomach began to retain and digest every thing I eat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to pertect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stom- A ach. Given under my hand this 11th day of January, 1834.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensery, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833.

Dr. JAYNE-Dear Sir.-You ask me what proofs I meet with of the efficacy of your mediine. I can safely say that I never prescribed medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, were, from the grave. "It saved the life of my child, and of such and such a child," I have reneatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes In fine, it is a raluable medicine, and no tamily should be Respectfully, M. L. KNAPP, M. D. without it.

From Dr. L. Lawrence. Cedarville, Oct. 9th, 1832. Dr. D. JAYNE-Dear Sir. - The curative powers of your Carminative Balsam appears to be fairly established in all Bowel Complaints, &c. and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely handled, and with complete success, without the use of any other nedicine. So far as my practice has extended I think it a desideratum in medicine, especially among children, who are apt to be affected thi way; and which every practitioner in medicine has found to be a very troublesome disease.
