CONSUMPTION.

Indian Specific, OR the prevention and cure of Coughs Colds, Asthmas, Consumptions, Spitting Blood, and diseases of the Breast and Lungs, prepared by Doct. CLARKSON FREEMAN, of the city of Lancaster.

BILL OF DIRECTION,

Accompanying each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseares; also particular-directions respecting diet and regiment, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied by the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken, before proper authorites in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle.

Or The price of each bottle of Indian ecific is \$1, and each envelope of the gen-Specific is signed by Dr. Clarkson nan, and the initials, C. F. on the scal ch bottle. None can be genuine withhis signature, a base composition havbeen attempted to be imposed on the fublic by a counterfeit imitation of this exraordinary article.

DR. HULL'S RECENTLY IMPRO-VED TRUSS .-- The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease.

In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed s decided preference for this instrument, are res

pectfully added: Valentine Mott, M. D. A. A. Stevens, M. D. John B. Beck, M. D. Cyrus Perkins, M. D. John Stearns, M. D. George Bushe, M. D. David Hosack, M. D. Samuel Ackerly, M. D. David M. Reese, M. D. Wm Anderson, M. D. Also, the following extract of a late certificate of Dr. Mutt, of New York:

.For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most grati fying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon. who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people. VALENTINE MOTT, M. D.
