Hagerstown, Sept. 1834.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting-which increased my complaint, dyspepsia and general weakness and debility to such a degree, that for two years previous to my using the Garlegant Balsam I never eat a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam of Health advertised, I was induced to try a bottle; after taking the very first dose it appeared to strengthen my stomach; and every dose of the first bottle help ed me so much, that in the course of a few days my stomach began to retain and digest every thing I cat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach. Given under my hand this 11th day of January, 1834.

Leesburg, Virginia.

Dear Sir:—I have used the Balsam of Health which I procured from you, with great benefit, if not with entire relief .--When I procured it I was sorely afflicted with dyspepsia, attended by all the distressing symptoms, headaches, giddiness, heartburn, and the thousand nervous affections which accompany it, in its worst stages .relief. Indian Specific,

Colds, Asthmas, Consumptions, Spitting Blood, and diseases of the Breast and Lungs, prepared by Doct. CLARKSON FREEMAN, of the city of Lancaster. BILL OF DIRECTION,

Accompanying each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseares; also particular directions respecting diet and regiment, and how patients are to conduct through every stage until health is restored-for vain and useless would be the prescriptions of the ablest physicians, accompanied by the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken, before proper authorites in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are do-

tailed in the bills accompanying each bottle. The price of each bottle of Indian Specific is \$1, and each envelope of the gennine Specific is signed by Dr. Clarkson Freeman, and the initials, C. F. on the seal of each bottle. None can be genuine without his signature, a base composition having been attempted to be imposed on the public by a counterfeit imitation of this ex-
