DR. HULL'S RECENTLY IMPROVED TRUSS—The distinguished surgeon and medical faculty of the cities generally, elsewhere, have come to the conclusion, that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease.

In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added:—

Valentine Mott, M.D. George Bush, M.D. A. A. Stevens, M.D. David Hosack, M.D. John B. Beck, M.D. Samuel Ackerly, M.D. Cyrus Perkins, M.D. David M. Reese, M.D. John Stearns, M.D. Wm. Anderson, M.D.

Also, the following extract of a late certificate of Dr. Mott, of New York:—'For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, in my opinion, the best I ever saw for securing, comforting and curing the ruptured patient and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people.'

VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1835. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. May 9, 1836.

NOTICE. A NUMBER of accounts due HENRY McELROY have been placed in my hands for collection. Those knowing themselves indebted would do well to call without delay and discharge them.

Valuable Printing Establishment FOR SALE.

THE Establishment of the 'COLUMBIA SPY, AND LANCASTER AND YORK COUNTY RECORD,' is offered for sale on reasonable terms. The paper has a good circulation and the office is believed to be one of the most profitable in the State. The canal from Pittsburgh and the northern part of the State, and the Philadelphia railroad here connect, and a canal to Havre de Grace, (Maryland,) and rail roads to Gettysburg and Harrisburg are expected to be made shortly. A rail road communication to Baltimore is also in progress.

In the office are two presses, and every variety of type necessary to carry on the business. The proprietor is confident that there is not another such opening in the State—the job work and advertising alone (which are rapidly increasing) having amounted to upwards of 1200 dollars, the past year.

THE NEW YORK DISCUSSION. CHRISTIANITY VERSUS INFIDELITY. CHARLES H. JACKSON & Co., PERIODICAL PUBLISHERS, No. 17, Ann Street, New York.

WE HAVE in press, and will immediately publish in numbers of twenty-four pages, octavo, embellished with plates, price 12 1-2 cents, the late interesting and important discussion between Dr. Sleight, in support of Christianity, and the D. Legates of the Tommy Hall Society, and other Socinians, in defence of Infidelity.—This discussion which produced, and kept up a theological excitement, hitherto unparalleled in the city of New York, commenced Nov. 11th, 1835, and terminated Feb. 18th, 1836. The substance of the arguments both by Dr. Sleight and his opponents was faithfully and impartially taken down on the spot, and has been carefully revised, so that this publication will contain the arguments and objections of both parties. Moreover, Dr. Sleight will add copious critical, historical, and explanatory notes, and also numerous incontrovertible arguments in favor of Divine Revelation, some of which, it is thought, will be found to be original and never before published, rebutting and refuting the most powerful objections of all the Infidels that ever lived. The Publishers, in soliciting patronage for this work, present hereby the "Introduction," which furnishes many interesting particulars respecting the discussion. They also subjoin some articles which appeared in the public papers during its progress.

If any other proof of the importance of the arguments advanced by Dr. Sleight were necessary, the glorious and triumphant result of the "Discussion," it is presumed that the testimonials of the most eminent clergymen and other distinguished gentlemen of New York herein contained, would suffice.

CONDITIONS, &c. The work will be printed on good paper, with new type, and each number will contain twenty-four octavo pages. The volume will be embellished with a portrait of Dr. Sleight, and at least four other engravings. One number, it is expected, will be published each week, and the work will probably be completed in fifty numbers. The subscribers will be delivered to subscribers in this city, immediately after their publication, and will in like manner be transmitted by mail to subscribers in any part of the United States, at the cost and risk of the publishers.—The price, twelve and a half cents each number, will be expected on delivery, and subscribers at a distance must make payment in advance, or refer to some person in this city, who will pay on such terms as they may think proper. Publishers in every part of the United States are invited to send to them their names to employ persons to canvass for subscribers, and copies of this Prospectus will be transmitted to any who may order them.

A copy of the Discussion will be given to the Editor of each newspaper or periodical who will notice the work, and send a copy of such notice to CHARLES H. JACKSON & Co. No. 17, Ann Street, N. Y. June 15, 1836.

In July will be commenced the publication of a Weekly Periodical for the Parlour, ENTITLED THE NATIONAL ATLAS, AND

Each No. containing SIXTEEN large quarto pages, handsomely printed, on good double medium paper, with good type—making between 300 and 400 large pages of choice selected reading, in a year. Each number will be embellished with several good Engravings, and every month a handsome coloured map will be appended.

The most prominent and popular feature of this periodical, is withheld till near the time it is to commence.
