## COMMON SCHOOL NOTICE.

HEREAS, By the 11th section of the School Law, passed the 13th of June, 1836, one hundred thousand dollars, in addition to the one hundred thousand dollars payable by the Bank of the United States, are appropriated out of the School Fund, for the use of the different school districts in the commonwealth for the school year 1837, which year commenced immediately after the first Monday of June last;

Aud whereas, the aforesaid sum of Two IUNDRED THOUSAND DOLLARS is directed by the 10th Section of said act, to be paid by the General Superintendent directly to the Treasurers of the respective Districts, (townships, boroughs or wards,) of the commonwealth, and not to the county Treasurers, as heretofore, upon his being "furnished with a certificate, signed by the President and attested by the Secretary of the board of directors of the District," that the amount of school tax necessary to entitle such District to its proportion of state appropriation, has been "levied" thereon;

And whereas, it is provided by the 18th section of said act, "that every thing heretofore done in pursuance of said acts, (viz: the common school laws of 1834 and of 1835.) shall be valid," and by the 15th section, "that all taxes (heretofore) authorized to be raised for school purposes, shall be collected as they would have been collected if this act had not passed;" the true intent and operation of which provisions, taken in connection

1st. That no Districts shall be entitled for state that he is at all times prepared, at his the present, to receive their distributive old Stand in Chambersburg Street, a few shares of the current year's appropriation, except such as were affirmative accepting Districts, in the proper joint meeting of delegates and commissioners, held on the second day of May last, or as shall entitle themselves to the privileges of accepting Districts, for the school year 1837, by complying with the 20th section of said act: And 2d. That the voting in the proper joint meeting aforesaid, by each of the affirmative Districts for, and the levying thereon of an amount of school tax, sufficient to entitle such District to its portion of the then existing state appropriation of \$75,000, will be sufficient to entitle it to a distributive share of the present year's state appropriation of \$200,000.

And whereas, It is proper and necessary that such part of the current year's appropriation, as may be due to accepting Districts, should be paid over to their respective Treasurers, with as little delay as may be, (the residue to remain in the State Treasury, for the use of non-accepting Districts, or ill otherwise disposed of according to law.)

NOTICE IS HEREBY GIVEN, to all concerned, that the Districts entitled hereto, will receive their proper distributive portions of the present year's appropriation of \$200,000, as soon as, and not before, the following certificates and documents shall have been received at this deartment, viz:

1. A certified account, by the commissioners of each county, of the proceedings of the joint meeting of delegates and commissioners, held on the first Monday of May last, setting forth distinctly which Districts then were, and which were not, affirmative Districts; and the amount of tax then vote to be raised by each affirmative District. or by the whole of them collectively, as the case may be.

2. A certificate, by the proper commissioners, that the amount of tax voted to be raised by each affirmative District as aforesaid, or by such as are entitled to the privileges of affirmative Districts under the 20th section of the new school law, has been duly "levied" thereon, setting forth the amount

levied on each. NOTE: It is not necessary for the present year that the tax aforesaid, shall be actually assessed, individually, upon tax payers, before this certificate is forwarded to the commissioners. The apportionment thereof among the several districts of the proper county, by the commissioners thereof, for the purpose of being assessed and collected at the proper time hereafter, will be a sufficient compliance with the law to authorize the commissioners to forward the above

certificate. 3. A certified list, by the proper commissioners, of the whole number of School Disthe name of each District, and the number of taxable inhabitants therein, according to sist the sale of spurious mixtures resembling the enumeration of 1835. See sec. I, of the genuine in name only. the new law, as to what constitutes a School

4. A report from the School Directors of for the purpose of carrying into operation ion with the genuine articlethe provisions thereof, stating also the rame and post office of the President, Secretary

and Treasurer of each board. See sec. 3. For the information of all concerned, it is proper to state, that the tax voted by the aforesaid joint meeting, as well as the additional tax under the 7th section of the ect of 1834, are to be assessed upon the same articles, and to be collected by the same officers, as they would have been assessed upon and collected by, if that of 13th June last
