DR. W. JUDKINS' Patent Specific Ointment,

A NEVER FAILING remedy for the following, among other diseases: White Swellings of every description. Sore Legs and Ulcers of long standing. Skirrhus or Glandular Tumours, particularly those hardened tumours in women's breasts which oftentimes terminate in ulcerated cancers. Felons, or what some people know by the name of Catarrhs, of every description. Rheumatic Pains of the joints. Sprains and Bruises of every description or in whatever part situated. Tetter of all kinds. In this complaint, the patient, in applying the Ointment, must keep the part out of water. Chilblains, or parts affected by frost. It is also one of the best remedies for Burns and Scalds. It eases the pain and draws the fire out in a short time. For Inflamed Women's Breasts, and Glandular Swellings, it is superior to any medicine yet known to the medical faculty. This Ointment has cured sores of many years standing. It cures the worst Felons or Whitlows on an application of 48 hours. Rheumatism which have stood so long as to become a systematic disorder, require medicine to be taken inwardly to remove them entirely. But in most common cases, by applying this Ointment externally, as directed, it will give relief. And even in old people, whose pains have been of longer standing, it will ease the pain. Its superior qualities have gained for it a high reputation, and a most decided preference over any preparation of the kind ever offered to the Public. It is warranted not to contain AN ACID, or any other corrosive ingredient. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. April 4, 1836. 1f-11

DR. HULL'S RECENTLY IMPROVED TRUSS.

The distinguished surgeon and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Hernia, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease. In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully adduced: Valentine Mott, M. D. George Bushie, M. D. A. A. Stevens, M. D. David Hosack, M. D. John B. Beck, M. D. Samuel Ackerly, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. John Stearns, M. D. Wm Anderson, M. D. Also, the following extract of a late certificate of Dr. Mott, of New York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated instrument Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivaled instrument to its present state of perfection, rendering it, in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people. VALENTINE MOTT, M. D. Park Place, Feb. 20, 1836. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1835. BEWARE OF IMPOSITION.

AFTER the Original and Genuine Compound Chlorine Tooth Wash had received the recommendation of some of the most respectable physicians and chemists in the U. States, AFTER it had acquired a high celebrity in our principal cities, the name was purloined to deceive the Public and assist the sale of spurious mixtures resembling the genuine in name only. There are also many preparations which partially assume the name of the genuine, such as Chlorine Dentifrice, Chlorine Tooth Paste, Florentine Tooth Wash, Orris Tooth Wash, Imperial Compound Chlorine Tooth Wash, &c. none of which have any connexion with the genuine article. The Compound Chlorine Tooth Wash has the further advantage of cleansing the mouth also; and of removing whatever is offensive in the breath. It hardens the gums and is a valuable remedy for the canker or soreness of the mouth. It may also be used with the greatest advantage as a gargle for sore throat. In fine it preserves the teeth and mouth in all respects in a clean and healthy condition. It is agreeable to the taste. Gentlemen who are in the habit of using tobacco, will find that the tooth wash will speedily remove all the effects of it from the mouth. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. July 18, 1836. 1f-16

CONSUMPTION.

Indian Specific,

FOR the prevention and cure of Coughs, Colds, Asthmas, Consumptions, Spitting Blood, and diseases of the Breast and Lungs, prepared by Doct. CLARKSON FREEMAN, of the city of Lancaster. BILL OF DIRECTION. Accompanying each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases; also particular directions respecting diet and regimen, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied by the most powerful and useful medicines, if the directions are not faithfully adhered to. The public are informed that the depositions of 287 persons have been taken, before proper authorities in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle. The price of each bottle of Indian Specific is \$1, and each envelope of the genuine Specific is signed by Dr. Clarkson Freeman, and the initials, C. F. on the seal of each bottle. None can be genuine without his signature, a base composition having been attempted to be imposed on the public by a counterfeit imitation of this extraordinary article. LITERARY PUBLICATIONS, &c.

THE LADY'S BOOK,

OR PHILADELPHIA MONTHLY MAGAZINE. SEVERAL Ladies of the highest Literary Standing in the country, have complied with the terms offered by the Publisher, and their contributions will appear in succeeding Numbers, commencing with Vol. 14. This popular periodical has now completed the sixth year and twelfth volume of publication, and still continues, as at first, the most popular work of its class. The publisher is grateful for the patronage extended to him, and will endeavor by unremitting exertions to merit it. The Lady's Book was the first publication that attempted to give correct coloured representations of the Philadelphia Fashions. The work, as stated above, has now been published for six years, and the proprietor asks a careful examination of it from the many that have been subscribers from the commencement; and their candid judgment, whether it has not been constantly improving, from volume to volume. He may with safety say, that engraving, which adorn each number, are such as would be creditable to the same class of periodicals in England. The Fashions are superior to all that those in the Court Magazine, and equal to them. If the subscription still continues to increase, greater exertions will be made.—The promises made in the commencement of the year have by far been exceeded—and this is a fact that few periodicals can boast of—the promises made in advertisements, in general, far exceeding the performance.
