### Gov. Ritner's Message.

This truly able document was laid before our readers in an extra accompanying our last paper. We are glad that our expectations to spread before the public the full and complete views of the Governor upon the subjects of the State, have been fully justified. Our thanks are due to Messrs. McCracken, McNamee and Parsons, of the Senate, and to Mr. Pease, for only copies of the Message.

For the better understanding of the message we are indebted to the Philadelphia Inquirer for the following abstract of its leading features:

**THE MESSAGE.**—The Governor commences by referring to the duty of the Executive to give to the Commonwealth and to reconnoitre its best interests, and to recommend to the Legislature the measures which he deems most conducive to the welfare of the State.

**THE MESSAGE.**—The Governor commences by referring to the duty of the Executive to give to the Commonwealth and to reconnoitre its best interests, and to recommend to the Legislature the measures which he deems most conducive to the welfare of the State.
