PUBLIC NOTICES.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-seated Saddles of the Zig Zag or W spring in the Seat,

And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals,

AND ALL KINDS OF Carriage, Wagon and Cart HARNESS

At his Old Stand in South Baltimore Street, Gettysburg.

All kinds of MARKETING taken in exchange for work.

DAVID MCREARY. December 26, 1836.

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justified in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals,

Saddle-Bags, Portmanteaus and Trunks;

Carriage, Wagon and Cart HARNESS,

with every other article in his line of business.

All kinds of MARKETING taken in exchange for work at fair prices.

PUBLIC NOTICES.

PATENT WATER-PROOF BOOTS

THE subscriber respectfully informs the public that he has purchased of the Patentee, (Mr. P. G. NAOLE, of Philadelphia,) all his right, title and interest in the County of Adams, for making, constructing, using and vending to others to be used, his patented method of making BOOTS AND SHOES COMPLETELY IMPERVIOUS TO WATER.

An article of this kind has long and anxiously been looked for by the public. The certificates are in the subscriber's possession, prove the great efficacy of this desirable desideratum. To prove the utility of this article, and its great advantages to the public, the Patentee has obtained from the American Institute two Diplomas or Premiums. The improvement renders the Leather soft and pliable and is a sure preventive against its breaking.

Public patronage is earnestly solicited.—All orders thankfully received and punctually attended to, by the subscriber, residing in Hampton, Adams county, Pa.

SOLOMON ALBERT. Hampton, March 13, 1837.

O'NEILL'S

Anti-Rheumatic Decoction

AND

LIQUIMENT,

An infallible remedy for Chronic, Inflammatory and Mercurial RHEUMATISM.

It also cures LUMBAGO and SCIATICA and is highly recommended by the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose resistless attacks the artillary of medical science has so long directed in vain.

The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been freed from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.

Letter of Dr. Jos. Getzendanner of Montgomery Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neil's Medicine.

Dear Sir:—In compliance with your request, I cheerfully add my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is nothing that I have to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the Liniment, which accompanied it, and that it has banished every vestige of Rheumatism from my frame. The afflicted would do well to resort to this remedy. Your obt. servant &c. JOSEPH GETZENDANNER, M. D.

From the Frederick Times and Dem. Advocate.

Highly Important to the Afflicted.

It will not doubt be gratifying to our readers to learn the wonderful success which has attended the use of O'Neil's Medicine, in the cure of Rheumatism, and all affections arising from an impure state of the blood. We are urged to make these remarks, not from our own knowledge of several important cures effected by his medicine, which have created general astonishment. The most important word is Postmaster, who after years of suffering, has been relieved solely by the use of Mr. O'Neil's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neil's endorser justifies us in saying that their statements merit universal credence.

From the Baltimore Chronicle.

We are not in the habit of expressing an opinion of the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other than his own testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.

The following is from the Fredericktown Herald, edited by Wm. Ogdon Niles, Esq. April 6th, 1833:

Mr. O'Neil's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been truly marvellous; a few bottles annihilating their disease with crutches, flannels and bandages, with which for years they have protected their limbs and bodies. Mr. O'Neil merits the gratitude of the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

PUBLIC NOTICES.

DR. J. CARPENTER,

BOTANIC PHYSICIAN,

RESPECTFULLY invites those who are troubled with Rheumatic pains, either chronic or inflammatory, to give him a call, having had very good success in curing Rheumatism; and having within the short space of time that he has been here had upwards of forty cases of Rheumatism under treatment, and having given relief in every case, and failed in but five or six cases of performing a complete cure—and some of these were through neglect on their part; and others to the long standing of the disease, so that no perfect cure could be expected. He would, therefore, invite those afflicted with Rheumatic pains to give him a call, and satisfy themselves. Not desiring those who are unacquainted with him to rely on his statement, but to come into his neighborhood and enquire of those who know, and satisfy themselves before they employ him.

Dr. Carpenter still continues to reside at his former residence in Liberty township, two miles North of Emmitsburgh, and two miles from Rhodes Mill, on Middle-creek. October 3, 1836.

INVALID!

ONE DISEASE has but one—An impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp foot, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with

Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS,

which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature,) that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of those Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers.
