GARLEGAN'S BALSAM OF HEALTH. Prepared only by JOHN S. MILLER, at his Drug and Medicine Store, opposite the Market House, Frederick, Md.

THIS valuable Medicine has already acquired a celebrity to which few others perhaps in so short a time ever arrived, and its extensive use for 4 or 5 years, in various parts of our Country, Cities and Towns in Maryland, Virginia, Pennsylvania, Ohio, New York, Kentucky, Missouri, South Carolina, Alabama, Georgia, and New Orleans, which has attended it with unparalleled success.

Hundreds of persons have used it, and nine out of ten cases have been permanently cured of Dyspepsia, Cholera, Nervous Tremors, Loss of spirits, Palpitation of the heart, and all those train of Diseases resulting from a disordered condition of the stomach and liver, or derangement of the Digestive functions, such as GENERAL DEBILITY or WEAKNESS, FLATULENCY, LOSS OF APPETITE, SOUR ERUCTIONS and ACIDITIES OF THE STOMACH, COSTIVENESS, HEADACHE, JAUNDICE, FLATULENT and HILIOUS COLIC, &c. &c.

To Adults and Children who are troubled with Worms, it will operate as a safe and thorough vermifuge. It is entirely Botanical in its composition, and may be used both before and after a dinner, with perfect safety, without any change of habit or diet.

A full and satisfactory Direction accompanies each Bottle, which can be had at one Dollar per Bottle, and by the quantity at a liberal Discount of the proprietor and of all his agents, which are named at the bottom of each Direction.

New testimony of its cure are frequently received, a few of which follow in this advertisement, and many more can be seen on the directions around each Bottle.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years; previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting—which increased my complaint, dyspepsia and general weakness and inability to sustain a day's labor, for two years previous to my using the Garleagan Balm, I never ate a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garleagan's Balsam of Health advertised, I was induced to try a bottle; after taking the very first dose it appeared to strengthen my stomach; and every dose of the first bottle helped me so much, that in the course of a few days my stomach began to retain and digest every thing I eat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach. Given under my hand this 11th day of January, 1834.

HENRY LOUTHAN, Frederick county, Va.

Certificate of Nicholas Weaver. This is to certify that I bought of your agent at Gettysburgh, several bottles of your valuable Balsam of Health, which completely cured me of the Dyspepsia. I had taken much of other Patent Medicines, but found no relief, until I made use of your Balsam of Health, which effected a radical cure, and I recommend it to all those who are troubled with that obstinate disorder Dyspepsia. N. WEAVER. Gettysburgh, Pa. Nov. 2, 1836.

Certificate from the Rev. D. F. Schaffer, Pastor of the Lutheran Church. JOHN S. MILLER.—Dear Sir: I deem it my duty to inform you that I consider Garleagan's Balsam of Health, prepared by you, a superior medicine. My wife has long been in a delicate state of health, and of course no means were left untried, which we could hear myself appear to us as a remedy, and patent medicine. I nevertheless consented to purchase a bottle of your Balsam of Health, and I do hereby certify that Mrs. Schaffer derived more benefit from the use of it than of any other medicine. My opinion is that if a cure can be effected, as regards the disease you mention, your Balsam will, if used in the first stage of the disease.

D. F. SCHAEFFER, E. D. Frederick; Aug. 23, 1836.

P. S. I used the Balsam in my own family and administered it to some indigent persons, and invariably found it a most efficacious vermifuge.
