Important Improvement in Spring-seated SADDLES!

FIRE Subscriber respectfully informs the Public generally, that he has purchas. of the Patent Right for making and vending Spring-Sealed Saddles of the **Uts Zas or W spring in** the Seal.

And ains a Spring attached to the Girth or Girths and to the tree. ... The saddle is made with or without a Pommel, just as persons may fancy.

addies made upon this plan are incom parably superior to any heretofore in use. in point of strength, durability and elasticisy, to the horse and rider. The application of the spring to the girth is productive of case and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also ap-plicable to LADIES. SADDLES.
