Gen. Miller's Proclamation!

FREDERICK BOYER, 1 year.

Gen. Mittan seems to suppose it necessary to clear himself of the charge of having taken conic Obligations as charged against him in the Star-thereby admitting, that if he had taken there, he could not expect his fellow-citizens to support him for office. It would give us great pleasure if he could prove that he is not guilty of the abominable caths of that bloody institution. Bu In this we fear he will fail. He cannot and does not deny that he is a Royal Arch Mason-has taken the oaths of Entered Apprentice, Pellow Craft, Master Mason and Royal Arch Mason. But he makes the following denial as to what he did not swear:-

I never did swear, or come under any obligation, as is charged in the Star, that I would promote a companion Royal Arch Mason's political proferment in preference to another of equal qualifications—nor did I ever swear or promise, that a companion Royal Arch Mason's secrets, given to me as such, and knowing them to be such, shall remain as secure and inviolable in my breast as in his own, murder and treason not excepted-nor have I ever, as a Mason or a man, come under any obligations which could have the slightest tendency to make me shrink or swerve from my country's cause, or my duties to my fellow citizens."

Now, although we would believe Gen. Miller's word in every thing but Masonry, yet we must be permitted to doubt it upon that subject when it conflicts with the OATHS of several thousand as respectable men as are in the Union. Every Mason asserts, (and it is his boast,) that Masonry is the same every where—in Europe and America, and in every country of each. Consequently, when we prove what the Royal Arch Oath is in other places, and how other Masons took it, we prove what Gen. Miller swore,

In the Legislative Investigation, in the session of 1835-6, every witness examined (about a dozen SWORE that the Royal Arch Oath contained the following clauses:-"I furthermore promise and swear, that I will assist a Companion Royal Arch Ma son when I see him engaged in any difficulty, and espouse his cause so far as to extricate him from the same, WHETHER HE HE RIGHT OR WRONG." "I furthermore promise and swear, that I will keep ALL THE SECRETS of a

to be such,) WITHOUT EXCEPTION." "I furthermore promise and swear, that I will EMPLOY a Companion Royal Arch Mason in preference to any other person of equal qualifications,"—that "I Total amount required to complete State works, will support the POLITICAL PREFERMENT OF A ROYAL ARCH MASON IN PREFERENCE TO ANY OTHER PERSON OF EQUAL QUALIFI-CATIONS." [See 2nd Vol. Journal House of Representatives of 1835-6, page

After these oaths were proved by numerous witnesses to be taken by ALL Royal Arch Masons, Gen. MILLER was called by the Committee, and requested to be sworn, to say whether these things were TRUE OR NOT. BUT HE BEFUSED TO BE SWORN, AND STOOD MUTE! Will any man now believe his vague assertions, when he then had an opportunity TO STATE THE TRUTH UNDER OATH ? If these things had been false HE WOULD HAVE SWORN IT! But, although he denies when not under oath, he was not prepared to swear it. He was like another witness in that investigation, Mr. Allen Wann, of Philadelphia; The book was tendered to him and he was asked to be sworn to "tell the truth, the whole truth, and nothing but the truth." He declined, but stated "that the institution of Free-Masonry was Charity, and that he had never seen any harm grow out of it, nor had he ever seen any thing political about it"-The Chairman remarked, "perhaps you had better swear to that"-"BUT THE WITNESS STILL REFUSED TO BE SWORN TO WHAT HE HAD JUST STATED!!" Second Vol. House of Representa-

No reliance, therefore, can be placed on these general denials of Masons not under oath. Indeed, they have taken a secure oath thus to deny! The General would do well never again to deny the "Disclosures." until he is ready to testify to it under oath.

General Miller and the Bank!

C'Gen. MILLER says, he was once in favor of the U. S. Bank, but is now opposed to it. What happened to make him opposed to it who was once its friend? While it was a National Bank, many opposed it on Constitutional grounds; but now it is a Pennsylvania institution, it would be supposed that its former friends at least would not object to it-especially in these times of distress when many think the only remedy is a National Bank. The truth is, the General wants votesand thus he will take such side as may suit the times!

Extravagant Expenditure of the People's Money!!!

This evident that the object of the Van Buren party throughout the State, is to pass the most wasteful and extravagant appropriation bill—to squander the Public Money, so as to bring the Governor into difficulty and hurt his next election! No matter what their professions are while andidates, when elected the whole party go together, and do any act which they think will embarrass the Executive. Last year, the Van Buren candidates of this County professed to be the friends of Economy. When elected, they voted for the following most wasteful bills, and did scarcely any thing after all towards completing the Public Works under contract! So they will do this. Elect shem, and although one of them, we understand, professes to be opposed to all appropriations, avan TO PERISBING THE WORK UNDER CONTRACT, yet depend upon it, THEY WILL VOTE FOR ANY THING TO GIVE TROUBLE TO GOVERNOR RITNER! The following are the monstrous bills passed by the Van Buren House of Representatives, an arrested, the one by an honest Governor; the other by an honest Senate:
