

ADVERTISEMENTS.

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making Spring-seat SADDLES.

SADDLES!

Notwithstanding the prejudices against these Saddles heretofore, he feels justified in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-Bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-seated Saddles of the Zig Zag or W Spring in the Seat, And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS.

DAVID MCREARY. December 26, 1836.

INVALID!

ONE DISEASE has but only one impurity of the Blood, which by impeding the circulation brings on pain or derangement in the organs or part where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all and in impurity of the blood and only effect to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with

Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS, which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature,) that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York City, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the disorganizing disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists, to destroy the name of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers.

JACOB A. WINROTT, Gettysburg, BENI ZIEGLER, York, HENRY SIDLE, Dillsburg, York Co. CRULL & BARTON, Lewisburg, York Co. WM. GILMORE, Chambersburg, JOHN SHAFFNER, Lancaster.

Dr. Brandreth's Office are 169 Race street above 5th street, and 43 Chesnut street above 2d street, Philadelphia.

CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeits for sale in their stores.

DR. J. CARPENTER, BOTANIC PHYSICIAN,

RESPECTFULLY invites those who are troubled with Rheumatic pains, either chronic or inflammatory, to give him a call, having had very good success in curing Rheumatism; and having within the short space of time that he has been here had upwards of forty cases of Rheumatism under treatment, and having given relief in every case, and failed in but five or six cases of performing a complete cure—and some of these were through neglect on their part; and others to the long standing of the disease, so that no perfect cure could be expected. He would, therefore, invite those afflicted with Rheumatic pains to give him a call, and satisfy themselves. Not desiring those who are unacquainted with him to rely on his statement, but to come into his neighborhood and enquire of those who know, and satisfy themselves before they employ him.

Dr. Carpenter still continues to reside at his former residence in Liberty township, two miles North of Emmitsburg, and two miles from Rhodes Mill, on Middle-creek. October 3, 1836.

MORRISON'S PILLS.

R. FENNER, General Agent for Pennsylvania, Maryland, Delaware, &c., 31-2 south 7th st., three doors below Market st., Philadelphia, No. 10, North st., Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF HEALTH LONDON.

WHICH have obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, the Delirium Tremens, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female form is so distressingly liable, and which send so many of the fairest portion of creation to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Strictures, ruptures, and Syphilis in all its stages; Constipated Bowels, Watery Secrecy, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so dreadfully subject, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—In which

springe every complaint that can possibly assail his complicated frame; and that it is the perpetual struggle of this vital, pure steam of life (the gift of Almighty power) to disencumber itself of its viscous acid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the most tenacious of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure, that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely swallowing a certain number of pills and being careful to abstain from the purposes of recreation, with the least possible sensation of pain, exhaust of bodily strength, and without the fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.

These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country. These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take to sea, preventing scurvy, costiveness, &c.

The operation of this medicine is such, that it conveys immensity of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritabilities, and restlessness, from whatever source—complaints which have hitherto been properly understood, as the Hygienists have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purging, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a tedious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and sedentary, who pursue their avocations so much, and who find a more speedy cure in the Universal Medicines for the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well, when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the bilious rosy humors, whilst the No. 2 pills carry off the dark, the serous acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue to the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimonious phlegm, &c. coating, and allying the thirst. One, two, or three powders may be taken throughout the day, mixed in half a tumbler of water.

The pills are sold in packets of 31, 32 and 33, and 25 and 50 cent boxes—the two former consist of three boxes each, viz. one box of No. 1, and two boxes of No. 2—the latter, one large box with a division; the powders are in separate boxes at 37 1/2 cents each.

In consequence of the repeated solicitations of the Agents, boxes of 50 cents, and 25 cts each, can now be had of all the Agents.

MORRISONIANA, the Family Adviser of the British College of Health, 3d Edition, price 37 1/2; and PRACTICAL PROOFS of the Hygienic System of Physiology, including the "Origin of Life," "Treatise on Small Pox," "Letter on Cholera Morbus," and many other curious articles in this country, as well as in Great Britain. 6th Edition, price 37 1/2 cents.

The Hygienic Medicines are all imported into this country at a great expense, notwithstanding which, they are sold at the same price as in England. They have been six years before the American public; their prominent success in the relief of the afflicted, thousands can testify to.

CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeits to attempt imitations under deceptive terms thus to delude the unwary, and fust their nostrums for the Genuine Hygienic Medicine; in consequence of which the Agent has taken the precautionary measure of having an Extra Yellow Label fixed on each Packet, signed by the Agent of each State and District, and by their Sub-Agents, in every County; the imitation of which will subject the forger to the severest punishment the Law can inflict; and it is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principal source through which the Counterfeits send their spurious articles.

Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 31 SOUTH SEVENTH STREET, three doors below Market street, Philadelphia; and at No. 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicines may always be obtained.

O'NEILL'S Anti-Rheumatic Decoction

AND LIMENT, AN INFALLIBLE REMEDY FOR Chronic, Inflammatory and Mucous RHEUMATISM.

It also cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

THE undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose resistances attacks the artillery of medical science has so long been directed in vain.

The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.

Letter of Dr. Jos. Gotzendorfer of Montgomery Co. Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine.

Dear Sir:—In compliance with your request, I cheerfully give my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that would reach my disease. It is unnecessary here to state in detail, how much it relieved; suffice it to say, that I suffered great pain, and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the Liment, which accompanies it, and that it has banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy.

Your obt. servant &c. JOSEPH GETZENDANNER, M. D.

From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted.

It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained Rheumatic Decoction, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that would reach my disease. It is unnecessary here to state in detail, how much it relieved; suffice it to say, that I suffered great pain, and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the Liment, which accompanies it, and that it has banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy.

Your obt. servant &c. JOSEPH GETZENDANNER, M. D.

From the Baltimore Chronicle. We are not in the habit of expressing an opinion of the efficacy of Patent Medicines, but in this case, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other than his own testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.

The following is from the Fredericktown Herald, edited by Wm. Ogdon Niles, Esq. April 6th, 1833:

Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his prospectus, and highly respectable individuals who have been cured by it, we are of opinion that it is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been truly marvellous; a few bottles enabling them to dispense with crutches, flannels and bandages, with which for years they have protracted their limbs and bodies. Mr. O'Neill merits the gratitude of the afflicted, and the testimony of his medical brethren for his humane and disinterested efforts generally attached to vendors of patentees.
