Addresses will be delivered, and the merits of the cause discussed.

PETER P. BERCAW, Sec'y.
October 20, 1837.

TEACHERS WANTED.

PROPOSALS will be received by the subscriber for SIX TEACHERS, for Germany township, between now and the first of November next.

J. C. FORREST, Pres't.
October 13, 1837.

DR. STOUSE'S INFANT DROPS,

a safe, effectual and speedy remedy for the diseases of young children, such as colic, convulsions, restlessness, griping, disordered bowels, green stools, sour vomiting, flatulency, &c. This article is not a new invention, but one whose merits has been tested by time, and found fully adequate to the purposes for which they are recommended.

Price 25 cents a bottle, and for sale at the Drug Store of

Dr. J. GILBERT.
June 30, 1837. 14-13
Dr. J. GILBERT, Gettysburg.
August 18, 1847. 15-20

DR. BUTLER'S EFFERVESCENT MAGNESIAN APERIENT,

for Biliousness or indigestion, nervous debility, headaches, acidity of the stomach, habitual constiveness, cutaneous diseases, &c. &c. and much valuable as a general purgative, an article highly recommended by the Faculty, has just been received at the Drug Store of

Dr. J. GILBERT.

PUBLIC NOTICES.

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased **Mr. Callihan's Patent Right** for the use of his valuable improvement in making

Spring-seat SADDLES.

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.— That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can arise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF SADDLES, Bridles, Martingals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS.

At his Old Stand in South Baltimore Street, Gettysburg.

For All kinds of MARKETING taken in exchange for work.

DAVID M'CREARY.

INVALID!

ONE DISEASE has but only an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of blood settles.

IT is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that those diseases have not their origin in impurity of the blood, yet the effect is the same—they all impure the blood, and our only object is to prevent the irritating influence being kept up, in continually purging the body, as long as any unpleasant symptoms remain, with

DR. BRANDRETH'S VEGETABLE UNIVERSAL PILLS.

which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, [because consistent with our nature,] that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers.

**JACOB A. WINROTT, Gettysburg,
BENJ. ZIEGLER, York,
HENRY SIDLE, Dillsburg, York Co.

WM. GILMORE, Chambersburg,
JOHN SHAFNER, Lancaster.**

DR. J. CARPENTER, BOTANIC PHYSICIAN.

RESPECTFULLY invites those who are troubled with Rheumatic pains, either chronic or inflammatory, to give him a call, having had very good success in curing Rheumatism; and having within the short space of time that he has been here had upwards of forty cases of Rheumatism under treatment, and having given relief in every case, and failed in but five or six cases of these were through neglect on their part; and others to the long standing of the disease, so that no perfect cure could be expected. He would, therefore, invite those afflicted with Rheumatic pains to give him a call, and satisfy themselves. Not desiring those who are unacquainted with him to rely on his statement, but to come into his neighborhood and enquire of those who know, and satisfy themselves before they employ him.

Dr. Carpenter still continues to reside at his former residence in Liberty township, two miles North of Emmitsburg, and two miles from Rhodes Mill, on Middle-creek.

October 3, 1836. 11-27

VAUGHAN & PETERSON'S RED LINIMENT, an article superior to all other applications for Rheumatism, chilblains, sprains, numbness of the limbs, weakness and stiffness of the joints, sore throat, &c., which has effected cures in several cases which had baffled the most respectable medical aid.

Price 50 cents a bottle, to be had at the Drug Store of

Dr. J. GILBERT.

PUBLIC NOTICES.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending **Spring-Seated Saddles of the Zig Zag or W Spring in the Seat,** And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for their very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF SADDLES, Bridles, Martingals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS.

At his Old Stand in South Baltimore Street, Gettysburg.

Illustration of Health.

BEAUTIFUL HEAD OF HAIR

is the greatest ornament belonging to the human frame. How affecting the loss of it changes the countenance and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even to shun society to avoid the jeers and sneers of their acquaintance; the remainder of their lives are consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair.

To avert all these unpleasant circumstances, OLDRIAGE'S BALM OF COLUMBIA stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm, are shown by the proprietors.

Read the following:
ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentlemen. The undersigned do hereby certify that we have used the Balm of Columbi discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative.

WM. THATCHER, senior, Methodist Minister in St. George charge, No. 86 North Fifth street.
JOHN P. INGLIS, 331 Arch street.
JOHN D. THOMAS, M. D. 123 Race st.
JOHN S. FUREY, 101 Spruce st.
HUGH McCURDY, 243 South 9d st.
JOHN GARD, Jr. 123 Arch st.

The aged, and those who persist in wearing wigs, may not always experience its restorative qualities, yet it will certainly raise its virtues in the estimation of the public, when it is known that, three of the above signers are more than 50 years of age, and the others not less than 30.

COMMONWEALTH OF PENNSYLVANIA, City of Philadelphia.
I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify, that I am well acquainted with Messrs. J. P. Inglis, John S. Furey, and Hugh McCurdy, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such full credit should be given to the said certificate. In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed, [L. S.] this 6th day of December, &c.

ROBERT WHARTON, Mayor.
OBSERVE that each bottle of the Ointment of Balm has a splendid engraved wrapper, on which is represented the Falls of Niagara, &c. &c.
For sale at wholesale by **CONROCK & Co. Sole Agents for America, New York, and by most druggists throughout America.**

Piles or Hemorrhoids.

TO THE AFFLICTED PUBLIC.
IT is considered of great importance for the Public to know the following facts:
About four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, on his death bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Hays' Liniment, and enjoined that all who would use one bottle for the Piles, and return the empty bottle, should have the price refunded.

Since that time, upwards of fifty thousand bottles have been sold, out of which, not ten have been returned, and those only because the persons did not use it properly! Such wonderful success, probably, never attended any other article. It is now determined by the proprietor, that the public shall be made more fully acquainted with its virtues, so that those suffering with that dreadful complaint may avail themselves of it.

There are many thousand certificates of the most respectable and authentic character, many of which may be examined where the article is sold. It is used as an external application, and for many other complaints enumerated in the wrapper, is considered remarkably effective; but for the Piles it has no equal, and the agents are now bound to refund in all cases where it does not cure. It is being used in Hospitals in our principal cities with great effect.

NO FICION.—This extraordinary chemical composition, the result of science and the invention of a celebrated and medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant S. Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:
For Dropsy.—Creating extraordinary absorption at once.
All Swellings.—Reducing them in a few hours.
Rheumatism.—Acute or Chronic, giving quick relief.
Sore Throat.—By cancers, ulcers or colds.
Grip and Whooping Cough.—Externally and over the chest.

All Bruises, Sprains, and Burns, curing in a few hours.
Sores and Ulcers.—Whether fresh or long standing, and Fever sores.
Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest, by relaxation of the parts, has been surprising beyond conception.—The common remark of those who have used it in the Piles, is, "it acts like a charm."

It is used only as an external application, and its sovereign power in curing the above named complaints, is justified by scientific principles.
CAUTION.—Observe that each bottle of the genuine has a splendid engraved wrapper with the name of Mr. Hays and Comstock & Co. on it.

PUBLIC NOTICES.

MORRISON'S PILLS.

General Agent for Pennsylvania, Maryland, Delaware, &c., 3-2 south 7th st., three doors below Market st., Philadelphia, and No. 10, North st., Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF HEALTH, LONDON!

WHICH have obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloroux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, which the female form is so distressingly liable, and which send so many of the fairest portion of creation to their untimely graves: Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Gout, and all Urinary Obstructions, Fistula, Piles, Stricture, and Syphilis in all its stages; Constipated Bowels, Worms, Scoury itching of the skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so dreadfully subject, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD.—from which springs every complaint that can possibly assail his complicated frame; and that it is his perpetual struggle with the vital, purgative force of the (Gift of Almighty Power) to disengage himself of its vicious serid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungentle to the nature of man, and therefore destructive to the human frame), is found to be perfectly harmless, and its operation is more rapid, and under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure, that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely swallowing a certain number of pills and being called a few extra times to the purposes of evacuation, with the least possible sensation of pain, exhausts all of the morbid humors, and without the fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.

These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the delicate, the feeble, the infirm, and the nervous, do not require any extraordinary strength by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take to sea, preventing scurvy, costiveness, &c.

The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose, is so beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritabilities, and restlessness, from whatever source they are derived, and which have hitherto not been properly understood, as the Hygienic have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, enring, and preventing.

The being cured of any disease, infirmity, or scurvy, is now no more a dubious or uncertain proceeding; perseverance in the Vegetable Universal Medicine will always restore to the most delicate and healthy state, the sedentary, of both sexes, whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicine for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be prepared in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, and the other is a more powerful, but equally mild and gentle aperient, or opening medicine, and the latter is particularly adapted for the elderly and infirm.

O'NEILL'S

Anti-Rheumatic Decoction AND LINCTIVENT, An infallible remedy for Chronic, Inflammatory and Mucous RHEUMATISM.

It also cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, GOUT, RHEUMATISM OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

THE undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken, &c. &c. according to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose restless attacks the artillery of medical science has so long been directed in vain. The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigor. Its mildness, erudity and simplicity must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and who have the honesty to give it the character it so justly merits.

Letter of Dr. Jos. Gotzendorfer of Montgomery Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine.

Dear Sir:—In compliance with your request, I cheerfully give my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the Liniment, which accompanied it, and that it has been the means of my recovery from my frame. The afflicted would do well to resort to this remedy, your ob't. servant &c.

JOSEPH GETZENDORFER, M. D.

From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted. It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are urged to make these remarks, not from the certificates of unknown persons, but from our own knowledge of several distinguished characters who have been cured by the use of this medicine. The most important one is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's endeavors justify us in saying that their statements merit universal credence.
