NOTICE TO BRIDGE BUILDERS

SEALED Proposals will be received by the Commissioners of Adams county, at the house of Francis Leas, Esq., in Littlestown, Germany township, on Saturday the 11th day of November next, between the hours of 9 o'clock, A. M., and 2 o'clock, P. M., for the erection of a good and substantial

WOODEN BRIDGE

across Little Conowago Creek, near Michael Kitzmiller's Mill, on the road leading from Littlestown to Hanover, of the following dimensions, to wit:—To contain in length, from one abutment to the other, 65 feet span, and of single arch, and 16 feet wide in the clear, the abutments to be 8 feet thick each, and 21 feet wide, and 6 feet 6 inches high from the bed of the creek, where the Bridge is to cross the stream; wing-walls on the east side to be 40 feet long each, on the west side 50 feet long each, the wing-walls to be 34 feet thick at the bottom, and 2 feet on the top; wing-walls to be 34 feet higher than filling up; the wing-walls to be under a good parapet covering, with white pine boards of at least 1 inch thick, and well painted with red paint; the abutments and wing-walls to be built on rocks or otherwise on good foundations; the Bridge to be 16 feet wide in the clear; 124 feet high from the floor to the square; the sides, and part of the ends, to be weather boarded with white pine boards, planned and painted a good Venetian red; the arch to be planked with white pine plank, and on top with 2 inch oak plank, to extend the full breadth of the Bridge; lower plank to be pinned, and the whole to be covered with white pine shingles; the wood work to be built of good and substantial timber; the stone work of large and good stone, lime and sand mortar, and well pointed; the roof of the Bridge to extend over both abutments; the Bridge to be built on the same plan as the Bridge over great Conowago Creek, (near Henry Myers' Mill, on the road leading from Oxford to Carlisle); the space between the wing-walls and abutments to be well filled up, so as to have a gradual ascent arising on to said Bridge, not exceeding five degrees elevation from the road to said Bridge; the Bridge in the inside to be weatherboarded 24 feet high from the floor of the Bridge, with boards 1 inch thick.

The party contracting for building said Bridge, to give security to double the amount of the contract, for the faithful performance of the workmanship, and permanency of said Bridge.

By order of the Commissioners, WM. KING, Clerk. Oct. 20.

PUBLIC NOTICES.

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can arise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS,

with every other article in his line of business.

THRASHING MACHINES.

Important to Farmers! THE Subscriber hereby informs the Farmers of Adams County, that he has purchased

Everling's Patented Spike THRASHING MACHINE and Horse Power,

by which he is enabled to thrash more grain than can be done in the same time by any other machine in the County. It is so constructed that it can easily be taken from place to place, and requiring but a small barn to hold it. From 260 to 300 bushels of grain can be thrashed in a day's work, and warranted to thrash the grain as clean as can be done in any other way.

The machine can be seen in operation at any time at his residence in Mountjoy township, near the turnpike, three miles west of Littlestown.

As the subscriber has three of the above machines which he is desirous of keeping in operation, he gives notice that he will attend at any place in the County and thrash Rye and Wheat at 3 cents per bushel, and Oats at 2 cents. Those wishing to have work done, will inform him as soon as convenient.

The subscriber would also state that he has on hand several of the above MACHINES, which he will dispose of, together with either Barn or Township Rights, on accommodating terms.

PUBLIC NOTICES.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-Seated Saddles of the Zig Zag or W spring in the Seat,

And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS

At his Old Stand in South Baltimore Street, Gettysburg.

INVALID!

ONE DISEASE hast thou only—an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or parts where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent fever or fall, damp feet, indigestion, pain in the head, &c.—but although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with

DR. BRANDRETH'S VEGETABLE UNIVERSAL PILLS, which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature), that they have acted rightly, the result having been sound health.

About ten thousand persons can be referred to in New York City, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of those Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for lists of agents of other counties see their respective papers.

JACOB A. WINROTT, Gettysburg, BENJ. ZIEGLER, York, HENRY SIDLE, Dillsburg, York Co., CRULL & BARTON, Lewisburg, York Co., WM. GILMORE, Chambersburg, JOHN SHAFFNER, Lancaster.

Dr. Brandreth's Offices are 169 Race street above 5th street, and 43 Chestnut street above 2d street, Philadelphia.

Persons of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeiters for sale in their stores. May 1, 1837. ly-5

DR. J. CARPENTER, BOTANIC PHYSICIAN,

RESPECTFULLY invites those who are troubled with Rheumatic pains, either chronic or inflammatory, to give him a call, having had very good success in curing Rheumatism; and having within the short space of time that he has been here had upwards of forty cases of Rheumatism under treatment, and having given relief in every case, and failed in but five or six cases of performing a complete cure—and some of these were through neglect on their part; and others to the long standing of the disease, so that no perfect cure could be expected. He would, therefore, invite those afflicted with Rheumatic pains to give him a call, and satisfy themselves. Not desiring those who are unacquainted with him to rely on his statement, but to come into his neighborhood and enquire of those who know, and satisfy themselves before they employ him.

Dr. Carpenter still continues to reside at his former residence in Liberty township, two miles North of Emmittsburg, and two miles from Rhodes Mill, on Middle-creek. October 3, 1836. tf-27

MORRISON'S PILLS.

R. FENNER, Maryland, Delaware, &c. 3-1-2 south 7th st., three doors below Market st., Philadelphia, and No. 11, North st., Baltimore, near the Post Office.

RECALCIBATED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF HEALTH, LONDON.

WHICH have obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Dolorous, Dropsy, Green Stools, Epilepsy, Apoplexy, Paralysis, St. Vitus's Dance, &c., and all obstructions, to which the female form is so distressingly liable, and which send so many of the fairest portion of creation to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Arthritis, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistulas, Piles, Strictures, ruptures, and Syphilis in all its stages; Consumptive Bowels, Worms, Scarcity, Itching of the Skin, King's Evil, and cutaneous disorders, in almost every complaint to which the human frame is so dicitly subject, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—fr. m which springs every complaint that can possibly assail his complicated frame; and that it is the perpetual struggle of this vital pure steam of life (the gift of Almighty power) to dismember itself of its viscous acid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are incongenial to the nature of man, and therefore destructive to the human frame), is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, and clears the body of humors, and invariably produces sound sleep; they are the safest and most efficacious medicine to take to sea, preventing scurvy, costiveness, &c.

The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritabilities, and restlessness, from whatever source—complaints which have hitherto not been properly understood, as the Hygienists have found them all to proceed from scrofulous humors in the blood, and, happily for the present, and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease of purity, or sore, is now no more a dubious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and studious, of both sexes, whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines, which require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the rosy humors, whilst the No. 2 pills carry off the dark and acrid and putrid humors incidental to the body; and act together as a ferret in a warren, never resting until every avenue to the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the scrofulous plugs, are cooling, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

O'NEILL'S Anti-Rheumatic Decoction

AND LINIMENT, An Infallible remedy for Chronic, Inflammatory and Mucous RHEUMATISM.

It also cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITSWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and a gainst whose restless attacks the artillery of medical science has so long been directed in vain.

The rare and salutary merit of this preparation, its nervine powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have been happily to give it the character it so justly merits.

Letter of Dr. J. Gatzendanner of Montgomery Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine.

Dear Sir:—In compliance with your request, I cheerfully allow my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the liniment, which accompanied it, and that I have banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy.

JOSEPH GETZENDANNER, M. D. From the Frederick Times and Dem. Advocate.
