Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-seated Saddles of the Zig Zag or W' spring in the Seat, And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy. Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martin-gals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS At his Old Stand in South Baltimore Street, Gettysburg.

All kinds of MARKETING taken in exchange for work. DAVID M'CREARY. December 26, 1836.

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Coltham's Patent Right for the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.— That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS, with every other article in his line of business.

All kinds of MARKETING taken in exchange for work at fair prices. EDWIN A. ATLEE. Gettysburgh, Jan. 16, 1837.

INVALID!

STONE DISEASE last thou only—an impurity of the Blood, which by impeding the circulation brings on pain or degeneration in the organs or part where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and only obey to prevent the irritating influence being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS, which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any disease is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature,) that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing character, and when to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists, to destroy the name of Doctor Brandreth's Vegetable Universal Pills, by selling counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers. JACOB A. WINROTT, Gettysburgh, BENJ. ZIEGLER, York, HENRY SIDLE, Dillsburgh, York Co. CRULL & BARTON, Lewisburgh, York Co. WM. GILMORE, Chambersburgh, JOHN SHAFFNER, Lancaster.

Dr. Brandreth's Offices are 169 Race street above 5th street, and 43 Chestnut street above 2d street, Philadelphia.

CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, unless they are so many counterfeits sold in their stores. May 1, 1837.

A BEAUTIFUL HEAD OF HAIR

is the grandest ornament belonging to the human frame. How strongly the loss of it changes the countenance and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even to shun society to avoid the jests and sneers of their acquaintances; the remainder of their lives are consequently spent in retirement. In short, not even youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, OLDRIDGE'S BALM OF COLOMBIA stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning grey, whisks it out beautifully, and keeps it from falling out.

The undersigned do hereby certify that I am well acquainted with Messrs. J. P. Inglis, John S. Furey, and Hugh McCurdy, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such full credit should be given to the said certificate.

In witness whereof, I have hereunto set my hand, and caused the seal of the City to be affixed, [L. S.] this sixth day of December, &c. ROBERT WHARTON, Mayor.

Letter of Dr. Jos. Gozondanner of Montgomery Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine:

Dear Sir:—In compliance with your request, I cheerfully add my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discharging that the "Marech Medicines" contained nothing that would reach my disease. It is unnecessary for me to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic Medicine, and two phials of the Liniment, which accompanied it, and that it has effected every vestige of Rheumatism from my frame. The afflicted would do well to resort to this remedy. Your ob't. servant &c. JOSEPH GETZENBANNER, M. D.

From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted. It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are obliged to our friends, to state that he has had the most surprising effects. The inventor is to be placed; but he has the greatest reliance can be placed; but he has the most convincing testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.

The following is from the Fredericktown Herald, edited by Wm. Ogdon Niles, Esq. April 6th, 1837: Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with rheumatic and inflammatory rheumatism have been truly marvellous: a few bottles enabling them to dismount with crutches, flannels and bandages, which for years they have protected their limbs and bodies. Mr. O'Neill merits the gratitude of the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

Combination of Literary Talent: MRS. HALE & MISS LESLIE.

THE LADY'S BOOK, Having a larger circulation than any other Monthly Periodical in America. A colored picture of the LATEST FASHIONS in every number.

IMPORTANT ANNOUNCEMENT!—It was with sincere pleasure that the public met in the last session the arrangement by which the Lady's Book and Ladies' American Magazine were united, and to be edited by Mrs. SARAH J. HALE. It is with equal pleasure that he now informs the patrons of the work, that he has made an arrangement with Miss LESLIE, Author of Pencil Sketches, &c. &c., who will be connected with Mrs. Hale in editing the pages of the Lady's Book. Her powerful aid will commence with the January No. 1838 in addition to the above every number of the work next year will contain a Plate of SUPERBLY COLOURED FASHIONS.

The subscriber endeavors by extraordinary exertions to select his materials for the very many favors which he has received from his kind friends, the public. From among the many female writers of America, perhaps no two Ladies could have been selected, whose varied talents are so well calculated to adorn a work like the Lady's Book. It is also mentioned that Mrs. SIGOURNEY, the Heroine of America, and GRENVILLE M'ELLEN, are contributors to the poetical department, it will be useless to waste argument in endeavoring to show what is apparent to the eye. The Lady's Book will stand unrivalled among the periodicals of the country.

Each number also contains two pages of FASHIONABLE MUSIC—in many cases original. TERMS.—The terms of the Lady's Book are \$3 per annum, or two copies for \$5, payable in advance. All orders must be addressed to LOUIS A. GODFREY, Literary Rooms, Chestnut st. one door below 7th, Philadelphia.

As the publisher of the Lady's Book is connected with the other popular periodicals, he suggests for the purpose of remittance, the following system of CLUBBING: Lady's Book and Pencil Sketches, for \$5 Do. and Butler's Novels, 5 Do. and Marryatt's Novels, 5 Do. and Saturday News, 5 Do. and Celebrated Trials, 5 Butler's and Marryatt's Novels, 5 Do. or Marryatt's Novels and Celebrated Trials, 5 Do. and D'Israeli's Novels, 5 Marryatt's and Do 5 October 27, 1837.

Anti-Rheumatic Decoction and RHEUMATISM.

It also cures LUMBAGO and SCIATICA, and will be cured by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and power of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose resistless attacks the artillery of medical science has long been directed in vain.

The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from painful and distressing diseases to health, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.

HEALTHY SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES. THE BEST TRIESTE COLLEGE OF HEALTH, LONDON!

WHICH have obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Dolorieux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female sex is so dangerously liable, and which send so many of the fairest portion of creation to their untimely graves: Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Pileus, Stricture, ruptures, and Syphilis in all its stages; Constipated Bowels, Worms, Scourvy, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD.—From which springs every complaint that can possibly assail his complicated frame; and that it is the perpetual struggle of this vital, pure stream of life (the gift of Almighty power) to disencumber itself of its viscous acid humors, with which it has become contaminated.

This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungenial to the nature of man, and therefore destructive to the human frame.)

is found to be perfectly harmless under every stage of human suffering; the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure, that has ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely swallowing a certain number of pills and being called large doses, and the purpose of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.

These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, that every use of them has already proved a truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take to sea, preventing sickness, and sea-sickness, and the most salutary medicine, which is taken to sea, preventing sickness, and sea-sickness, and the most salutary medicine, which is taken to sea, preventing sickness, and sea-sickness.
