PUBLIC NOTICES.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-Seated Saddles of the Zig Zag or W spring in the Seat,

And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, AND ALL KINDS OF Carriage, Wagon and Cart HARNESS

At his Old Stand in South Baltimore Street, Gettysburg. All kinds of MARKETING taken in exchange for work. DAVID M'CREARY. December 26, 1836. 1t-69

Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justified in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.— That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety. N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-Bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS,

with every other article in his line of business. All kinds of MARKETING taken in exchange for work at fair prices. EDWIN A. ATLEE. Gettysburg, Jan. 16, 1837. 1t-42

NOTICE TO BRIDGE BUILDERS

SEALED Proposals will be received by the Commissioners of Adams county, at the house of Francis Leas, Esq., in Littlestown, Germany township, on Saturday the 11th day of November next, between the hours of 9 o'clock, A. M., and 2 o'clock, P. M., for the erection of a good and substantial

WOODEN BRIDGE

across Little Conawago Creek, near Michael Kitzmiller's Mill, on the road leading from Littlestown to Hanover, of the following dimensions, to wit:—To contain in length, from one abutment to the other, 65 feet span, and of single arch, and 16 feet wide in the clear, the abutments to be 8 feet thick each, and 21 feet wide, and 6 feet 6 inches high from the bed of the creek, where the Bridge is to cross the stream; wing-walls on the east side to be 40 feet long each, on the west side 50 feet long each, the wing-walls to be 3 1/2 feet thick at the bottom, and 2 feet on the top; wing-walls to be 3 1/2 feet higher than filling up; the wing-walls to be under a good parapet covering, with white pine boards of at least 1 inch thick, and well painted with red paint; the abutments and wing walls to be built on rocks or otherwise on good foundations; the Bridge to be 16 feet wide in the clear; 12 1/2 feet high from the floor to the square; the sides, and part of the ends, to be weather boarded with white pine boards, planed and painted a good Venetian red; the arch to be planked with white pine plank, and on top with 2 inch oak plank, to extend the full breadth of the Bridge; lower plank to be pinned, and the whole to be covered with white pine shingles; the wood work to be built of good and substantial timber; the stone work of large and good stone, lime and sand mortar, and well pointed; the roof of the Bridge to extend over both abutments; the Bridge to be built on the same plan as the Bridge over great Conawago Creek, (near Henry Myers' Mill, on the road leading from Oxford to Carlisle); the space between the wing-walls and abutments to be well filled up, so as to have a gradual ascent arising on to said Bridge, not exceeding five degrees elevation from the road to said Bridge; the Bridge in the inside to be weatherboarded 2 1/2 feet high from the floor of the Bridge, with boards 1 inch thick.

The party contracting for building said Bridge, to give security to double the amount of the contract, for the faithful performance of the workmanship, and permanency of said Bridge.

By order of the Commissioners, WM. KING, Clerk. October 20, 1837. 1t-20

INVALID!

ONE DISEASE has two only—an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with

Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS, which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature,) that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite nature, and where to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts to produce, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers. JACOB A. WINROTT, Gettysburg, BENJ. ZIEGLER, York, HENRY SIDLE, Dillsburg, York Co, CRULL & BARTON, Lewisburg, York Co, WM. GILMORE, Chambersburg, JOHN SHAFFNER, Lancaster.

Dr. Brandreth's Offices are 169 Race street above 5th street, and 43 Chesnut street above 2d street, Philadelphia.

CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeits for sale in their stores. May 1, 1837. 1y-5

O'NEILL'S

Anti-Rheumatic Decoction AND REMEDY, An infallible remedy for Chronic, Inflammatory and Acute RHEUMATISM.

Also cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an impure state of the blood.

The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against which the medical art has long been directed in vain.

The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonial evidence which has long been directed in vain.

The afflicted would do well to resort to this remedy, your obt. servant &c. &c. JOSEPH GEYZENDANNER, M. D.

From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted. It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are urged to make these remarks, not from the certificates of unknown persons, but from our own knowledge of several important cases effected by his medicine, which has created general astonishment. The most important one is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's ointments justify us in saying that their statements merit universal credence.

From the Baltimore Chronicle. We are not in the habit of expressing an opinion of the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has the most important testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.

The following is from the Fredericktown Herald, edited by Wm. Ogdon Niles, Esq. April 6th, 1833: Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion of the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been truly marvellous; a few bottles enabling them, with ease and without pain, to have protected their limbs which for years they have protected their limbs with crutches, flannels, and bandages, with the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

MORRISON'S PILLS.

R. FENNER, General Agent for Pennsylvania, Maryland, Delaware, &c. 31-2 South 7th at, three doors below Market st., Philadelphia, and No. 10, North at, Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF MEDICINE LONDON

WHICH have obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female form is so distressingly liable, and which send so many of the fairer portion of creation to their untimely graves. Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Strictures, ruptures, and Syphilis in all its stages; Constipated Bowels, Worms, Scoury, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so diversely subject, under all their varied forms and names, and the Hygienic System, the severest of which will subject to ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—in which springs every complaint that can possibly assail his complicated frame; and that it is the perpetual struggle of this vital, pure steam of life (the gift of Almighty power) to disseminate itself of its viscous acid humors, with which it has become commingled.

The valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungenial to the nature of man, and therefore destructive to the human frame), is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure! that has ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely swallowing a certain number of pills and being called a few days to the purposes of evacuating the bowels, with the least possible exertion, and without the least strength, without the least fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.

This pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive as that testimony is, it has not been confined to this country. These medicines are a true and a long-continued cure, where the medicine is taken agreeably to the directions which accompany each bottle.

The operations of this medicine, which consists of a moderate conviction of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritabilities, and restlessness, from whatever source—complaints which have hitherto not been properly understood, as the Hygienic have found in the blood, and by applying the present and future mode of purgation, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and scientific faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines, but are so simple, as to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz. in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, moving the biliousropy, detaching and purifying the morbid matter, whilst the No. 2 pills carry off the acrid and putrid humors incidental to the body; and act together as a ferret in a warren, never resting until every avenue to the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleaning Powders are of great assistance in purging the patient, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimonious phlegm, are cooling, and ally the throat. One, two, or three powders may be taken throughout the day, mixed in half a tumbler of water.

The pills are sold in packets of 1s, 2s and 3s, and 2s and 50 cent boxes—the two former consist of three boxes each, viz. one box of No. 1, and two boxes of No. 2; the latter, one large box with a division of the powders arranged in separate boxes at 3/4 cents each.

In consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 5
