LIVER COMPLAINT 6 YEARS STAND

ING.—Mrs. Sarah Brenhisier, wife of Mr. Amos Brenhisier, corner of Second street and Germantown Road, Philadelphia, affected for the last six years with the Liver Complaint, was completely restored to health by Dr. Wm. EVANS'S Camomile Tonic and Family Aperient Pills.

Her symptoms were habitual costiveness, excruciating pain in the stomach, depression of spirits, languor, extreme debility, disturbed sleep, great pain in her side, could not lie on her left side without an aggravation of pain, dizziness in the head, dimness of sight, with other symptoms indicating great derangement in the functions of the Liver.

Brenhisier has made trial of various medicines now before the public, but received no relief until she was advised to make trial of Dr. Evans's Pills, of which she is happy to state that they effectually relieved her of the above distressing symptoms, with others, which are not essential to intimate.

Mr. Brenhisier, (husband of the above Mrs. Brenhisier) had been two years afflicted with a distressing state of Piles and Costiveness, of which he was effectually cured.

We do hereby subscribe our signatures to the truth of the above cures, that the statement is in every respect true.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending Spring-seated Saddles of the Zig Zag or W spring in the Seat.

And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Pommel, just as persons may fancy.

Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.

It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

The Subscriber returns his sincere thanks to his Customers and the Public in general, for the very liberal support extended to him, and would respectfully inform them that he has at all times

INTERESTING CASE—DYSPEPSIA & HYPOCHONDRIACISM.

Mrs. Anne G. Kenny, No. 115 Louis street, between Stanton and Houston sts. afflicted for ten years with the following distressing symptoms:

Acid eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in anything that demanded vigor or courage, sometimes a visionary idea of an aggravation of her disease, a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irksomeness and weariness of life, discontented, disquieted on every slight occasion, she conceived she could neither live nor sleep, she wept, lamented, desponded, and she led a most miserable life, never was one so bad, with frequent mental hallucinations. Mrs. Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even a temporary alleviation of her distressing state, till her husband persuaded her to make trial of my mode of treatment. She is now quite relieved, and finds herself not only capable of attending to her domestic affairs, but avows that she enjoys as good health at present as she did at any period of her existence.

INVALID!

ONE DISEASE hast thou only—an impurity of the Blood, which by impeding the circulation brings on pain or derangement in the organs or part where such impurity of blood settles.

It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all tend to impurity of the blood and our only object is to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with

Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS,

which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a narrow piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, (because consistent with our nature,) that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most oppressive character, and where to all appearance, no human means could save life, have patients, by the use of those Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers.

JACOB Y. WINROTT, Gettysburg, BENJ. ZIEGLER, York, HENRY SIDLE, Dillsburg, York Co. CRULL & BARTON, Lewisburg, York Co. WM. GILMORE, Chambersburg, JOHN SHAFFNER, Lancaster.

Dr. Brandreth's Offices are 169 Race street above 5th street, and 43 Chesnut street above 2d street, Philadelphia.

CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeits for sale in their stores.

O'NEILL'S Anti-Rheumatic Decoction

AND LINIMENT, RHEUMATISM.

An infallible remedy for Chronic, Inflammatory and Mercurial RHEUMATISM.

It cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD.

The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose roots have long been directed in vain, the medical science has so long been directed in vain.

The transcendent merits of this preparation, its salutary powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by the victims of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.

Letter of Dr. Jos. Getzenanner of Montgomery Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine:

Dear Sir:—In compliance with your request, I cheerfully add my testimony in favor of your Anti-Rheumatic Medicine, and so selfish considerations could induce me to withhold it. My sufferings, which were of the most distressing nature, were attended with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the liniment, which accompanied it, and that in less than two weeks my sufferings were entirely removed. The afflicted would do well to resort to this remedy. Your obt. servt. &c. JOSEPH GETZENANNER, M. D.

From the Frederick Times and Dem. Advocate.

Highly Important to the Afflicted.

It will not doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are pleased to make these remarks, from the certificates of unknown persons, but from our own knowledge of several important cures effected by his medicine, which have created general astonishment. The most important one is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own comments. The high reputation of Mr. O'Neill's endorses justly us in saying that their statements merit universal credence.

From the Baltimore Chronicle.

We are not in the habit of expressing an opinion on the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other testimonials in his favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.

The following is from the Fredericktown Herald, edited by Wm. Ogden Niles, U. S. April 6th, 1833:

Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been truly marvellous; a few bottles emanating from them to disperse with crutches, flannels and bandages, with which for years they have protected their limbs and bodies. Mr. O'Neill merits the gratitude of the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

Look Here!

THE subscriber wishes to inform his patrons, and other who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right to the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The Subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-Bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS,

PUBLIC NOTICES.

IMPORTANT TO THE NERVOUS AND DYSPETIC!

THE medicinal preparations of Dr. Wm. EVANS exert a specific effect on the brain and nervous fluid, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, all vanish before their influence like noxious vapors before the benign impulse of the morning sun.

These tonic and aperient anti-bilious preparations are for nervous diseases, general debility, indigestion and its consequences, as want of appetite, an apparent distension of the stomach, belching, pains in the stomach, chlorosis or green sickness, neuralgia in the bowels, chlorosis or green sickness, hysterics, fluor albus or whites, a night-mare, cramp, spasmodic affections, nausea, vomiting, giddiness, dimness or confusion of sight, tremors, watchings, agitation, anxiety, disturbed rest, hypochondriacism or low spirits—when the mind becomes irritable, desponding, thoughtful, melancholy, dejected—appalling ideas haunting the imagination and overwhelming the judgment.—These medicines, by their reanimating and stomachic powers, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination, so that whole faculties become restored to their pristine tone and vigor.

Nothing is so signally efficacious in recruiting and nourishing enfeebled or relaxed constitutions, as Dr. Wm. Evans's invaluable Tonic Pills, alternated (as directed) with his vegetable aperient anti-bilious Pills.

Persons whose nerves have been thus injured by calumny or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, excess in drinking, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them in the above medicines.

Dr. Wm. Evans's Medical Office, 100 Chatham street, New York, where he can be consulted and his medicine procured, and in Philadelphia at No. 19 north 8th street.

READ THE FOLLOWING Interesting & Astonishing Facts.

Being conclusive proofs of the extraordinary efficacy of Dr. William Evans's celebrated Camomile and Aperient Antibilious Pills, in alleviating afflicted mankind!

To James Dickson, 36 Cornhill Boston, Agent for the sale of Dr. Wm. Evans's Camomile Pills.

LOWELL, Nov. 15, 1836.

Dear Sir—Knowing by experience that every reference that the afflicted receive of the beneficial results of medicine, I cheerfully offer mine to the public in behalf of DR. Wm. EVANS'S CAMOMILE PILLS. I have been afflicted for the last ten years with distress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it.

Yours, respectfully,

THOS. K. GOODRICE, Central st.

Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms—great languor, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and stricture across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position, without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe gave up every thought of recovery, and dire despair set on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans's medicine, in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

PARALYTIC RHEUMATISM.

A perfect cure effected by the treatment of Dr. William Evans.

Mr. John Gibson of N. 4th street, Williamsburg afflicted with the above complaint for three years and nine months, during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hips, shoulders, knees and ankles, an aggravation of the pain towards night; and for the most part all times from external heat, an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

THE MEDICINES are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the biliousropy humors, whilst the No. 2 pills carry off the excess of acid and putrid humors incidental to the body; and act together as a ferment in a warren, never resting until every avenue to the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patient's, and facilitate the evacuation of bad humors; they soften, loosen, and detach the acrimonious phlegm, cool, soothe, and allay the irritation. One, two, or three powders may be taken throughout the day, mixed in half a tumbler of water.

The pills are sold in packets of \$1, \$2 and \$3, and 25 and 50 cent boxes—the two former consist of three boxes each, viz. one box of No. 1, and two boxes of No. 2—the latter, one large box with a division; the powders are in separate boxes at 37 1/2 cents each.

In consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 50 cents, and 25 cts each, can now be had of all the Agents.

MORISONIANA, the Family Adviser of the British College of Health, 3d Edition, price \$2.75; and PRACTICAL PROOFS of the Hygienic System of Physiology, including the "Origin of Life," "Treatise on Sun-bathing," "Origin of Life," &c. &c. and many attested cures effected in this country, as well as in Great Britain. 6th Edition, price 37 1/2 cents.

The Hygienic Medicines are all imported into this country at a great expense, notwithstanding which, they are sold at the same price as in England. They have been six years before the American public; their prominent success in the relief of the afflicted, thousands can testify.

CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeiters to attempt imitations, and foster their nostrums for the Genuine Hygienic Medicines; in consequence of which the Agent has taken the precautionary measure of having an Extra Yellow Label fixed on each Bottle, signed by the Agent of each State and District, and by their Sub-Agents in every County; the imitation of which will subject the forger to the severest punishment the Law can inflict; and it is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principal source through which the Counterfeiters vend their spurious articles.
