The subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Calihan's Patent Right for the use of his valuable improvement in making **Spring-seat SADDLES**.
Notwithstanding the prejudices against these Saddles heretofore, he feels justified in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.
The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest breathing, no cramps or cholics or any disease can rise therefrom. 2d The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.
GENTLEMEN AND LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.
N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

INTERESTING CASE—DYSPEPSIA & HYPOCHONDRIACISM.—Mrs. Anne G. Kenny, No. 115 Louis street, between Stanton and Houston sts. afflicted for ten years with the following distressing symptoms:
Acid eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in anything that demanded vigor or courage, sometimes a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irksomeness and weariness of life, discontented disposition on every slight occasion, she conceived she could neither die nor live, she wept, lamented despondently, and that she led a most miserable life, never was or so, but with frequent mental hallucinations. Mrs. Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even a temporary alleviation of her distressing state, till her husband persuaded her to make trial of my mode of treatment. LIVER COMPLAINT 6 YEARS STANDING.—Mrs. Sarah Brenhiser, wife of Mr. Amos Brenhiser, corner of Second street and Germantown Road, Philadelphia, afflicted for the last six years with the Liver Complaint, was completely restored to health by Dr. Wm. Evans's Camomile Tonic and Family Aperient Pills. Her symptoms were habitual costiveness, excruciating pain in the stomach, depression of spirits, languor, extreme debility, disturbed sleep, great pain in her side, could not lie on her left side without an aggravation of pain, dizziness in the head, dimness of sight, with other symptoms indicating great derangement in the functions of the Liver. Mrs. Brenhiser has made trial of various medicines now before the public, but received no relief until she was advised to make trial of Dr. Evans's Pills, of which she is happy to state that they effectually relieved her of the above distressing symptoms, with others, which are not essential to intimate.
Mr. Brenhiser, (husband of the above Mrs. Brenhiser), had been two years afflicted with a distressed state of Piles and Costiveness, of which he was effectually cured.
We do hereby subscribe our signatures to the truth of the above cures, that the statement is in every respect true.

Saddles! Saddles! SADDLES!

Important Improvement in Spring-seated SADDLES!

THE Subscriber respectfully informs the Public generally, that he has purchased the Patent Right for making and vending **Spring-Seated SADDLES of the Big Zug or W Spring in the Seat,**
And also a Spring attached to the Girth or Girths and to the tree. The saddle is made with or without a Fommel, just as persons may fancy.
Saddles made upon this plan are incomparably superior to any heretofore in use, in point of strength, durability and elasticity, to the horse and rider. The application of the spring to the girth is productive of ease and comfort to the horse, and protects him from injuries arising from violent or sudden exertions. The Spring is also applicable to LADIES' SADDLES.
It is deemed unnecessary to state any thing more. The public are invited to call and judge for themselves.

INVALID!
ONE DISEASE had thou only—an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of Blood settles.
It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with
DR. BRANDRETT'S VEGETABLE UNIVERSAL PILLS,
which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, [because consistent with our nature], that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.
NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandrett's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, and especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

BEAUTIFUL HEAD OF HAIR

THE most beautiful and luxuriant of hair is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even to shun society to avoid the jests and sneers of their acquaintance; the remainder of their lives are consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, O'NEILL'S BALM OF COLUMBIA stops the hair from falling out on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning grey, makes it curl beautifully, and frees it from seurf. Numerous certificates of the first respectability in support of the virtues of O'Neil's Balm, are shown by the proprietors.
Read the following:
ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high value of the following gentleman.
The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also a certain restorative.

COMMONWEALTH OF PENNSYLVANIA, City of Philadelphia.
I, ROBERT WHARTON, Mayor of said City of Philadelphia, do hereby certify that I am well acquainted with Messrs. J. P. Ingle, John S. Furey, and Hugh McCurdy, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such full credit should be given to the said certificate. Piles or Hemorrhoids.
TO THE AFFLICTED PUBLIC.
IT is considered of great importance for the public to know the following facts:
About four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, in his death bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Hays's Liniment, and rejoined that all who would use one bottle for the Piles, and return the empty bottle, should have the price refunded.
Since that time, upwards of fifty thousand bottles have been sold, out of which, not ten have been returned, and those only because the persons did not use it properly! Such wonderful success, probably never attended any other article. It is now determined by the proprietor, that the public shall be made more fully acquainted with its virtues, so that those suffering with that dreadful complaint may avail themselves of it.
There are many thousand certificates of the most respectable and authentic character, many of which may be examined where the article is sold. It is used as an external application, and for many other complaints enumerated in the wrapper, is considered remarkably effective; but for the PILES it has no equal, and the agents are now bound to refer to all cases where it does not cure.
It is being used in Hospitals in our principal cities with great effect.
No Fiction.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the limited Dr. Gridley's last confession, that "the dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant S. Hays, the secret of his discovery.
It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the PILES, and also so extensively and effectually as to banish ebullition, unless where its effects are witnessed. Internally in the following complaints:
For Dropsy—Creating extraordinary absorption at once.
All Swellings—Reducing them in a few hours.
Rheumatism—Acute or Chronic, giving quick ease.
Sore Throat.—By cancers, ulcers or glands.
Croup and Whooping Cough.—Externally and over the chest.
All Bruises, Sprains, and Burns, curing in a few hours.
Sore and Ulcers.—Whether fresh or long standing, and Fover sores.
Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception.—The common remark of those who have used it in the PILES, is, "it acts like a charm."
It is used only as an external application, and as sovereign power in curing the above named complaints, is justified by scientific principles.
CAUTION.—Observe that each bottle of the genuine has a splendid engraved wrapper with the name of Mr. Hays and Cosmstock & Co. on it.

ASTHMA, 5 YEARS STANDING.—Mr. Charles Hobart, No. 122 Orange street, N. Y., afflicted for five years with humoral habitual Asthma, applied at the office 100 Chatham st. on the 4th of October, laboring under the following symptoms. A sense of tightness across the chest, with the greatest difficulty of breathing, distressing cough, generally ending with copious expectoration of viscid phlegm, disturbed rest, a face turbid and of a livid hue—could not lie in the horizontal position without the sensation of immediate suffocation, languor, drowsiness, and dizziness in the head, and loss of appetite.
Mr. H. applied to the most eminent physicians in this city, likewise used several other remedies without obtaining any permanent benefit, until his friends persuaded him to place himself under Dr. Wm. Evans' treatment. He is now relieved of his complaint, and called at the office yesterday, avowing that he had not words to express his gratitude for the benefit he had received. October 21, 1837.

O'NEILL'S Anti-Rheumatic Decoction AND **LEVAVANT**, An infallible remedy for Chronic, Inflammatory and Acute Rheumatism, Gout, Sciatica, Neuralgia, and all affections arising from a morbid state of the blood.
I have cured LUMBARGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others that it is a sovereign remedy for SCROFULA, GOUT, and all affections arising from a morbid state of the blood.
The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.
Innumerable instances might be given of the happy effects and powerful nature of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose resistless attacks the artillery of medical science has so long been directed in vain.
The transcendent merits of this preparation, its sensitive powers and unparalleled efficacy in the cure of Rheumatism &c. &c. have drawn forth the voluntary plaudits of thousands, who by its use have been relieved from pain and torture, suffering and debility, to health, strength, activity and vigor. Its healthy, creditability and simplicity must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.
Letter of Dr. Jos. Getzendanner of Montague Co. Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neil's Medicine:
Dear Sir.—In compliance with your request, I cheerfully add my testimony in favor of your Anti Rheumatic Medicine, and an selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain. I obtained two bottles of your Anti-Rheumatic Decoction, and two phials of the Liniment, which accompanies it, and that it has banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy.
JOSEPH GETZENDANNER, M. D.
From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted.
It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, dislocation of the Hip Joint, Sciatica, &c. &c. We are urged to make these remarks, not from the certificates of unknown persons, but from our own knowledge of several important cures effected by his medicine, which have created general astonishment.—The most important case is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine.—The Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's endorsements justify us in saying that their statements merit universal credence.
From the Baltimore Chronicle.
We are not in the habit of expressing an opinion of the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other than his own testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy.
The following is from the Fredericktown Herald, edited by Wm. Ogden Niles, Esq. April 6th, 1837.
Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been marvellous; a few bottles annulling the distressing sense with crutches, flannels and bandages, with which for years they have protected their limbs and bodies. Mr. O'Neill merits the gratitude of the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

Interesting Cure of Dyspepsia.
Cured by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.
MR. PARALYTIC RHEUMATISM.
A perfect cure effected by the treatment of Dr. William Evans.
Mr. John Gibson of N. 4th street, Williamsburg afflicted with the above complaint for three years and nine months, during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hips, shoulder, knees and ankles, an aggravation of the pain towards night; and for the most part all times from external heat, an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.
LIVER COMPLAINT, TEN YEARS STANDING.
Mrs. Hannah Browne, wife of Joseph Browne, N. 6th street, near Second, Williamsburg, afflicted for the last ten years with the Liver Complaint, completely restored to health through the treatment of Dr. Wm. Evans. Symptoms.—Habitual constipation of the bowels, total loss of appetite, excruciating pain of the epigastric region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement in the functions of the liver.
Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured some of Dr. Wm. Evans's invaluable preparations, which effectually relieved her of the above distressing symptoms, which others, which it is not essential to intimate.
JOSEPH BROWNE, City and County of New York, ss.
Joseph Browne, of Williamsburg, Long Island, being duly sworn, did depose and say that the facts as set forth in the within statement, to which he has subscribed his name are just and true.

MORRISON'S PILLS.
R. FENNER, General Agent for Pennsylvania, Maryland, Delaware, &c., 212 south 7th st., three doors below Market st. Philadelphia, and No. 10, North St., Baltimore, near the Post Office.
HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF HEALTH, LONDON.
WHICH have obtained the approbation and recommendation of thousands who have cured in Consumption, Cholera Morbus, Intestinal Obstruction, internally or externally, and all diseases of the Liver, Yellow Fever, Cholera, Rheumatism, Lumbago, Tic Douloureux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female form is so distressingly liable, and which send so many of the fairest portion of creation to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all the various Diseases, Pleurisy, Pile, Strictures, ruptures, and Syphilis, and its stages; Constipated Bowels, Worms, Scoury, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so dreadfully subject, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—From which springs every complaint that can possibly assail the human system, and that it is the perpetual struggle of the vital, pure steam of life (the gift of Almighty power) to disencumber itself of its viscid acid humors, with which it has become clogged.
This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mineral, mineral, or chemical substances, (all of which are uncongenial to the human system, and therefore destructive to the human frame) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely calling a few extra times for the pills, and being called a few extra times for the purposes of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.
These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.
These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take in sore, preventing sickness, and curing it.
The operation of the Hygienic medicines, which convey immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritability, and restlessness, from whatever source—complaints which have hitherto not been properly understood, as the Hygienists have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.
The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and scientific world, whose pursuits will naturally be directed to the more sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.
They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will find relief, when a disease is obstinate, patients frequently do not take doses large enough.
The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, detaching and partially resolving the morbid humors, whilst the No. 2 pills drive off those and the acrid acid and putrid humors incidental to the body; and act together as a ferment in a warren, never resting until over a tone to the human frame is thoroughly searched, and cleansed of its impurities.
The Vegetable Cleansing Powders are of great assistance to patients; and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimonious phlegm, and cool, and dry the throat. One, two, or three packages may be taken through out the day, mixed in half a tumbler of water.
The pills are sold in packets of 81, 62 and 83, and 25 and 50 cent boxes—the two former consist of three boxes each, viz. one box of No. 1, and two boxes of No. 2—the latter, one large box at 37 1/2 cent division; the powders are in separate boxes at 37 1/2 cent each.
In consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 50 cents, and 25 cent each, can now be had of all the Agents.
MORISONIANA, the Family Advisor of the British College of Health, 3d Edition, price \$2.75; and PRACTICAL PROOFS of the Hygienic System of Physiology, including the Origin of Life.—"Treatise on Stomachic Disorders cured in this country, as well as in Great Britain. 6th Edition, price 37 1/2 cents.
The Hygienic Medicines are all imported into this country at a great expense, notwithstanding which they are sold at the same price as in England. They have been six years before the American public; their premium success in the relief of the afflicted, thousands can testify to.
CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeits to attempt imitations, under deceptive terms to delude the unwary, and fast their nostrums for the Genuine Hygienic Medicines; in consequence of which the Agents have taken the precautionary measure of having an Extra Yellow Label fixed on each Packet, signed by their Sub-Agents, in every County; the imitation of which will subject the forger to the severest punishment the Law can inflict; and it is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principal source through which the Counterfeiters vend their spurious articles.
Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 31 SOUTH SEVENTH STREET, three doors below Market street, Philadelphia, or at No. 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicine may always be obtained.

IMPORTANT TO THE NEUROUS AND DYSPEPTIC!

THE medicinal preparations of Dr. Wm. EVANS exert a specific effect on the brain and nervous fluid, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, all vanish before their influence like noxious vapors before the benign impulse of the morning sun. These tonic and aperient antibilious preparations are for nervous diseases, general debility, indigestion and its consequences, as want of appetite, an apparent distension of the stomach, belching, pains in the stomach, acidity, heartburn, rumbling noise in the bowels, chlorosis or green sickness, hysteria, fluor albus or whites, night-mare, erump, spasmodic affection, nausea, vomiting, giddiness, dimness or confusion of sight, tremor, watchings, agitation, anxiety, disturbed rest, hypochondriacism or low spirits—when the mind becomes irritable, desponding, though full, melancholy, dejected—appalling ideas haunting the imagination and overwhelming the judgment.—These medicines, by their reanimating and stomachic powers, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination, so that whole faculties become restored to their pristine tone and vigor. Nothing is so signally efficacious in recruiting and nourishing enfeebled or relaxed constitutions, as Dr. Wm. Evans' invaluable Tonic Pills, alternated (as directed) with his vegetable aperient antibilious Pills.
Persons whose nerves have been thus injured by calomel or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, excess in drinking, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them in the above medicines.
Dr. Wm. Evans' Medical Office, 100 Chatham street, New York, where he can be consulted and his medicine procured, and in Philadelphia at No. 19 north 8th street.

Being conclusive proofs of the extraordinary efficacy of Dr. Wm. Evans' celebrated Camomile and Aperient Antibilious Pills, in alleviating afflicted mankind:
To James Dickson, 36 Cornhill, Boston, Agent for the sale of Dr. Wm. Evans' Camomile Pills.
LOWELL, Nov. 15, 1836.
Dear Sir—Knowing by experience that every reference to the afflicted receive of the beneficial results of medicines, I cheerfully offer mine to the public in behalf of DR. WM. EVANS'S CAMOMILE PILLS.—I have been afflicted for the last ten years with distress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it.
Yours respectfully,
THOS. K. GOODHUE, Central.

PARALYTIC RHEUMATISM.
A perfect cure effected by the treatment of Dr. William Evans.
Mr. John Gibson of N. 4th street, Williamsburg afflicted with the above complaint for three years and nine months, during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hips, shoulder, knees and ankles, an aggravation of the pain towards night; and for the most part all times from external heat, an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

LIVER COMPLAINT, TEN YEARS STANDING.
Mrs. Hannah Browne, wife of Joseph Browne, N. 6th street, near Second, Williamsburg, afflicted for the last ten years with the Liver Complaint, completely restored to health through the treatment of Dr. Wm. Evans. Symptoms.—Habitual constipation of the bowels, total loss of appetite, excruciating pain of the epigastric region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement in the functions of the liver.
Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured some of Dr. Wm. Evans's invaluable preparations, which effectually relieved her of the above distressing symptoms, which others, which it is not essential to intimate.
JOSEPH BROWNE, City and County of New York, ss.
Joseph Browne, of Williamsburg, Long Island, being duly sworn, did depose and say that the facts as set forth in the within statement, to which he has subscribed his name are just and true.
JOSEPH BROWNE, Husband of the said Hannah Browne.
Sworn before me, this 4th day of January, 1837,
PETER PICKNEY, Com. of Deeds.

MORRISON'S PILLS.

R. FENNER, General Agent for Pennsylvania, Maryland, Delaware, &c., 212 south 7th st., three doors below Market st. Philadelphia, and No. 10, North St., Baltimore, near the Post Office.
HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF THE BRITISH COLLEGE OF HEALTH, LONDON.
WHICH have obtained the approbation and recommendation of thousands who have cured in Consumption, Cholera Morbus, Intestinal Obstruction, internally or externally, and all diseases of the Liver, Yellow Fever, Cholera, Rheumatism, Lumbago, Tic Douloureux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female form is so distressingly liable, and which send so many of the fairest portion of creation to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all the various Diseases, Pleurisy, Pile, Strictures, ruptures, and Syphilis, and its stages; Constipated Bowels, Worms, Scoury, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so dreadfully subject, under all their varied forms and names, as the Hygienic conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—From which springs every complaint that can possibly assail the human system, and that it is the perpetual struggle of the vital, pure steam of life (the gift of Almighty power) to disencumber itself of its viscid acid humors, with which it has become clogged.
This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mineral, mineral, or chemical substances, (all of which are uncongenial to the human system, and therefore destructive to the human frame) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely calling a few extra times for the pills, and being called a few extra times for the purposes of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress, or diet, in any way different from their accustomed habits.
These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.
These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take in sore, preventing sickness, and curing it.
The operation of the Hygienic medicines, which convey immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritability, and restlessness, from whatever source—complaints which have hitherto not been properly understood, as the Hygienists have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.
The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and scientific world, whose pursuits will naturally be directed to the more sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.
They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will find relief, when a disease is obstinate, patients frequently do not take doses large enough.
The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine,
