A Catalogue of Reasons
FOR USING
DR. PETERS' CELEBRATED VEGETABLE PILLS:
1. Because they are exceedingly popular, which proves them to be exceedingly good.
2. Because they are composed of simples which have the power to do good in an immense number of cases, without producing the least injury in any case.
3. Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.
4. Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate.
5. Because they are recommended as a standard medicine by the regular faculty.
6. Because by keeping the system in a natural state of action, they cure almost every disease which the human frame is incidental to.
7. Because they are cheap and profitable, and will retain all their virtues in full vigor, in any climate, and for any length of time.
8. Because notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.
9. Because they are an unfailing remedy for procuring a good appetite.
10. Because in case of spleen or despondency, by their healthy influence on the excited state of the body, they have a most happy effect in calming and invigorating the mind.
11. Because they effect their cures without the usual attendants of all pills, sickness and griping.
12. Because as well as being an unrivaled purifier of the blood, they are a sovereign remedy for sick headache.
13. Because they differ from the majority of medicines in the fact that the more they are known the more they are approved.
14. Because as their application produces no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.
15. And lastly, because they are acknowledged to be an almost infallible remedy for Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Lowness of Spirits, Piles, Cholera, Heartburn, Nausea, Diarrhea, Stomach and Bowel Complaints, Habitual Constipation, Loss of Appetite, Blatant or Sallow Complexion, and in all cases of Torpor of the Bowels, where a mild but effective medicine may be requisite.
In short, the general voice of the community has decided that **DR. PETERS' Vegetable Pills** is one of the happiest discoveries of modern days, and altogether unrivaled as a general soother of bodily afflictions.

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making
Spring-seat SADDLES
Notwithstanding the prejudices against these Saddles heretofore, he feels justified in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.
The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.
GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.
N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.
The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times
A LARGE AND GENERAL ASSORTMENT OF
Saddles, Bridles, Martingals, Saddle-Bags, Portmaneaux and Trunks; Carriage, Wagon and Cart HARNESS,

INTERESTING CASE—DYSPEPSIA & HYPOCHONDRIACISM—Mrs. Anne G. Kenny, No. 115 Louis street, between Stanton and Houston sts. afflicted for ten years with the following distressing symptoms:
Acid eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in anything that demanded vigor or courage, sometimes a visionary idea of an aggravation of her disease, a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irksomeness and weariness of life, discontented, disquietude on every slight occasion, she conceived she could neither die nor live, she wept, lamented desponded, and tho' she led a most miserable life, never was one so bad, with frequent mental hallucinations. Mrs. Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even a temporary alleviation of her distressing state, till her husband persuaded her to make trial of my mode of treatment. She is now quite relieved, and finds herself not only capable of attending to her domestic affairs, but avows that she enjoys as good health at present as she did at any period of her existence.
J. KENNY,
Husband of the aforesaid Anne Kenny. Sworn before me this 14th day of December, 1836.

**INTERESTING CASE OF TUBERCULAR CONSUMPTION—Mr. John Russell, applied on the 1st of September, at the office 100 Chatham street, laboring under the following symptoms:—A slight spitting of blood, distressing cough, attended with an expectation of purulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the cheek. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same side.
TREATMENT—Directed to take the restorative Camomile Pills, with the expectorating compound, at the same time an injunction to call in four days; when the night sweats had ceased, the expectation slightly diminished, a slight fit of coughing still remaining in the morning. Ordered as usual to continue the medicine, and to call in the course of a week—when his health continued rapidly increasing, without the least cough.—Called at the office on the 6th of this month, quite convalescent, returning his sincere thanks for the benefit he had obtained.
The above patient chiefly used milk regimen, during his treatment.

PETERS' VEGETABLE PILLS
WHEN a medicine comes before the public, endowed with the names of the medical profession and distinguished men, and warranted by the seal of uniform success, the proprietor makes no small demand upon the public when he claims for it a superior consideration.
PETERS' VEGETABLE PILLS.
Are undoubtedly entitled to distinction, inasmuch as many medical practitioners, who have witnessed their efficacy, freely admit their curative powers and pre-eminence; and that they should do so in opposition to their personal interest must be attributed to their candor or their unwillingness to condemn them in the face of all observation and the testimony of thousands. The proprietor does not pretend that his Pills will cure all diseases, but he wishes every one to know that the incredulous who in all diseases where a cathartic or an aperient Medicine is needed, if used according to the directions for a fair period of time, they will effect a speedy and certain cure, and thus much is placed beyond doubt by the testimony and references of individuals already given to the public.
PETERS' VEGETABLE PILLS
Are now regarded by those who have had an opportunity to decide upon their merits, as an invaluable REMEDY FOR ALL THOSE AFFLICTIONS which more than two millions of boxes of these celebrated Pills have been sold in the United States since January, 1835.
Dr. Peters has received upwards of FIFTEEN HUNDRED CERTIFICATES, all given in consequence of the good done by his medicines; and it will at once be seen by this evidence that no remedy for the prevailing diseases of the Southern and Western States has ever been presented to the public so well adapted with strong claims for their attention. Founded upon the surest and soundest of all principles, viz. actual experiment, these Pills have been wonderfully successful in restoring the sick to health, and in spite of doubts and prejudices, the use of them in those parts of the country, which the proprietor has been able to supply, has been rapidly extending. It is highly interesting to learn that among the list of those who have been either personally benefited by them, or have witnessed their effects on others, are the names of many of the most respectable and intelligent men in the South; who have cheerfully given their written testimony to that effect.
Without an exception in any age or country, no Medicine has spread with such rapidity and given such universal satisfaction.
Prepared by **JOSEPH PETERS, M. D. No. 139 Liberty street, New York.** Each box contain 40 Pills—Price 50 cents.
Be careful and inquire for Peters' Vegetable Pills. They are for sale in Gettysburg, by **DR. J. GILBERT**—and in Hanover by **G. W. HINCLE**; and on inquiry, can be had in almost every town in the State.

INVALID!
CHOLESTIC DISEASE has, though only an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or parts where such impurity of blood settles.
It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—only all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with
DR. BRANDRETH'S VEGETABLE UNIVERSAL PILLS,
which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this seasonable practice, [because consistent with our nature] that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of those Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.
NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially avoid Drug stores, as they are never in any case appointed an agent; and it is in their hands the spurious Pills are usually found.
The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers.
JACOB A. WINROTT, Gettysburg,
BENJ. ZIEGLER, York,
HENRY SIDLE, Dillsburg, York Co.
CRULL & BARTON, Lewisburg, York Co.

Dr. Brandreth's Offices are 169 Race street above 5th street, and 43 Chestnut street above 2d street, Philadelphia.
CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeits for sale in their stores.

Piles or Hemorrhoids.
TO THE AFFLICTED PUBLIC.
IT is considered of great importance for the public to know the full effects of the Genuine Balm, for about four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, on his death bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Hays' Liniment, and enjoined that all who would use one bottle for the Piles, and return the empty bottle, should have the price refunded.
Since that time, upwards of fifty thousand bottles have been sold out of which, thousands have been returned, and those only being the persons did not use it properly! Such wonderful success, probably, never attended any other article. It is now determined by the proprietor, that the public shall be made more fully acquainted with its virtues, so that those suffering with that dreadful complaint may avail themselves of it.
There are many thousand certificates of the most respectable and authentic character, many of which may be examined where the article is sold.
It is used as an external application, and for many other complaints enumerated in the wrapper, is considered remarkably effective; but for the Piles it has no equal, and the agents are now bound to refund in all cases where it does not cure.
It is being used in Hospitals in our principal cities with great effect.
No FEVER.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "the dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant S. Hays, the secret of his discovery.
It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the PILES, and also so extensively and effectually as to baffie credulity, unless where its effects are witnessed. Externally in the following complaints:
For Dropsy.—Creating extraordinary absorption on all swellings.—Reducing them in a few hours. Rheumatism Acute or Chronic, giving quick ease. Sore Throat.—By cancers, ulcers or colds. Croup and Whooping Cough.—Externally and over the chest. All Bruises, Sprains, and Burns, curing in a few hours. Sores and Ulcers.—Whether fresh or long standing, and Fever sores.
Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception.—The common remark of those who have used it in the Piles, is, "it acts like a charm."
It is used only as an external application, and its sovereign power in curing the above named complaints, is justified by scientific principles.
CAUTION.—Observe that each bottle of the genuine has a splendid engraved wrapper with the name of Mr. Hays and Constock & Co. on it.

PUBLIC NOTICES.
IMPORTANT TO THE NEAR VOUS AND DYSPETIC!
THE medicinal preparations of Dr. WM. EVANS exert a specific effect on the brain and nervous fluid, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, all vanish before their influence like noxious vapors before the benign impulse of the morning sun. These tonic and aperient anti-bilious preparations are for nervous diseases, general debility, indigestion and its consequences, as want of appetite, an apparent distension of the stomach, belchings, pains in the stomach, acidity, heartburn, rubbing noise in the bowels, chlorosis or green sickness, hysterics, fluor albus or whites, night-mourning, cramp, spasmodic affections, nausea, vomiting, giddiness, dimness or confusion of sight, tremors, watchings, agitation, anxiety, disturbed rest, hypochondriacism or low spirits—when the mind becomes irritable, desponding, thoughtful, melancholy, dejected—appalling ideas haunting the imagination and overwhelming the judgment.—These medicines, by their reanimating and stomachic powers, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination, so that whole faculties become restored to their pristine tone and vigor. Nothing is so signally efficacious in recruiting and nourishing enfeebled or relaxed constitutions, as Dr. Wm. Evans' invaluable Tonic Pills, alternated (as directed) with his vegetable aperient anti-bilious Pills.
Persons whose nerves have been thus injured by calomel or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, excess in drinking, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them in the above medicines.

Dear Sir—Knowing by experience that every reference that the afflicted receive of the beneficial results of medicines, I cheerfully offer mine to the public in behalf of DR. WM. EVANS' CAMOMILE PILLS. I have been afflicted for the last ten years with distress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it.
Yours, respectfully,

PUBLIC NOTICES.
IMPORTANT TO THE NEAR VOUS AND DYSPETIC!
THE medicinal preparations of Dr. WM. EVANS exert a specific effect on the brain and nervous fluid, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, all vanish before their influence like noxious vapors before the benign impulse of the morning sun. These tonic and aperient anti-bilious preparations are for nervous diseases, general debility, indigestion and its consequences, as want of appetite, an apparent distension of the stomach, belchings, pains in the stomach, acidity, heartburn, rubbing noise in the bowels, chlorosis or green sickness, hysterics, fluor albus or whites, night-mourning, cramp, spasmodic affections, nausea, vomiting, giddiness, dimness or confusion of sight, tremors, watchings, agitation, anxiety, disturbed rest, hypochondriacism or low spirits—when the mind becomes irritable, desponding, thoughtful, melancholy, dejected—appalling ideas haunting the imagination and overwhelming the judgment.—These medicines, by their reanimating and stomachic powers, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination, so that whole faculties become restored to their pristine tone and vigor. Nothing is so signally efficacious in recruiting and nourishing enfeebled or relaxed constitutions, as Dr. Wm. Evans' invaluable Tonic Pills, alternated (as directed) with his vegetable aperient anti-bilious Pills.
Persons whose nerves have been thus injured by calomel or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, excess in drinking, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them in the above medicines.
Dr. Wm. Evans' Medical Office, 100 Chatham street, New York, where he can be consulted and his medicine procured, and in Philadelphia at No. 19 north 8th street.

General Agent for Pennsylvania, Maryland, Delaware, &c., 31-32 South Third Street, below Market st., Philadelphia, and No. 10, North st., Baltimore, near the Post Office.
HEALTH SECURITY BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINE OF THE BRITISH COLLEGE OF HEALTHY LONDON!
WHICH has obtained the approbation and recommendation of thousands who have been cured in Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Dolorous, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female form is distressingly liable, and which send so many of the fair sex to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Strictures, ruptures, and Syphilis in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, King's Evil, and all cutaneous disorders; in short, every complaint to which the human frame is so dreadfully subject, under all their varied forms and names, as the Hygienic condition is that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD—in which form which springs every complaint that can possibly assail his complicated frame; and that it is the perpetual struggle of this vital, pure stream of life (the gift of Almighty power) to disencumber itself of its viscous acid humors, with which it has become commixed.
These valuable medicines, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are ungenial to the nature of man, and therefore destructive to the human frame), is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasurable and benign in its operation, and the same that the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered of the world. This wonderful effect, too, is produced by the least trouble to the patient, by merely swallowing a certain number of pills and being called a few extra times to the purposes of evacuation, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attending to dress, or being in any way different from their accustomed habits.
These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.
These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strengthened by their operation, because they clear the bowels of their humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take to sea, preventing scurvy, costiveness, &c.
The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the body, first calming, then curing, all mental derangements, eccentricities, nervous affections, irritabilities, and restlessness, from whatever cause, and complaints which have hitherto not been properly understood, as the Hygienic have found them all to proceed from acrimonious humors in the blood, and happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.
The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure; perseverance in their use, when the body is diseased, and their restorative nature to her due course. The literary and sedentary, of both sexes, whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.
They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.
The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is the most powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the biliousropy humors, whilst the No. 2 pills carry off these and the serous acid and putrid humors incidental to the body; and act together as a ferret in a warren, never resting until every avenue to the human frame is thoroughly searched, and cleansed of its impurities.
The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimonious phlegm, are cooling, and allay the thirst. One, two, or three powders may be taken throughout the day, mixed in half a tumbler of water.
The pills are sold in packets of 81, 82 and 83, and 25 and 50 cent boxes, and a box of No. 1 and two boxes of No. 2; the latter, one large box with a division; the powders are in separate boxes at 37 1/2 cents each.
In consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 50 cents, and 25 cts each, can now be had of all the Agents.
MORRISONIAN, the Family Adviser of the British College of Health, 3d Edition, price \$2.75; and PRACTICAL PROOFS of the Hygienic System of Physiology, including the "Origin of Life," "Treatise on Small Pox," "Letter on Cholera Morbus," and many attested cures effected in this country, as well as in Great Britain. 6th Edition, price 37 1/2 cents.
The Hygienic Medicines are all imported into this country at a great expense, notwithstanding which, they are sold at the same price as in England. They have been six years before the American public; their precocious success in the relief of the afflicted, thousands can testify.
CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeits to attempt imitation of the genuine medicine, and to delude the unwary, under deceptive terms, such as the Genuine Hygienic and Tonic, in consequence of which the Agent has taken the precautionary measure of having an Extra Yellow Label fixed on each Packet, signed by the Agent of each State and District, and by their Sub-Agents, in every County; the imitation of which will subject the forger to the severest punishment the Law can inflict; and the medicines can be obtained in any Drug Store throughout the Union; through the Counterfeits and their spurious articles.
Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 31 SOUTH SEVENTH STREET, three doors below Market street, Philadelphia; and at No. 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicines may always be obtained.
