Dr. Peters' Vegetable Pills. THE immense and increasing popularity of these pills is another proof of the infallibility of the old adage that "truth is powerful and will prevail." Other pills are only pushed, but Dr. Peters' are purchased and recommended upon the demand for them has become almost universal. Dr. Peters would impress this fact upon the public, that his pills are not a quack medicine, but a scientific compound of simples which has been the result of many years intense application to a profession in which he was regularly bred, and hence it is as popular with the regular faculty as with the people at large. One of the many peculiar virtues of the Vegetable Pills, is that while very powerful in its effects, it is particularly mild and gentle in its action. Unlike the great majority of medicines, its application is never attended with nausea or griping. For sale at the Drug Store of Dr. J. GILBERT, Agent. Gettysburg, Jan. 5, 1838. 9m-40

WHEN a medicine comes before the public, endorsed with the names of the medical profession and distinguished men, and warranted by the seal of uniform success, the proprietor makes no unreasonable demand upon the public when he claims for it a superior consideration. PETERS' VEGETABLE PILLS. Are undoubtedly entitled to distinction, inasmuch as many medical practitioners, who have witnessed their efficacy, freely admit their curative powers and pre-eminence; and that they should do so in opposition to their personal interest, and the credit of their names, is a willingness to condemn them in the face of all observation and the testimony of the isles. The proprietor does not pretend that his Pills will cure all diseases, but he does say, a id has satisfied the incredulous that in all diseases where a cathartic or an aperient Medicino is needed, if used according to the directions for a fair period of time, they will effect a speedy and certain cure, and thus men to stand beyond doubt by the testimony and references of individuals already given to the public. PETERS' VEGETABLE PILLS. Are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable PUBLIC BLESSING. More than two millions of boxes of these celebrated Pills have been sold in the United States since January, 1835. Dr. Peters has received upwards of FIFTEEN HUNDRED CERTIFICATES, all given in consequence of the good done by his medicines; and it will at once be seen by this evidence that no remedy for the prevailing diseases of the Southern and Western States has ever been presented to the notice of the afflicted with stronger claims for their attention. Founded upon the surest and soundest of all principles, viz. actual experiment, restoring the sick to health, and in spite of doubts and prejudices, the use of them in those parts of the country, which the proprietor has been able to supply, has been rapidly extending. It is highly encouraging to him that, among the list of those who have been either personally benefited by them, or have witnessed their effects on near and dear friends, are the names of many of the most respectable and intelligent men in the South; who have cheerfully given their written testimony to that effect. Without an exception in any age or country, no Medicine has spread with such rapidity and given such universal satisfaction. Prepared by Jos. Priestly Peters, M. D. No. 129 Liberty street, New York. Each box contains 40 Pills.—Price 50 cents. The careful and inquirer for Peters' Vegetable Pills, may be had for sale in Gettysburg, by Dr. J. GILBERT—and in Hanover by G. W. HICKLEY; and on inquiry, can be had in almost every town in the State. 9m-40

INVALID!

ITONE DISEASE has thou only—an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of blood settles. It is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, a dangerous fast, indigestion, pain, &c. and although it may be said that those diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to purge the body, as long as any unpleasant symptoms remain, with Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS, which, if persevered with in sufficient quantities to produce copious evacuations, will assist nature in restoring every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, [because conducted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save him, have patients, by the use of these Pills, been restored to perfect health, and devouring disease having been perfectly eradicated. NOTICE.—Owing to the numerous attempts of Druggists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores, as they are never sold there; the spurious Pills are usually found. The following are the appointed agents for this vicinity, for list of agents of other counties see their respective papers. JACOB A. WINROTT, Gettysburg, BENJ. ZIEGLER, York, HENRY SIDLE, Dillsburg, York Co. CRULL & BARTON, Lewisburg, York Co. WM. GILMORE, Chambersburg, JOHN SHAFFNER, Lancaster. Dr. Brandreth's Offices are, 163 Race street above 5th street, and 43 Chestnut street above 2d street, Philadelphia. CAUTION.—Beware of purchasing the Brandreth's Pills of any Druggist, either in the city or country, as there are so many counterfeits for sale in their stores. May 1, 1837. 1y-5

PUBLIC NOTICES. Look Here!

THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making Spring-seat SADDLES.

Spring-seat SADDLES.

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume—all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary. The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st. Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths. GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety. N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times A LARGE AND GENERAL ASSORTMENT OF Saddles, Bridles, Martingals, Saddle-Bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS, with every other article in his line of business. All kinds of MARKETING taken in exchange for work at fair prices. EDWIN A. ATLEE. Gettysburg, Jan. 16, 1837. 1f-42

INTERESTING CASE OF TUBERCULAR CONSUMPTION.

Mr. John Russell, applied on the 1st of September, at the office 100 Chatham street, laboring under the following symptoms.—A slight spitting of blood, distressing cough, attended with an expectoration of purulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the cheek. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same side. TREATMENT.—Directed to take the restorative Camomile Pills, with the expectorating compound, at the same time an injunction to call in four days, when the night sweats had ceased, the expectoration slightly diminished, a slight fit of coughing still remaining in the morning. Ordered as usual to continue the medicine, and to call in the course of a week—when his health continued rapidly increasing, without the least cough.—Called at the office on the 6th of this month, quite convalescent, returning his sincere thanks for the benefit he had obtained. The above patient chiefly used milk regimen, during his treatment. For Sale at the Drug Store of Dr. J. GILBERT, Agent. Gettysburg, Dec. 8, 1837. 1y-36

O'NEILL'S Anti-Rheumatic E decoction.

An infallible remedy for Chronic, Inflammatory and Recurrent RHEUMATISM. It also cures LUMBAGO and SCIATICA and will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all affections arising from an IMPURE STATE OF THE BLOOD. The undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle. Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and a glimpse whose residence attacks the artillery of medical science has long been directed in vain. The transcendent merits of this preparation, its curative powers and unparalleled efficacy, in the cure of Rheumatism &c. have drawn forth the signatures of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits. Letter of Dr. Jos. Getzandanner of Montserrat Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by two bottles of O'Neill's Medicine: "Dear Sir:—In compliance with your request, I cheerfully add my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, 'honor to whom honor is due.' I was greatly afflicted with Chronic Rheumatism, and discovered that the 'Materia Medica' contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the liniment, which accompanies it, and that it has banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy. Your obt. servant &c. JOSEPH GETZANDANNER, M. D. From the Frederick Times and Dem. Advocate. Highly Important to the Afflicted. It will not doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti-Rheumatic Medicine, which has been ascertained to be a specific not only in Rheumatism, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are urged to make these remarks, not from our own knowledge of several important cases effected by his medicine, which have created general astonishment. The most important one is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine.—The Medical Faculty having tried every thing in vain.—These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's endorser justly say in saying that their statements merit universal credence. From the Baltimore Chronicle. We are not in the habit of expressing an opinion on the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other signs which characterize his mode of conducting his business. Clergymen, phy shoulder, knees and ankles, an aggravation of pain towards night; and for the most part all times from external heat, an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business. LIVER COMPLAINT, TEN YEARS STANDING. Mrs. Hannah Browne, wife of Joseph Browne, N. 6th street, near Second, Williamsburg, afflicted for the last ten years with the Liver Complaint, completely restored to health through the treatment of Dr. Wm. Evans. Symptoms.—Habitual constipation of the bowels, total loss of appetite, excruciating pain of the epigastric region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement in the functions of the liver. Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicines, till Mr. Browne procured some of Dr. Wm. Evans's invaluable preparations, which effectually relieved her of the above distressing symptoms, which others, which it is not essential to intimate. JOSEPH BROWNE. City and County of New York, ss. Joseph Browne, of Williamsburg, Long Island, being duly sworn, did depose and say that the facts as set forth in the within statement, to which he has subscribed his name are just and true; JOSEPH BROWNE. Husband of the said Hannah Browne. Sworn before me, this 4th day of January, 1837, PETER PICKNEY, Com. of Deeds. Just received, and for sale, at Drug the Store of DR. J. GILBERT, Agent, Gettysburg, Pa. December 1, 1837. 1y-35

PUBLIC NOTICES. IMPORTANT TO THE NEUROUS AND DYSPETIC!

THE medicinal preparations of Dr. Wm. EVANS exert a specific effect on the brain and nervous fluid, that the palpitating heart, the trembling hand, the dizzy eye, and the fluttering mind, all vanish before their influence like noxious vapors before the benign impulse of the morning sun. These tonic and aperient anti-bilious preparations are for nervous diseases, general debility, indigestion and its consequences, as want of appetite, an apparent distension of the stomach, belching, pains in the stomach, acidities, heartburn, rumbling noise in the bowels, cholera or green sickness, hysterics, flux albus or whites, night-mare, cramp, spasmodic affections, nausea, vomiting, giddiness, dimness or confusion of sight, tremors, watchings, agitation, anxiety, disturbed rest, hypochondriacism or low spirits—when the mind becomes irritable, desponding, thoughtful, melancholy, dejected—oppressing ideas haunting the imagination and overshadowing the judgment.—These medicines, by their reanimating and stomachic powers, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination, so that while faculties become restored to their pristine tone and vigor. Nothing is so signally efficacious in recruiting and nourishing enfeebled or relaxed constitutions, as Dr. Wm. Evans's invaluable Tonic Pills, all unaltered (as directed) with his vegetable aperient anti-bilious Pills. Persons whose nerves have been thus injured by calumny or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, excess in drinking, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them in the above medicines. Dr. Wm. Evans's Medical Office, 100 Chatham street, New York, where he can be consulted, and his medicine procured, and in Philadelphia at No. 19 north 8th street. READ THE FOLLOWING Interesting & Astonishing Facts. Being conclusive proofs of the extraordinary efficacy of Dr. William Evans's celebrated Camomile and Aperient Antibilious Pills, in alleviating afflicted mankind: To James Dickson, 36 Cornhill, Boston, Agent for the sale of Dr. Wm. Evans's Camomile Pills. LOWELL, Nov. 15, 1836. Dear Sir:—Knowing by experience that every remedy that the afflicted receive of the beneficial results of medicine, I cheerfully offer mine to the public in behalf of DR. Wm. EVANS'S CAMOMILE PILLS. I have been afflicted for the last ten years with dizziness in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she procured me two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it. Yours, respectfully, THOS. K. GOODHUE, Central.

Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms—great languor, fatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and stricture across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position, without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe gave up every thought of recovery, and directed his soul to the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans's medicine, in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

PARALYTIC RHEUMATISM.

A perfect cure effected by the treatment of Dr. Wm. Evans. Mr. John Gibson of N. 4th street, Williamsburg, afflicted with the above complaint for three years and nine months, during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hips, which he bore to the torture of a Clergymen, phy shoulder, knees and ankles, an aggravation of pain towards night; and for the most part all times from external heat, an obvious thickening of the fascia and ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

MORRISON'S PILLS.

R. FENNER, General Agent for Pennsylvania, Maryland, Delaware, &c., 3-1-2 south 7th st., three doors below Market st., Philadelphia, and No. 10, North st., Baltimore, near the Post Office. HEALTH SECURED BY THE USE OF THE HYGIENIC VEGETABLE UNIVERSAL MEDICINES OF DR. BRANDRETH'S COLLEGE OF MEDICINE, LORETO. WHICH have obtained the approbation and recommendation of thousands who have been cured of Consumption, Cholera Morbus, Inflammations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, The Doloureux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions, to which the female sex is so dreadfully subject, under all their varied forms and names, as the Hygienic Convulsion, the MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, to the IMPURITY OF THE BLOOD.—In which springs every complaint that can possibly assail his compromised frame; and that it is the perpetual struggle of the vital, pure stream of life (the gift of Almighty power) to disencumber itself of its viscous acid humors, with which it has become clogged. This valuable medicine, being composed only of vegetable matter, or medicinal herbs, and warranted on oath as containing not one particle of mercurial, mineral, or chemical substances, (all of which are unaccountable to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, in the most pleasurable and benign manner, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patients, by merely swallowing a certain number of pills and being called a few extra times to the purposes of evacuation, with the least possible sensation of pain, and without any strength, and without the least effort of sweating, cold, or attention to dress, or diet, in any way unbecoming their accustomed habits. These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country. These medicines cure by purging, and not by the weak, feeble, or inferior means, as the cathartic, the decoction, are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariably produce sound sleep; they are the safest and most efficacious medicine to take to sea, preventing scurvy, costiveness, &c. The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the body. It relieves of every disease, infirmity, or sore, is now no more a dubious or uncertain procedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and scientific of both sexes, whose pursuits so much impair the faculties, will find a great remedy in the Hygienic Convulsion, or more precisely the energy and strength of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities. They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough. The medicines are comprised in three different articles, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the biliousropy humors, and the No. 2 pills carry off those and the serious acid matter, purging, and cooling, and they the third, One, two, or three powders may be taken throughout the day, mixed in half a tumbler of water. The pills are sold in packets of 51, 52 and 53, and 25 and 50 cent boxes—the two former consist of three boxes each, viz. one box of No. 1, and two boxes of No. 2—the latter, one large box with a division; the powders are in separate boxes at 37 1/2 cents each. In consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 50 cents, and 25 cents each, can now be had of all the Agents. MORRISONIANA, the Family Adviser of the British College of Health, 3d Edition, price \$2.75; and PRACTICAL PROOFS OF THE Hygienic System of Physiology, including the Origin of Life, "Treatise on Small Pox," "Lectures on Cholera Morbus," and many attested cures effected in this country, as well as in Great Britain. 6th Edition, price 37 1/2 cents. The Hygienic Convulsion are all imported into this country at a great expense, notwithstanding which they are sold at the same price as in England. They have been six years before the American public, and their present success in the relief of the afflicted, thousands can testify. CAUTION.—In consequence of the high estimation in which Morrison's Pills are held by the public, it has induced an innumerable host of unprincipled counterfeits to attempt imitations under deceptive terms thus to delude the unwary, and fust their nostrums for the Genuine Hygienic Convulsion, in consequence of which the Agent has taken the precautionary measure of having affix the Extra Yellow Label fixed on each Packet, signed by the Agent of each State and District, and by their Sub-Agents, in every County; the imitation of which will subject the forger to the severest punishment the Law can inflict; and is further to be noticed, that none of the above Medicines can be obtained in any Drug Store throughout the Union; the Drug Stores being the principal sources through which the Counterfeiters vend their spurious articles. Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No. 31 SOUTH SEVENTH STREET, three doors below Market street, Philadelphia—and at No. 10 North street Baltimore, near the Post Office, where the Genuine Medicines may always be obtained. JOHN PICKING, Agent. Gettysburg, August 25, 1837. 1y-24
