THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. Callihan's Patent Right for the use of his valuable improvement in making

Spring-seat

SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to ensure all his saddles without any extra charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be ensured as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symmetry of the horse and rider, not only affords ease to the man, but inculcable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; many falls have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE and GENERAL ASSORTMENT OF **Saddles, Bridles, Martingals, Saddle-Bags, Portmanteaus and Trunks; Carriage, Wagon and Cart HARNESS,**

A Catalogue of Reasons

FOR USING

DR. PETERS' CELEBRATED VEGETABLE PILLS:

1. Because they are exceedingly popular, which proves them to be exceedingly good.
2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to injure in any.
3. Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.
4. Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate.
5. Because they are recommended as a standard medicine by the regular faculty.
6. Because by keeping the system in a natural state of action, they cure almost every disease which the human frame is incidental to.
7. Because they are cheap and profitable, and will retain all their virtues in full vigor, in any climate, and for any length of time.
8. Because notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.
9. Because they are an unfailing remedy for procuring a good appetite.
10. Because in case of spleen or dyspepsia, by their healthy influence on the excited state of the body, they have a most happy effect in calming and invigorating the mind.
11. Because they effect their cures without the usual attendants of other pills, sickness and gripings.
12. Because as well as being an unrivaled purger of the general system, they are a sovereign remedy for sick head-ache.
13. Because they differ from the majority of medicines in the fact that the more they are known the more they are approved.
14. Because, as their application produces no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.
15. And lastly, because they are acknowledged to be an almost infallible remedy for Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Lowness of Spirits, Piles, Clonic Heartburn, Nausea, Distention of the Stomach and Bowels, Flatulence, Habitual Constiveness, Loss of Appetite, Blatched or Sallow Complexion, and in all cases of Torpor of the Bowels, where a mild but effective medicine may be requisite.

In short, the general voice of the community has decided that DR. PETERS' Vegetable Pills is one of the happiest discoveries of modern days, and altogether unrivaled as a general soother of bodily afflictions.
