NTERESTING CASE OF TUBERCULAR CONSUMPTION .- Mr. John Russell, applied on the 1st of September, at the office 100 Chatham street, laboring under the following symptoms:-A slight spitting of blood, distressing cough, attended with an expectoration of perulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the check. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same

TREATMENT-Directed to take the restorative Camomile Pills, with the expectorating compound, at the same time an injunction to call in four days; when the night sweats had ceased, the expectoration slightly diminished, a slight fit of coughing still remaining in the morning. Ordered as usual to continue the medicine, and to call in the course of a week-when his health continued rapidly increasing, without the least cough .-Called at the office on the 6th of this month, quite convalescent, returning his sincere thanks for the benefit he had obtained.

The above patient chiefly used milk regimen, during his treatment.

OF O'NEILL'S Anti-Rheumatic Decoction LINIMENT

An infallible remedy for Chronic, Inflammatory and Mecurial RHEUMATISM.

13 It also cures LUMBAGO and SCIATICA and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all afflic tions arising from an IMPURE STATE OF THE BLOOD.

THE undersigned takes pleasure in announce ing to the public that he has discovered a Severeign Remody for Rheumatism &c. It never fails to cure where the medicine is taken agreea. bly to the directions which accompany each

Innumerable instances might be given of the happy offects and powerful virtues of this proparation, in the cure of those painful and distressing these Pills have been wonderfully successful in discases which have been named above, and a restoring the sick to health, and in spite of doubts gainst whose resistless attacks the artillery of

sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the cluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to case, strength, activity and intelligent men in the South; who have cheerfully rigorous health; credulity and scepticism must disappear before the powerful array of testimo-nials voluntarily furnished by Physicians of high oputation, who use it in their practice and have he honesty to give it the character it so justly morits.

Letter of Dr. Jos. Getzendanner of Montgome y Co., Md., who was long and severely afflicted with Chronic Rheumatism, and finally cured by

two bottles of O'Neill's Medicine: Dear Sir:- In compliance with your request, cheerfully add my testimony in favor of your Anti-Rhoumatte Medicine, and no solfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and disvered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been soverely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rhoumatic decoction, and two phials of the liniment, which accompanies it, and that it has banished overy vestige of Rheumatism from my frame.— head, &c.—and although it may be said that The afflicted would do well to resort to this remittee discusses have not their origin in impurity

Highly Important to the Afflicted. It will no doubt be gratifying to our readers to learn the wonderful success which has attend. ed Mr. P. O'Neill, in the use of his valuable Anti Rheumatic Medicine, which has been ascertained o be a specific not only in Rheumatism, but also in White Swelling, discuse of the Hip Joint, Scrofuln, &c. &c. We are urged to make these re marks, not from the certificates of unknown per sons, but from our own knowledge of several im portant cures effected by his medicine, which have created general astonishment. The most important one is that of Miss E Rohr, the daughter of our worthy Post master, who, after years of suffering, has been relieved solely by the use of Mr. O'Noill's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's endersers justify us in saying that their statements merit universal credence.

From the Baltimore Chronicle. We are not in the habit of expressing an opin ion of the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheuma tism, we feel called on, by principles of humanity, to state that it has had the most surprising offects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other than his own tostimony in favor of the medicine which he offers to the public. Clergymen, phy sicians, and those who have been relieved, borne voluntary witness to its astonishing effica cy; and those who have the misfortune to be afflic ted with this distressing complaint may be assur

ed of immediate relief by resorting to this remedy The following is from the Fredericktown Her ald, edited by Win. Ogden Niles, Esq. April 6th

Piles or Hamorrhoids. CT TO THE AFFLICTED PUBLIC.

T is considered of great importance for the public to know the following facts: About four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, on his death bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be up and sold under the name of Hays' Liniment, and enjoined that all who would use one

bottle for the Piles, and return the empty-bottle, should have the price refunded. Since that time, upwards of fifty thousand bot! tles have been sold, out of which, not ten have been returned, and those only because the per-sons did not use it properly!! Such wonderful success, probably, never attended any other article. It is now determined by the proprietor, that the public shall be made more fully acquainted with its virtues, so that those suffering with that

dreadful complaint may avail thomselves of itsuso. There are many thousand cortificates of the most respectable and authentic character, many of which may be examined where the article is sold. It is used as an external application, and for many other complaints enumerated in the wrapper, is considered remarkably effective; but for the PLES it has no equal, and the agents are now

bound to refund in all cases where itdees not cure. It is being used in Hospitals in our principal cities with great effect.

No Fiction .- This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solumnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr Gridley's last to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant S. Interesting & Astonishing Facts. Being conclusive proofs of the extraordinary efficacy of Dr. William Evans's celebrated Camomile and Aperient Antibilious Pills, in alleviating afflicted mankind:

To James Dickson, 36 Cornhill, Boston, Agent for the sale of Dr. Wm. Evans's Camomile Pills. LOWELL, Nov. 15, 1836.

Dear Sir-Knowing by experience that every reference that the afflicted receive of the beneficial results of medicines, I cheerfully offer mine to the public in behalf of DR. WM. EVANS'S CAM-OMILE PILLS I have been afflicted for the last ten years with ditress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, dut have never found relief take to sea, preventing scurvy, costiveness, &c. by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she per. suaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it.

Yours, respectfully, THOS. K. GOODHUE, Central st.

Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms—great languor, flatulency, disturbed rest, nervous headache, difficulty of breathing tightness and stricture across the breast, dizziness, nervous irritability and rest lessness, could not lie in a horizontal position, withit the sensation of impending suffocation, palp tation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe gave up every thought of recovery, and dire despair sat on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans's medicine, in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

For the benefit of those afflicted in similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary busi-

rected) with his vegetable operion anti-bilious struggle of this vital, pure stream of life (the gift of Almighty power) to disoncumber itself of 118 viscous acrid humors, with which it has become commixed. This valuable medicine, being composed only

of vogetable matter, or medicinal herbs, and warof which are uncongenial to the nature of manand therefore destructive to the human frame,) is found to be perfectly harmless to the most tor der age, or wookest frame, under every stage of human suffering, the most pleasant and benign certain in searching out the root of every com, plaint, however deep, and of performing a cure that was ever offered to the world. This wonder ful effect, too, is produced by the least trouble to the patients, by morely swallowing a certain num ber of pills and being called a few extra times to the purposes of evacuation, with the least possble sensation of pain, exhaust on of bodily strongth. and without the fear of catching cold, or attention to dress, or diet, in any way different from their

accustomed habits. These pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them

has already verified its truth in this country. These medicines cure by purging, and yet the weak, the feeble, the infirm, and the nervous, the delicate, are in a few days strongthoned by their operation, because they clear the body of its bad humors, and invariably produce sound sloop; they are the safest and most efficacious medicine to The operation of this mild medicine, which conveys immediate conviction of its utility, from the first dose, is as beneficial to the mind as to the

body, first calming, then curing, all mental derangements, eccentricities, nervous affections, ir-ritabilities, and restlessness, from whatever source -complaints which have hitherto not been prop erly understood, as the flygeists have found them all to proceed from acrimonious humors in the blood, and, happily for the present and future ace of munkind, discovered a cheap and univer sal mode of purifying, curing, and preventing.

The being cured of any discuse, infirmity, or ore, is now no more a dubious or uncertain cedure; perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and sedentary, of both sexes, whose pursuits so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them.

free from pain and infirmities. They are not enveloped with the mysteries of other medicines; they only require to be perse-vered in with sufficiently large doses, and the patient will come off well; when a disease is ob stinate, patients frequently do not take doses large

enough. The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No. 1 and No. 2; the first is a most powerful, but mild and gentle apperient, or opening medicine, de-taching and partially removing the bilious ropy humors, whilst the No. 2 pills carry off those and he serous acid and putrid humors incidental to the body; and act together as a ferret in a warren, never resting until lovery avenue to the human frame is thoroughly searched, and cleansed of

is impurities.
The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacua-tion of bad humors; they soften, clease, and detach the acrimonious phlegm, are cooling, and illay the thirst. One, two, or three powders may be taken throughout the day, mixed in half a

tumbler of water.

The pills are sold in packets of \$1, \$2 and \$3. and 25 and 50 cent boxes-the two former consist of three boxes each, viz. one box of No. 1, and two oxes of No. 2-the latter, one large box with a division; the powders are in separate boxes at 374 cents cach.

IFIn consequence of the repeated solicitations of the Agents, and for the convenience of the Public in general, boxes of 50 cents, and 25 cts each, can now be had of all the Agents.
