THE subscriber wishes to inform his patrons, and others who may wish to patronize him in future, that he has recently purchased Mr. *Callihan's Patent Right* for the use of his valuable improvement in making

Spring-seat SADDLES

Notwithstanding the prejudices against these Saddles heretofore, he feels justifiable in saying, that he hopes to gain the confidence and patronage of the public—as he is enabled, on the present principle, to *ensure* all his saddles without any *extra* charge.—That a soft, easy saddle is desirable to all persons who ride much, and particularly to those who may not be favored with a very pleasant horse; I presume all persons will unhesitatingly patronize the spring saddles, when they will be *ensured* as long as the purchaser may deem necessary.

The elasticity of the Saddle acting in harmony with the symetry of the horse and rider, not only affords ease to the man, but incalculable advantage to the horse. All persons of judgment and experience must know, that a dead, unelastic weight on a horse is oppressive. The Spring in the Girth affords the following advantages: 1st Moving or yielding with the horse's chest in breathing, no cramps or cholics or any disease can rise therefrom. 2d. The girth will outlast two or three of the common kind, because the yielding of the spring on the sudden expansion of the chest prevents the girth from breaking, and saves the rider from falling; *many falls* have been the fruits of breaking girths.

GENTLEMEN and LADIES are invited to apply, as the little difference in the cost of these and the hard Saddles is so trifling, and incomparable with the difference in comfort and safety.

N. B. Saddlers in the country can be accommodated with Township or Shop Rights at a trifling cost.

☞The subscriber returns his thanks to the public for the very liberal support extended to him, and would respectfully state that he has at all times

A LARGE AND GENERAL ASSORTMENT OF

FOR USING

DR. PETERS' CELEBRATED VEGETABLE PILLS:

1. Because they are exceedingly popular, which proves them to be exceedingly good.
2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.
3. Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.
4. Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate.
5. Because they are recommended as a standard medicine by the regular faculty.
6. Because by keeping the system in a natural state of action, they cure almost every disease which the human frame is incidental to.

8. Because notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.
9. Because they are an unfailing remedy for procuring a good appetite.

12. Because as well as being an unrivalled purfier of the general system, they are a sovereign remedy for sick head-ache.
13 Because they different from the majority of medicines in the fact that the more they are known the more they are approved.

AN APPRENTICE TO THE PRINTING BUSINESS

☞Will be taken at this Office, if application is made immediately.

INTERESTING CASE OF TUBERCULAR CONSUMPTION.—Mr. John Russell, applied on the 1st of September, at the office 100 Chatham street, laboring under the following symptoms:—A slight spitting of blood, distressing cough, attended with an expectoration of perulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the cheek. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same side.

TREATMENT—Directed to take the restorative Camomile Pills, with the expectorating compound, at the same time an injunction to call in four days; when the night sweats had ceased, the expectoration slightly diminished, a slight fit of coughing still remaining in the morning. Ordered as usual to continue the medicine, and to call in the course of a week—when his health continued rapidly increasing, without the least cough.—Called at the office on the 6th of this month, quite convalescent, returning his sincere thanks for the benefit he had obtained.

The above patient chiefly used milk regimen, during his treatment.

☞ O'NEILL'S

Anti-Rheumatic Decoction

AND

LINIMENT

An infallible remedy for Chronic, Inflammatory and Mecurial

RHEUMATISM.

☞It also cures LUMBAGO and SCIATICA, and it will be seen by some of the certificates given from Physicians and others, that it is a sovereign remedy for SCROFULA, WHITE SWELLING, DISEASE OF THE HIP JOINT, and all afflictions arising from an IMPURE STATE OF THE BLOOD.

THE undersigned takes pleasure in announcing to the public that he has discovered a Sovereign Remedy for Rheumatism &c. It never fails to cure where the medicine is taken agreeably to the directions which accompany each bottle.

Innumerable instances might be given of the happy effects and powerful virtues of this preparation, in the cure of those painful and distressing diseases which have been named above, and against whose resistless attacks the artillery of medical science has so long been directed in vain.

The transcendent merits of this preparation, its sanative powers and unparalleled efficacy in the cure of Rheumatism &c. have drawn forth the voluntary plaudits of thousands, who by its use have been restored from pain and torture, stiffness and decrepitude, to ease, strength, activity and vigorous health; credulity and scepticism must disappear before the powerful array of testimonials voluntarily furnished by Physicians of high reputation, who use it in their practice and have the honesty to give it the character it so justly merits.

Letter of Dr. Jos. Getzendanner of Montgomery Co., Md., who was long and severely afflicted with *Chronic* Rheumatism, and finally cured by two bottles of O'Neill's Medicine:

Dear Sir:—In compliance with your request, I cheerfully add my testimony in favor of your Anti-Rheumatic Medicine, and no selfish consideration could induce me to withhold it. My motto is, "honor to whom honor is due." I was greatly afflicted with Chronic Rheumatism, and discovered that the "Materia Medica" contained nothing that would reach my disease. It is unnecessary here to state in detail, how much I suffered; suffice it to say, that I have been severely afflicted for many years, and suffered great pain; and that I obtained two bottles of your Anti-Rheumatic decoction, and two phials of the liniment, which accompanies it, and that it has banished every vestige of Rheumatism from my frame.—The afflicted would do well to resort to this remedy,

Your ob't. servant &c.
JOSEPH GETZENDANNER, M. D.

From the Frederick Times and Dem. Advocate.

Highly Important to the Afflicted.

It will no doubt be gratifying to our readers to learn the wonderful success which has attended Mr. P. O'Neill, in the use of his valuable Anti Rheumatic Medicine, which has been ascertained to be a specific not only in *Rheumatism*, but also in White Swelling, disease of the Hip Joint, Scrofula, &c. &c. We are urged to make these remarks, not from the certificates of unknown persons, but from our own knowledge of several important cures effected by his medicine, which have created general astonishment. The most important one is that of Miss E. Rohr, the daughter of our worthy Post-master, who, after years of suffering, has been relieved solely by the use of Mr. O'Neill's medicine—the Medical Faculty having tried every thing in vain. These are Miss Rohr's own statements. The high reputation of Mr. O'Neill's endorsers justify us in saying that their statements merit universal credence.

From the Baltimore Chronicle.

We are not in the habit of expressing an opinion of the efficacy of Patent Medicines, but in the case of the above mentioned remedy for Rheumatism, we feel called on, by principles of humanity, to state that it has had the most surprising effects. The inventor is a gentleman in whom the greatest reliance can be placed; but he has other than his own testimony in favor of the medicine which he offers to the public. Clergymen, physicians, and those who have been relieved, have borne voluntary witness to its astonishing efficacy; and those who have the misfortune to be afflicted with this distressing complaint may be assured of immediate relief by resorting to this remedy

The following is from the Fredericktown Herald, edited by Wm. Ogden Niles, Esq. April 6th, 1833:

Mr. O'Neill's Rheumatic Medicine, offered to the public in this day's paper, if we form an opinion from the character of the maker, and numerous certificates in his possession from highly respectable individuals, who have been cured by the use of it, is one of the most valuable of recent discovery. Its effects upon those afflicted with chronic and inflammatory rheumatism, have been truly marvellous; a few bottles enabling them to dispense with crutches, flannels and bandages, with which for years they have protected their limbs and bodies. Mr. O'Neill merits the gratitude of the afflicted, and the testimony of respectable physicians forbids those imputations which are generally attached to vendors of panaceas.

Dr. Peters' Vegetable Pills.

THE immense and increasing popularity of these pills is another proof of the infallibility of the old adage that "truth is powerful and will prevail." Other pills are only puffed, but Dr. Peters' are purchased and praised, & recommended until the demand for them has become almost universal.

Dr. Peters would impress this fact upon the public, that his pills are not a quack medicine, but a scientific compound of simples which has been the result of many years intense application to a profession in which he was regularly bred, and hence it is as popular with the regular faculty as with the people at large.

One of the many peculiar virtues of the Vegotable Pills is, that while very powerful in its effects, it is particularly mild and gentle in its action.—Unlike the generality of medicines, its application is never attended with nausea or griping.

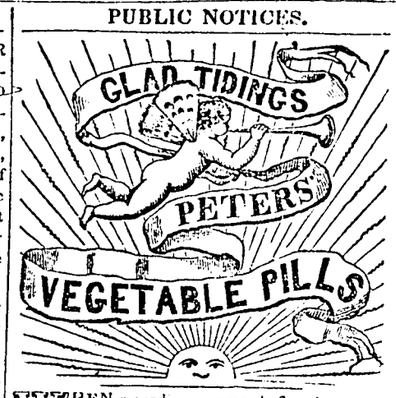
Gettysburg, Jan. 5, 1838. 9m-40



WHEN a medicine comes before the public, endorsed with the names of the medical profession and distinguished men, and warranted by the seal of uniform success, the proprietor makes no unreasonable demand upon the public when he claims for it a superior consideration.

PETERS' VEGETABLE PILLS.

Are undoubtedly entitled to distinction, inasmuch as many medical practitioners, who have witnessed their efficacy, freely admit their curative powers and pre-eminent virtues; and that they should do so in opposition to their personal interest must be attributed to their candor or their unwillingness to condemn them in the face of all observation and the testimony of thousands. The proprietor does not pretend that his *Pills* will cure all diseases, but he does say, and has satisfied the incredulous that in all diseases where a cathartic or an aperient Medicine is needed, if used according to the directions for a fair period of time, they will effect a speedy and certain cure, and this much is placed beyond doubt by the testimony and references of individuals already given to the public.

PETERS' VEGETABLE PILLS

Are now regarded by those who have had an opportunity to decide upon their merits, as an inestimable PUBLIC BLESSING.

More than two millions of boxes of these celebrated Pills have been sold in the United States since January, 1835.

Dr. Peters has received upwards of FIFTEEN HUNDRED CERTIFICATES, all given in consequence of the good done by his medicines; and it will at once be seen by this evidence that no remedy for the prevailing diseases of the Southern and Western states has ever been presented to the notice of the afflicted with stronger claims for their attention. Founded upon the surest and soundest of all principles, viz. actual experiment, these Pills have been wonderfully successful in restoring the sick to health, and in spite of doubts and prejudices, the use of them in those parts of the country, which the proprietor has been able to supply, has been rapidly extending. It is highly encouraging to him that, among the list of those who have been either personally benefitted by them, or have witnessed their effects on others, are the names of many of the most respectable and intelligent men in the South; who have cheerfully given their written testimony to that effect.

Without an exception in any age or country, no Medicine has spread with such rapidity and given such universal satisfaction.

Prepared by Jos. Priestly Peters, M. D. No. 129 Liberty street, New York. Each box contain 40 Pills—Price 50 cents.

☞Be careful and inquire for *Peters' Vegetable Pills.* They are for sale in Gettysburg, by Dr. J. GILBERT—and in Hanover by G. W. HINCKLE; and on inquiry, can be had in almost every town in the State.

INVALID!

☞*ONE DISEASE hast thou only—an impurity of the Blood, which by impeding the circulation brings on pains or derangement in the organs or part where such impurity of blood settles.*

IT is true a variety of causes may bring about this state of the blood—such as a violent bruise or fall, damp feet, indigestion, pain in the head, &c.—and although it may be said that these diseases have not their origin in impurity of the blood, yet the effect is the same—they all end in impurity of the blood and our only object to prevent the irritating influences being kept up, is continually to *purge* the body, as long as any unpleasant symptoms remain, with

Dr. BRANDRETH'S VEGETABLE UNIVERSAL PILLS,

which, if persevered with in sufficient quantities to produce copious evacutions, will assist nature to restore every organ to a state of health. This is on the principle of draining. We drain a marshy piece of land, and from a state of sterility soon produce a most abundant fertility, and so it is with the human body. When any thing is the matter with it, we have only occasion to drain it by purgation, and experience has taught those who have adopted this reasonable practice, [because consistent with our nature,] that they have acted rightly, the result having been sound health. About ten thousand persons can be referred to in New York city, and nearly the same number in Philadelphia, who have been cured, when every other means had become unavailing, of diseases which appeared of the most opposite character, and where to all appearance, no human means could save life, have patients, by the use of these Pills, been restored to perfect health, the devouring disease having been perfectly eradicated.

NOTICE.—Owing to the numerous attempts of Drugists, to destroy the fame of Doctor Brandreth's Vegetable Universal Pills, by selling a counterfeit, instead of the genuine article, the Public are cautioned against purchasing said Pills of any person, except the appointed agents, but especially to avoid Drug stores; as they are never in any case appointed as agents; and it is in their hands the spurious Pills are usually found.

ASTHMA, 6 YEAR'S STANDING—Mr. Charles Hobart, No. 122 Orange street, N. Y., afflicted for five years with humoral habitual Asthma, applied at the office 100 Chatham st. on the 4th of October, laboring under the following symtoms. A sense of tightness across the chest, with the greatest difficulty of breathing, distressing cough, generally ending with copious expectoration of viscid phlegm, disturbed rest, the face turbid and of a livid hue—could not lie in a horizontal position without the sensation of immediate suffocation, languor, drowsiness, and dizziness in the head, and loss of appetite.

Mr. H. applied to the most eminent physicians in this city, likewise used several other remedies without obtaining any permanent benefit, until his friends persuaded him to place himself under Dr. Wm. Evans' treatment. He is now relieved of his complaint, and called at the office yesterday, avowing that he had not words to express his gratitude for the benefit he had received. October 21, 1837.
