Now, however, on the eve of the final decision, we would say to you, as the only advice necessary to complete success :- Be on your guard against YOUR OWN OVER CONFIDENCE, and against the desperate and unhallowed means which the opposition will employ WITHIN THE LAST WEEK.

After a full and long intercourse with reasonable and well informed citizens in overy county, we are confident that your candidate can be elected by at least 10,000 majority. But then let every friend of sound principles bear in mind, that a strong and united effort must be made to realize this result. Each individual must not only vote himself, but use all fair means to get out his careless or doubting neighbors. With this kind of effort success is certain ; without it defeat is possible. For, in estimating the result of the contest, you must bear in mind the magnitude of the stake involved, and the fact that it is the last hope of the party which you oppose. Come then to the POLLS, Fellow citizens, and you-your State -the Union-your posterity, are safe.
