THE vississitudes of the summer, and the preceding spring, have afforded peculiar opportunities for exemplifying to the country the happy effects of Dr. W. Evans' Camomile Tonic Pills, upon debilitated constitutions. In cases of extreme nervous suffering, which stimulating tonics only momentarily relieve, and at length greatly aggravate, a single box of these beautifully compounded pills has proved an immediate and continual benefit. The loss of appetite and tremulous exhaustion which all invalids feel during this oppressive season, are relieved within two or three hours by one dose only; and in many cases a few doses will fortify the system a long time against a recurrence of these attacks. TO THE AFFLICTED PUBLIC. T is considered of great importance for the public to know the following facts:

About four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, on his death bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Have Liniment, and enjoined that all who would use one bottle for the Piles, and return the empty bottle, should have the prices refunded. Since that time, upwards of fifty thousand bet-

tles have been sold, out of which, not ten have been returned, and those only because the persons did not use it properly !! Such wonderful success, probably, never attended any other article. It is now determined by the proprietor, that Never to purchase Brandreth's Pills without be the public shall be made more fully acquainted ing positively sure that the person selling has a with its virtues, so that those suffering with that dreadful complaint may avail themselves of its uso.
There are many thousand certificates of the most respectable and authoritic character, many of which may be examined where the article is sold. It is used as an external application, and for many other complaints enumerated in the wrapper, is considered remarkably effective; but for the Piles it has no equal, and the agents are now bound to refund in all cases whore it does not cure It is being used in Hospitals in our principal

ities with great effect. No Fiction .- This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity, of a death-bod bequest, has since gained reputation unparalleled, fully enstaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on the shject," and he therefore bequeathed to bis friend and attendant S. Hays, the secret of his discovery.

It it is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, unless where its effects are witnessed. Externally in the following complaints:

For Dropsy.-Creating extraordinary absorpion at once All Swellings .- Reducing them in a few hours.

It is used only as an external application, and as sovereign power in curing the above named complaints, is justified by scientific principles, Caution.—Observe that each bottle of the penuino has a splendid engraved wrapper with the name of Mr. Hays and Comstock & Co en it. 67-For Sale at the Drug Store of
