#### TEMPERANCE.

YX ME Fairfield Temperance Society will son, at 11 o'clock on Christmas day. The appetite, palpitation of the heart, giddiness Ladies and Gentlemen of the neighborhood are invited to attend Peters' Vegetable Pills.

ORE than three millions of boxes of those celebrated PILLS have been sold in the United States since January, 1835.

Hundreds and thousands bless the day they be came acquainted with PETERS' VEGETABLE PILLS, which in consequence of their extrao dinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accom panying them, they are highly beneficial in the prevention and cure of Billious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Head ache, Jaundice, Asthma, Dropsy, Rhoumatism, Enlargement of the Spleen, Piles, Chelic, Female Obstructions, Heart Burn, Furred Tongue, Nau con Distrusion of the Stomach and Rowels, Insipient Diarrhoa, Flatulence, Habitual Costiveness, Loss of Appetite, Blotched or Sallow Complexion, and in all cases of Torpor of the Bowels here a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nauses, griping, nor debility.

The efficacy of these Pills is so well known. and their use so general, that further comment is considered u necessary.

For further particulars, see Dr. PETERS' Pamphlet which can be had GHATIS, at the Drug Store of G. K. TYLER, General Agent for the State of Maryland

QUACKS AND THEIR DESTRUCTIVE NOSTRUMS.—The united testimony of physicians throughout the United States has fully proved the fact that Poters' Vegetable Pillsare the only true Vegetable Pills which will stand the test of analyzation; hence the proprietor would most earnestly urge them to the notice of those who have been in the habit of using, as catharties or aperients, the destructive and irritatting quack pills so generally advortisec, and which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; out in most cases they injure the digestive organs, and an habitual resort to them must terminate in confirmed dyspensia.

It is true that cathartic and aperiont medicine are often required, but the nicest discrimination should always be observed in the selection; and if this be done, nothing injurious can result from

To produce this much-desired result, Dr. Pe ters has made it his study for several years, and feels proud to say he has succeeded at longth far beyond his expectations. The object of his pills is to supercede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation.

"The True Riches of Life is Health."

We know that Health, and the ability to labo is the wealth of the great mass of the people in this as in most other countries. To preserve, there fore, that health by NATURAL means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

most unquestionable proof that can be given of their immense importance to the afflicted, in al most every class of diseases. The number of let ters received from patients recovering through their means is really prodigious, and the com plaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholic, Flatulence, and Indiges tion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangemen of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this in the toundation of Flatulency, Spasmodic Pains Indigestion, Loss of Appetite, &c. and that those in their turn give birth to Dropsy, Liver Complaint, Communition, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessari so general disorders, which embitter mature life

and drag so many millions to untimely graves. in speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the pub lic. Ho is no needy quack or unknown specula tor, who comes before the world as his own her ald and witness, but is placed in a responsibilit of situation by the patronage which he has en joyed for years, and which is increasing to an extent unprecedented in the annals of medicine that makes him careful to assert nothing which hence he does not fear to be put to test in any

thing which he has promised respecting his Pills. Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superceded the adoption of mercureal experiments, for their pe oultar faculty in sweetening the blood, and sum ulating it to expol all noxious juices, and in giv case from acquiring that strength which must be got under, if at all, by dangerous remedies.

Dr. WM. EVANS' CAMOMILE PILLS THE DIFFERENCE.

 ${f T}$  cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness, there are others which it would be great injustice indeed and suicidal prejudice to involve, untried, in a common condemnation.
