Interesting case Cured and Family Aperient Pills.

ENJAMIN BROWN, corner of Ship pen and George streets, Philadelphia, was afflicted for seven years with extreme nervousness, by which he was not able to write his name. His symptoms, were eruscation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, utter inability of engaging in any thing that demanded vigor or courage, sickness of the stomach. impaired appetite, coldness and weakness of the extremities, emociation and general de bility, disturbed rest, a sense of weight at the stomach after eating, great mental des pondency, severe flying pains in the chest, back and side costiveness, a dislike for society and convergation. Mr. B. has made a trial of various medicines now before the public, but to no effect, until observing in a public paper some cures performed by Dr Wm. Evans' Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is at any time happy to state that they effectually cured him of the above distressing disease.

ECT Persons who doubt the above cure. are most respectfully directed to the above mentioned person, at the corner of Shippen and George streets.

Dr. W. EVANS does not pretend that his Camomile Pills will cure all diseases .-He frankly and conscientiously admits that they will not. He lays no claim to the dis covery of the "Philosopher's Stone, and wishes nobody to believe that he sells the Elixir of Life," but he does say and he does believe and he can prove that in debilitated and impaired constitutions; in nervous diseases of all kinds; in weakness of the digestive organs; in incipient consumptions whether of the lungs or of the liver; in the dreadful debility occasioned by the use of purgatives, in palsy, rheomatism (more especial 3t-38 (ly) in the sickness incident to mothers and females of relaxed nerves; in every case of dehrium tremens, or that disease which is If taken before exercise in the open air, they brought on by intemperance; in the wretch will generally prevent the listtude and fad horrors of the mind and body which accrue from occasional in briety, in the loss of appetite; languor, melancholy, pains in the head, hinbs or side; in corrupt, sallow, and uncomely complexions, which arise from the bad state of the fluids; in all these cases, and in some others mentioned in the bills and directions given with his medicines, he does say that the Camomile Pill interchang ed occusionally with his aperient family pills. This much is placed beyond doubt, by daily testimonies which would be given on oath; and for this much Dr. W. Evans can conscientiously request confidence. To Dr. Wm. Evans.

Georgetown, D. C. June 25, 1833. ESPECTED FRIEND.—I am truly gratified that I can return my sincere thanks to you, who have been the cause of my being restored to perfect health. For country the happy effects of Dr. W. Evans, five in this past I have been laboring under a severe Chronic Inflamitory Rheumatism, attended with debility, loss of appetite, lowness of spirits, &c. Having frequently heard of the truly excellent quality of your Camonale Pills, I at last determined to make trial of them, although not without considerable opposition from my physician and family. At last seeing my determination they agreed to the trial; and upon using the third package, I was altogether sighing and weeping, and languor and lassi restored to health. How can I express my gratitude and sincere regard for such a sa viour of human frames? My case was al together hopeless, and I must confess my self surprised at the extraordinary result No people were ever more blessed than we are with such remidies. The many quack advertisements which appear in the papers which I receive from your city, deterred me from using your pills before I did I can truly say that no medicine in the known world has had such a beneficial effect as your Camomile and Aperient Pills. What makes the core more extraordinary is that I am more than forty years of age, and for the last four years could just move about and only at short intervals. I am at present entirely recovered, and my hones are that you may enjoy a long and presperous life. It I am spored. I will aimost certainly come to Philadelphia to see you.

If my name and letter will be of any ser vice to you, you are at perfect liberty to make use of them and all I can do to aid you will be done with unbounded pleasure. Your truly grateful and bumble servant. WILLIAM JOHNSON.
