QUACKS AND THEIR DESTRUCTIVE NOSTRUMS.—The united testimony of physicians throughout the United States has fully roved the fact that Peters' Vegetable Pills are the only true Vegetable Pills which will stand pills, (the best known) which are sold with the test of analyzation; hence the proprietor would most earnestly urge them to the notice o those who have been in the habit of using, as ca ed but for a fair period of trial, a perfect tharties or aperients, the destructive and trritat cure. This much is placed beyond doubt, ting quack pills so generally advertised, and by daily testimonies which would be given which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digostive orpills, together with his excellent aperient gans, and an habitual resort to them must termi nate in confirmed dyspensia.

It is true that cathartic and aperient medicines are often required, but the airest discrimination should always be observed in the selection; and f this be done, nothing injurious can result from heir use.

To produce this much-desired result, Dr. Pe tors has made it his study for several years, and feels proud to say he has succeeded at length far boyond his expectations. The object of his pills is to supercede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation.

THE unparallel reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given o heir immense importance to the afflicted, in al nost every class of discuses. The number of let ters received from patients recovering through their means is really prodigious, and the com plaints which they have cured are almost as var od us they are numerous.
