Dr. Wm. Evans' CAMOMILE PILLS. THE DIFFERENCE. It cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness...

THE CAMOMILE PREPARATION of Dr. Evans, of New York, is undeniably entitled to this enviable distinction; for whilst no medical authority in existence condemns it, every medical work alludes to it, and every medical practitioner that is acquainted with it, freely acknowledges its pre-eminence...

Dr. W. EVANS does not pretend that his Camomile Pills will cure all diseases. He frankly and conscientiously admits that they will not.

THE cures, the great, effectual and undoubted cures which this fine tonic and restorative remedy effects in the cases that are particularized in other advertisements, are daily exciting the admiration and enlisting the candid acknowledgment of the medical profession who witness them.

Interesting case Cured

By Dr. WILLIAM EVANS' Camomile Tonic and Family Aperient Pills.

BENJAMIN BROWN, corner of Shippen and George streets, Philadelphia, was afflicted for seven years with extreme nervousness, by which he was not able to write his name. His symptoms, were eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, ziddness and dimness of sight, utter inability of engaging in any thing that demanded vigor or courage, sickness of the stomach, impaired appetite, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a sense of weight at the stomach after eating, great mental despondency, severe flying pains in the chest, back and side costiveness, a dislike for society and conversation. Mr. B. has made a trial of various medicines now before the public, but to no effect, until observing in a public paper some cures performed by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is at this time happy to state that they effectually cured him of the above distressing disease.

GLAD TIDINGS PETERS' VEGETABLE PILLS

"The True Riches of Life is Health."

We know that Health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by natural means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

THE unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted, in almost every class of diseases. The number of letters received from patients recovering through their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholera, Flatulency, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Appetite, &c. and that those in the infant state are liable to Dropsy, Liver Complaint, Consumption, and habitual weakness of spirit; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessarily the surest preventives of those dreadful, and almost general disorders, which embitter mature life, and drag down the individual to an untimely grave.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the public. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsible situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful to assert nothing which is not borne out by the most infallible proof; and hence he does not fear to be put to test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost succeeded the adoption of mercurial experiments, for their peculiar faculty in sweetening the blood, and stimulating it to expel all noxious juices, and in giving strength and tone to the nerves, prevents disease from acquiring that strength which must be not under, if at all, by dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Liberty street, New York. Each box contains 40 pills; price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington City, and throughout the United States, Canada, Texas, Mexico, and the West Indies.

For sale at the Drug Store of GEO. R. GILBERT & CO. Gettysburg, Nov. 27, 1838.

DR. WESTLEY'S INFANT DROPS. This mild and efficacious remedy possesses many advantages over other remedies usually employed for diseases originated in children. It is found to be safe and effectual cure for the following diseases, viz: Pains in the stomach and bowels, cholera, griping, restlessness, convulsions, &c.

These drops are prepared only from vegetable. For sale by G. R. GILBERT & CO. January 29, 1839.

HERNIA, OR RUPTURE, CURED BY HULL'S TRUSS.

It has been ascertained beyond contradiction, that persons can be cured permanently and effectually of Hernia or Rupture by the use of Hull's Truss. Numerous certificates could be produced from gentlemen of the first respectability that have been cured by wearing them. It is not only the easiest to wear of any Truss ever invented; but it keeps the Hernia perfectly reduced; so that the person can ride or labour as well as if not thus afflicted. A trial of this instrument would once convince every person of its superiority over any other article that could be offered for the same disease.

A supply of the Genuine article is just received and for sale at the Drug Store of G. R. GILBERT & CO. Dec. 25, 1838.

WOOD! WOOD!! WOOD will be taken at the Office of the STAR, if brought immediately! February 5, 1839.
