THE foregoing statement exhibits not only the dividends of State appropriation for the fifth Common School year (1839), payable on or after the first Monday of June, 1838, when that year commences, to all the districts in the county, but also those for the 1st, 2d, 3d and 4th school years, (viz: 1835, 1836, 1837 and 1839), now due to such districts as have either not accepted or not yet applied in the proper manner for their money. The whole amount of State appropriation yet due for each district since the first year of the system, is exhibited in the last column.

The State appropriation for 1835 or the first school year, was \$75,000; for 1836, or the second, \$65,000; for 1837, or the third, \$200,000; for 1838, or the fourth and present school year, \$700,000, (including the Building Fund of \$500,000); and for 1839, or the fifth, it will be \$300,000, if the law remains unaltered, but if the Legislature and \$100,000, it will be \$300,000; making an aggregate given by the State since the commencement of the system of \$1,250,000 without, or \$1,250,000 with the expected increase.

Undrawn dividends of the two first years' appropriation are to be received from the County Treasury.

The dividends of subsequent years are payable by the State Treasurer on application to the Superintendent. The following is the form of the necessary certificate, which should be forwarded to the Superintendent, in every case, as soon as the fact will justify it:

District Tax for 1833
 To the Superintendent of Common Schools:
 "I do hereby certify that a School Tax amounting to _____ dollars _____ cents, has been regularly levied and assessed for the School year 1833, upon _____ county; and that a warrant for the collection thereof has been delivered to the district Collector according to law; and that the aforesaid sum is at least equal to this district's annual share of the State appropriation."
 "I do further certify that _____ of _____ county, is the lawfully appointed Treasurer of this District."
 "Attest,"
 Secretary, _____
 Signed, _____
 President, _____
 Post Office, _____ county.

By the next mail after the receipt of the foregoing certificate at this department, a warrant on the State Treasurer for the appropriation of the current year, will be sent to the District Treasurer, together with similar warrants for all undrawn dividends of former years, remaining in the State Treasury. To obtain the latter no additional tax is necessary, so that one tax, for the current year, equal to the District's share of the ordinary annual State appropriation (\$200,000) will be sufficient to enable it to receive all dividends of former undrawn appropriations.

As soon as a District, previously not accepting, accepts the system and receives its money from the State Treasury, it is thereby entitled to all money remaining for its use in the County Treasury, provided it accepts before the 1st of November, 1838. In that case it is the duty of the County Treasurer to pay over such money forthwith to the District Treasurer, on the order of the Board of Directors. The best proof of such acceptance and of the receipt of the money from the State Treasurer, is the circular which accompanies the warrant of the Superintendent, on the production of which the County Treasurer will be perfectly safe in paying over the dividends in his hands.

Acceptance of the Common School system, under the present laws, can only take place by a vote of a majority of such citizens of each non-accepting District, as assembled on the day of electing Directors, being in most cases the third Friday in March. The citizens then assembled have two acts to perform, 1st. to elect Directors, which most be done whether the system is to be put in operation or not; and 2d. to decide the question whether the system shall be accepted or not. This last question is only to be submitted in such Districts as previously rejected the system, but not in accepting districts, and may be decided in the affirmative by a mere majority of the votes polled.—See the 13th Section of the Common School Law.

Paragraph of the tenth section of the act to consolidate and amend the several acts relative to a general system of education by common schools, passed the 13th June, 1836, the Superintendent of Common Schools is directed annually, in the month of February, to transmit to the commissioners of each county, a statement of the amount every district therein that has, and every district that has not adopted the Common School system, may be entitled to receive out of the annual appropriation of two hundred thousand dollars, and the commissioners shall immediately cause such statement to be published three times, in one or more newspapers printed in said county.

By the third section of the supplement to the above recited act, passed on the 24th day of April, 1838, it is thus provided:

SECTION 3. It shall be the duty of the commissioners of each county in the State, triennially, to ascertain with the assistance of the respective assessors, the exact number of the resident taxable citizens of each Common School district in their several counties and do certify the same under their hands and seal of office, to the Superintendent of Common Schools, who is hereby directed to adopt the number of taxables, thus certified to him, as the basis of distribution of the State appropriation; the said certificates to be prepared and transmitted on or before the first day of April in every third year, commencing with the first day of April, eighteen hundred and thirty-nine: Provided, That if the commissioners of any county shall neglect to forward such certificates, on or before said day, the Superintendent may, in that case, adopt the number of taxables set forth in the next preceding certificate or return.

You perceive that there will be some difficulty this year, in carrying into effect these provisions, as the enumeration to be returned on the first day of April, is to be the basis of distribution, while the Superintendent is to furnish the statement of the amount to which each district is entitled in the month of February.

It is impossible, at this time, to conjecture the proportion of the two hundred thousand dollars, to which each district will be entitled. When the number of taxables is ascertained by the enumeration to be returned on the first of April next, the proportion will be reduced according to the increase of taxables. As the main object of furnishing this statement in the month of February, is to give notice to the districts of the amount of tax they are required to assess in order to entitle them to the State appropriation; and as the reduction in this sum, arising from the additional number of taxables, will not be great, it is considered that a publication of the statement furnished to you by the Superintendent, in February, 1838, will substantially comply with the law. You will, therefore, re-publish that statement during the present month, for the information of the districts, and inform them that it contains the amount, to which they are entitled, of the two hundred thousand dollars for the present year.

I am constrained to urge upon you the necessity of furnishing the exact number of taxables in each of the districts in your county, agreeably to the above recited section, as soon as practicable, and not delay the matter longer than the first of April. You perceive by the concluding part of the section, that if this return is not made in time, the taxables in the preceding return are to be adopted, by which your county will be deprived, for the year, of the State appropriation to the additional taxables in the respective districts, granted by the eleventh section of the act of 12th April, 1838, which makes the amount of the State appropriation equal to one dollar for each taxable citizen.

FRANCIS R. SHUNK,
 Superintendent of Common Schools.

FARMERS, LOOK HERE

THE subscriber has opened a Shop, on Second street, a few doors east from the Market House, in Chambersburg, where he will build SMITH GARDNER'S PORTABLE HORSE POWER

THRASHING MACHINE, which he will sell in Franklin, Adams and Bedford counties. These machines are now in operation in this county, and are equal if not superior to any other—and may be had, by persons wishing to obtain them, in any of the above-named counties, on the shortest notice, by applying to the subscriber, who hopes by strict attention to business to secure a share of public patronage.

An advantage which this Machine has over others, is that the horse power is constructed to work under the overshoot of a barn, so that rain does not interfere with its operations.

GENERAL ORDERS.

Adjutant General's Office,
 HARRISBURG, January 1, 1-39.

BY virtue of the authority vested in the Adjutant General, by the militia laws of this Commonwealth, it is hereby directed by him, with the consent and concurrence of the Governor and Commander-in-Chief of Pennsylvania, that the system of instruction in military knowledge, and regulations for the Militia and Volunteers of the State of Pennsylvania, be, from and after this date, that system which has been prepared and arranged by Brevet Captain S. Cooper, (of the U. S. Army.) Aid-camp and Assistant Adjutant General, and is entitled "a concise system of instructions and Regulations for the Militia and Volunteers of the U. States," &c.

All officers and non-commissioned officers, musicians and privates of the Militia or Volunteers of this State, will therefore henceforth conform, in the performance of their military duties, to the regulations for their government prescribed in the above system, and all every other mode of instruction in military tactics, not consistent with that above referred to, are hereby positively prohibited, for the instruction of the Militia and Volunteers of this State.

As a matter of course, all instructions of Volunteers or Militia will be given in the English language.

1. BECAUSE experience has established their merits, and decided them to be best, as also the most popular of modern medical discoveries.

2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3. Because they are not a quick medicine, but the scientific compound of a regular physician, who has made his profession the study of his life and are hence recommended as a standard family medicine by the regular faculty.

Important to the Sick.

THE vicissitudes of the summer, and the preceding spring, have afforded peculiar opportunities for exemplifying to the country the happy effects of Dr. W. Evans' Camomile Tonic Pills, upon debilitated constitutions. In cases of extreme nervous suffering, which stimulating tonics only momentarily relieve, and at length greatly aggravate, a single box of these beautifully compounded pills has proved an immediate and continual benefit. The loss of appetite and tremulous exhaustion which all invalids feel during this oppressive season, are relieved within two or three hours by one dose only; and in many cases a few doses will fortify the system a long time against a recurrence of these attacks.

To Ladies especially, who suffer from nausea and lassitude incidental to interesting changes of health, these pills are friends indeed, and a bottle of them has hence become a favorite boudoir and toilette confidant of ladies in wedded life. If taken before exercise in the open air, they will generally prevent the lassitude and fatigue which frequently attend it at this season; and if taken afterwards they never fail to relieve these sensations in a few moments. That oppressive sensation of arterial fullness and throbbing in the head, which is generally experienced in fervid and sultry weather, is so speedily removed by those Pills that they are recommended by a great number of our best Physicians in preference to any other prescriptions, as they are well known to be in many other cases.

The cures, the great effectual and undenia- ble cures which this fine tonic and restora- tive remedy effects in the cases that are particularized in other advertisements, are daily exciting the admiration and enlisting the candid acknowledgment of the medical profession who witness them. Directions for taking these Camomile Pills, as well as Dr. W. Evans' Aperient Family Pills, always accompany them; and they may be obtained wholesale and retail, at 19th north 8th St. Philadelphia.

QUACKS AND THEIR DESTRUCTIVE INFLUENCE.

THE united testimony of physicians throughout the United States has fully proved the fact, that Peters' Vegetable Pills are the only true Vegetable Pills which will stand the test of analysis; hence the proprietor would most earnestly urge them to the notice of those who have been in the habit of using, as cathartics or aperients, the destructive and irritating quick pills so generally advertised, and which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digestive organs, and an habitual resort to them, most terminate in confirmed dyspepsia.

It is true that cathartics and anemetic medicines are often required, but the strict discrimination should always be observed in the selection; and if this be done, nothing injurious can result from their use.

To produce this much desired result, Dr. Peters has made it his study for several years, and feels proud to say he has succeeded at length far beyond his expectations. The object of his pills is to supersede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation.

Brandreth's Vegetable Pills

PUBLIC OPINION.—Public opinion is perhaps the only unerring guide from whose decision there is no appeal; and was there ever such a manifestation of its approval, as there is with BRANDRETH'S VEGETABLE UNIVERSAL PILLS! Step by step has this Medicine wormed itself into favor, in spite of envy, malice and scorn. Triumphant has been its progress to its present sphere of extensive usefulness. It has surmounted obstacles before which quackery sinks paralysed—and has gained for itself a reputation which neither flattery, nor flippant sordid counterfeiting apothecaries can ever injure. These charlatans nevertheless no assail it with the malignant shafts of their despicable envy, and which rebounds upon themselves with a power each day on the increase, until they themselves will be covered with the slime of their own manufacturing. They can no more injure the reputation of BRANDRETH'S PILLS than they can lay their hands upon the sun.

How TO BE SECURE FROM COUNTERFEITS.—Never to purchase Brandreth's Pills without being positively sure that the person selling has a copperplate certificate of Agency, and observe it has been renewed—no CERTIFICATE BEING ANY GUARANTEE AFTER TWELVE MONTHS FROM DATE that Pills sold by the holder are genuine.

All Pills having Wm. Brandreth on the label, and George Hodgkinson on the edge, are counterfeits, and made to DECEIVE THE PUBLIC and evade the law at the same time.

These, and indeed ALL counterfeit Pills, if used according to the direction of my Pills, are calculated to DESTROY LIFE. They are made by men having no standing or respectability, without habitation or name—perfectly careless of consequences, provided money is obtained.

(Extract from Dr. B's address to Citizens of U. S.) And be careful to remember that I have never authorized any Doctor, Druggist, Apothecary, or Pedler in the United States to sell my Pills. These contemptible rascals universally sell counterfeits. Never forget that this class, Doctors, Druggists, Apothecaries, and Pedlars are the men who sell counterfeits, and that all Tradesmen who are made agents, have each of them a COPPER-PLATE certificate of Agency, signed in writing with a pen by me; and which certificate requires renewal every twelve months, it being no guarantee for more than one year from date—observe the date is not WRITTEN, it is COPPERPLATE.

The following respective persons are my duly authorized AGENTS in Adams county, Pa. whose names are,

Health and Happiness.

Dr. Wm. Evans' CAMOMILE PILLS. THE DIFFERENCE.

IT cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness, there are others which it would be great injustice indeed and suicidal pride to involve, untried, in a common condemnation. And when a medicine comes endorsed with all the great profession, and warranted by the seal and signature of long and uniform success, its proprietor makes no unreasonable demand upon public confidence, when he claims for it a superior consideration.

THE CAMOMILE PREPARATION of Dr. Evans, of New York, is undeniably entitled to this enviable distinction; for whilst no medical authority in existence condemns it, every medical work which alludes to it, and every medical practitioner that is acquainted with it, freely acknowledges its pre-eminent virtues; and that the latter should do so in opposition to their personal interests, must be attributed either to their candor and love of truth, or to their unwillingness to fly in the face of all observation and the testimony of thousands.

Dr. W. EVANS does not pretend that his Camomile Pills will cure all diseases.—He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone," and wishes nobody to believe that he sells the "Elixir of Life," but he does say and he does believe and he can prove that in debilitated and impaired constitutions; in nervous diseases of all kinds; in weakness of the digestive organs; in ineffectual consumptions whether of the lungs or of the liver; in the dreadful debility occasioned by the use of purgatives; in palsy, rheumatism (more especially) in the sickness incident to mothers and females of relaxed nerves; in every case of delirium tremens, or that disease which is brought on by intemperance; in the wretched horrors of the mind and body which accrue from occasional inebriety, in the loss of appetite; languor, melancholy, pains in the head, limbs, or side; in corrupt, sallow, and uncomely complexions, which arise from the bad state of the fluids; in all these cases, and in some others mentioned in the bills and directions given with his medicines, he does say, that the Camomile Pills interchangeably occasionally with his aperient family pills (the best known) which are sold with them, will affect immediate relief; and if used but for a fair period of trial, a perfect cure. This much is placed beyond doubt, by daily testimonies which would be given on oath; and for this much Dr. W. Evans can conscientiously request confidence. He therefore need only to add that his camomile pills, together with his excellent aperient pills, can be obtained, wholesale or retail at No. 19th north 8th St. Philadelphia. Peters' Vegetable Pills.

MORE than three millions of boxes of these celebrated PILLS have been sold in the United States since January, 1835.

Hundreds and thousands bless the day they became acquainted with PETERS' VEGETABLE PILLS, which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, enlargement of the Spleen, Piles, Cholera, Female Obstructions, Heart Burn, Furrowed Tongue, Nausea, Distension of the Stomach and Bowels, Insipient Diarrhea, Flatulence, Habitual Constipation, Loss of Appetite, Bloated or Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

The efficacy of these Pills is so well known, and their use so general, that further comment is considered unnecessary.

For further particulars, see Dr. PETERS' Pamphlet which can be had GRATIS, at the Drug Store of G. K. TYLER, General Agent for the State of Maryland.

Interesting case Cured

By Dr. WILLIAM EVANS' Camomile Tonic and Family Aperient Pills.

BENJAMIN BROWN, corner of Shippen and George streets, Philadelphia, was afflicted for seven years with extreme nervousness, by which he was not able to write his name. His symptoms, were eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, giddiness and dimness of sight, utter inability of engaging in any thing that demanded vigor or courage, sickness of the stomach, impaired appetite, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a sense of weight at the stomach after eating, great mental despondency, severe faying pains in the chest, back and side costiveness, a dislike for society and conversation. Mr. B. has made a trial of various medicines now before the public, but to no effect, until observing in a public paper some cures performed by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is at any time happy to state that they effectually cured him of the above distressing disease.

Persons who doubt the above cures, are most respectfully directed to the above mentioned person, at the corner of Shippen and George streets.
