2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3. Because they are not a quick medicine, but the scientific compound of a regular physician, who has made his profession the study of his life and up hence recommended as a standard family medicine by the regular faculty.

JOHN TAYLOR,

Chambersburg, June 5, 1838.

"The True Riches of Life is Health."

We know that Health, and the ability to labor is the wealth of the great mass of the people in this country, and that the health of the people is the health of the nation. To procure, therefore, that health by natural means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

THE unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted, in all the most fatal complaints of the stomach and bowels, such as Cholera, Flatulence, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Appetite, &c. and that those in their turn give birth to Dropsy, Liver Complaint, Consumption, and habitual looseness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessary to the surest preventives of these dreadful, and all too general disorders, which contribute more life, and drag so many millions to untimely graves.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the public. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsible situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that make him careful to assert nothing which is not borne out by the most inflexible proof, and hence he does not fear to put to test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be acknowledged by the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superseded the adoption of mercurial experiments, for their peculiar faculty in sweetening the blood, and in expelling all noxious juices, and in giving strength and tone to the nerves, prevent disease from acquiring that strength which must be got under, if at all, by dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Liberty street, New York. Each box contains 40 pills; price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington City, and throughout the United States, Canada, Texas, Mexico, and the West Indies.

Residence in Carlisle street, in the house formerly occupied by Dr. Burleychue.

WHERE he may be found prepared to attend to the duties of his profession. He tenders his gratitude for the encouragement he has received, and feels confident that his knowledge of the old medical system of theory and practice, in conjunction with his acquaintance of the Botanic system, will enable him skillfully and successfully to subdue disease, render general satisfaction, and merit a portion of the patronage of a generous and intelligent public.

He still finds additional evidence of the benefits and utility of the botanic system, and from the practice facts have arisen to increase his faith in, and to confirm his former sentiments of the great superiority of the Thompsonian Medical Practice.

He therefore recommends to the community with an entire consciousness of its intrinsic merits, and as a system that will neither injure nor poison them, but as the best, the safest, and the most efficacious in the United States, as certified by the following medical gentlemen of the old school.

Peters' Vegetable Pills.

MORE than three millions of boxes of these celebrated PILLS have been sold in the United States since January, 1835.

Hundreds and thousands bless the day they became acquainted with PETERS' VEGETABLE PILLS, which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Nausea, Obstruction of the Heart, Furred Tongue, Nausea, Distention of the Stomach and Bowels, Insipient Diarrhea, Flatulence, Habitual Constipation, Loss of Appetite, Bloating or Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, produce neither nausea, griping, nor debility.

The efficacy of Peters' Pills is so well known, and their use so general, that further comment is considered unnecessary.

For further particulars, see Dr. PETERS' Pamphlet which can be had GRATIS, at the Drug Store of G. K. TYLER, General Agent for the State of Maryland.

HYPOCHONDRIACISM.

Cured by Dr. Evans' Camomile Tonic and Family Aperient Pills.

MRS. GOOD, of Mount Joy, Lancaster County, Pa., was afflicted for seven years with distressing symptoms of which she was confined to her bed for nine months.

Her symptoms were, depression of spirits, sickness at the stomach, headache, impaired appetite, great pressure and weight at the stomach after eating, great mental despondency, stinging pains in the chest, back and sides, costiveness, emaciation, coldness and weakness of the extremities, a dislike for society or conversation, involuntary sighing and weeping, and languor and lassitude upon the least exercise. Mrs. Good was in the most desperate situation, and could obtain no relief until she was advised by her neighbors to make trial of Dr. Evans' Camomile Pills of which she is happy to state that she is now enjoying all the blessings of perfect health. Persons desirous of further information will be satisfied if every particular of her astonishing cure by applying at No. 10. N. Eighth street Philadelphia, or at her residence.

Important to the Sick.

THE vicissitudes of the summer, and the preceding spring, have afforded peculiar opportunities for exemplifying to the country the happy effects of Dr. W. Evans' Camomile Tonic Pills, upon debilitated constitutions. In cases of extreme nervous suffering, which stimulating tonics only momentarily relieve, and at length greatly aggravate, a single box of these beautifully-compounded pills has proved an immediate and continual benefit. The loss of appetite and tremulous exhaustion which all invalids feel during this oppressive season, are relieved within two or three hours by one dose only; and in many cases a few doses will fortify the system a long time against a recurrence of these attacks. To Ladies especially, who suffer from nausea and lassitude incidental to interesting changes of health, these pills are friends indeed, and a bottle of them has hence become a favorite handmaid and toilette confidante of ladies in wedded life. If taken before exercise in the open air, they will generally prevent the lassitude and fatigue which frequently attend it at this season; and if taken afterwards they never fail to relieve this sensation in a few moments. That oppressive sensation of arterial fullness and throbbing in the head, which is generally experienced in fervid and sultry weather, is so speedily removed by these Pills that they are recommended by a great number of our best Physicians in preference to any other prescriptions, as they are well known to be in many other cases.

The cures, the great, effectual and undeniable cures which this fine tonic and restorative remedy effects in the cases that are particularly in other advertisements, are daily exciting the admiration and enlisting the candid acknowledgment of the medical profession who witness them. Directions for taking these Camomile Pills, as well as Dr. W. Evans' Aperient Family Pills, always accompany them; and they may be obtained wholesale and retail, at 19th north 8th st. Philadelphia.

Health and Happiness.

Dr. Wm. Evans' CAMOMILE PILLS.

THE DIFFERENCE.

It cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness, there are others which it would be great injustice indeed and suicidal prejudice to involve, untried, in a common condemnation. And when a medicine comes endorsed with all the great profession, and warranted by the seal and signature of long and uniform success, its proprietor makes no unreasonable demand upon public confidence, when he claims for it a superior consideration.

THE CAMOMILE PREPARATION of Dr. Evans, of New York, is undeniably entitled to this enviable distinction; for whilst no medical authority in existence condones it, every medical work which alludes to it, and every medical practitioner that is acquainted with it, freely acknowledges its pre-eminent virtues; and that the latter should do so in opposition to their personal interests, must be attributed either to their candor and love of truth, or to their unwillingness to fly in the face of all observation and the testimony of thousands.

Dr. W. EVANS does not pretend that his Camomile Pills will cure all diseases.—He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone, and wishes nobody to believe that he sells the Elixir of Life," but he does say and he does believe and he can prove that in debilitated and impaired constitutions; in nervous diseases of all kinds; in weakness of the digestive organs; in incipient consumptions whether of the lungs or of the liver; in the dreadful debility occasioned by the use of purgatives; in palsy, rheumatism (more especially) in the sickness incident to mothers and females of relaxed nerves; in every case of delirium tremens, or that disease which is brought on by intemperance; in the wretched horrors of the mind and body which accrue from occasional inebriety, in the loss of appetite; languor, melancholy, pains in the head, limbs, or sides; in corrupt, sallow, and uncomely complexions, which arise from the bad state of the fluids; in all these cases, and in some others mentioned in the bills and directions given with his medicines, he does say, that the Camomile Pills interchangeably and occasionally with his aperient family pills, (the best known) which are sold with them, will affect immediate relief; and if used but for a fair period of trial, a perfect cure. This much is placed beyond doubt, by daily testimonies which would be given on oath; and for this much Dr. W. Evans can conscientiously request confidence. He therefore need only to add that his camomile pills, together with his excellent aperient pills, can be obtained, wholesale or retail at No. 19th north 8th st. Philadelphia. Also for sale at the Drug Store of GEO. R. GILBERT & CO. Gettysburg, Nov. 6, 1838.
