UACKS AND THEIR DESTRUCTIVE NOSTRUMS.—The united testimony of physicians throughout the United States has fully roved the fact that Peters' Vegetable Pillsare proved the fact that Fours vegetation the only true Vegetable Pills which will stand the test of analyzation; hence the proprietor would most earnessly urge them to the notice of those who have been in the habit of using, as catharties or aperients, the destructive and Irritat ting quack pills so generally advertised, and which are at best but slow consumers of the vital functions, and marderous agents, even to the most hale. It is true, most of them produces purgative effect, and sometimes transient reliof; but in most cases they injure the digestive organ, and an habitual resert to them must terminate the state of the stat aute in confirmed dyspersia.

It is true that cathurtie and enerient medicines are often required, but the airest discrimination should always he observed in the selection; and if this be done, nothing injurious can result from

To produce this much desired result, Dr. Peters has made it his study for several years, and feels proud to say he has succeeded at length far boyond his expectations. The object of his pills is to supercede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation. Prepared by JOS. PRIESTLY PETERS, M.

Realth and Happiness. Dr. WM. EVANS' CAMOMILE PILLS. THE DIFFERENCE.

T cannot be denied that whilst many medicmes which are recommended to the public, have not even the negative merit of harmlessness, there are others which it would be great injustice indeed and suicidal projudice to involve, untried, in a common condemnation. And when a medicine comes endorsed with all the great profession, and warranted by the seal and signature of long and uniform success, its proprietor makes no unreasonable demand upon public confidence, when he claims for it a superior consideration.

THE CANOMILE PREPARATION of Dr. Evans, of New York, is undeniably entitled to this enviable distinction; for whilst no medical authority in existence condemns it, every medical, work which alludes to it, and every medical practitioner that is acquainted with it, treely acknowledges its pre-eminent virtues; and that the latter should do so in opposition to their personal interests, must be attributed either to their candor and love of truth, or to their unwillingness to fly in the face of all observation and the testimony of thousands.

Dr. W. EVANS does not pretend that his Camomile Pills will cure all diseases. He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone, and wishes nobody to believe that he sells the ti-2 Elixir of Life," but he does say and he does believe and be can prove that in debilitated THIS safe and effectual remedy seldom and impaired constitutions; in nervous diseases of all kinds; in weakness of the digestive organs; in inciplent consumptions wheth er of the lungs or of the liver; in the dreadful debility occasioned by the use of purgatives, in paley, rhoumatism (more especially) in the sickness incident to mothers and females of relaxed nerves; in every case of dehrium tremens, or that disease which is brought on by intemperance; in the wretched horrors of the mind and body which accrue from occasional incbriety, in the loss of appetite; languor, melancholy, pains in the head, limbs, or side; in corrupt, sallow, and uncomely complexions, which arise from the bad state of the fluids; in all these cases, and in some others mentioned in the bills and directions given with his medicines, he was afflicted for seven years with extreme | does say, that the Camomile Pill interchange nervousness, by which he was not able to ed occasionally with his anerient family write his name. His symptoms, were erus- pills (the best known) which are sold with cation, daily spaso odic pains in the head.
