Family Aperient Pills, RS. GOOD, of Mount Joy, Lancaster county, Pa., was affected for sevon years with distressing symptoms of which she was confined to her bed for nine months. Her symptoms were, depression of spirits, sickness at the stomach, headache, impairspontlency, flying pains in the chest, back tude upon the least exercise. Mrs. Good was in the most desperate situation, and could obtain no relief until she was advised by her neighbors to make trial of Dr. Evans' Camomile Pills of which she is happy to state that she is now enjoying all the blessings of perfect health. Persons desirous of further information will be satisfied of every particular of her astonishing cure by applying at No. 10. N. Eigth street Philadelphia, or at her residence.

LAWNOTICE.

C. BAKER. Courts of Adams County-office in would be great injustice indeed and suicidal Chambersburg Street, one door west of Mr.

"The True Riches of Life is Health."

We know that Health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by NATURAL means, is a grand moral and political scheme, to fulfil which requires our atmost attention.

THE unparallel reputation which Poters' Pills have acquired as a Medical Restorative, is the and impaired constitutions; in nervous dis most unquestionable proof that can be given of their immense in portance to the afflicted, in almost every class of diseases. The number of let ters received from patients recovering through their means is really prodigious, and the com-plaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholic, Flatulence, and Indiges tion, for which they are not only a certain but an

immediate cure. It is well known that from the disarrangement the shead, limbs, or side; in corrupt, sallow, and uncomely complexions, which arise from the hold state of the fluids; in all there exceed in their turn give birth to Dropsy, Liver Complexions, the hold state of the fluids; in all these exceed in their turn give birth to Dropsy, Liver Complexions, the hold state of the fluids; in all these exceeds in their turn give birth to Dropsy, Liver Complexions, and the state of the fluids; in all these exceeds the fluids; in all the fluids; in incipient diseases of the intestines, are necessari ty the surest preventives of those dreadful, and also general disorders, which emhitter mature life, and drag so many millions to untimely graves. In speaking thus Dr. Peters arrogates nothing

ed but for a fair period of trial, a perfect to himself that has not been conceded by the pubic. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsibility on oath; and for this much Dr. W. Evans of situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful to assert nothing which is not borne out by the most infallible proof, and ence he does not fear to be put to test in any

thing which he has promised respecting his Pills Dr. Peters is most happy to be able to state, on he authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superceded the dontion of mercureal experiments, for their pe cultar faculty in sweetening the blood, and s'imslating it to expel all noxious juices, and in giving strongth and tone to the nerves, provents disuse from acquiring that strength which must be ot under, if at all, by dangerous remedies.

To Dr. Wm. Evans. Georgetown, D. C. June 28, 1839.

ESPECTED FRIEND.—I am truly gratified that I can return my sincere thanks to you, who have been the cause of my being restored to perfect health. For five months past I have been laboring under a sovere Chronic Inflamitory Rheumatism, attended with debility, loss of appetite, low ness of spirits, &c. Having frequently heard of the truly excellent quality of your Camomile Pills, I at last determined to make trial of them, although not without considerable opposition from my physician and family. At last seeing my determinaiton they agreed to the trial; and upon using the third package, I was altogether restored to health. How can I express my gratitude and sincere regard for such a saviour of human frames? My case was al together hopeless, and I must confess my self surprised at the extraordinary result No people were ever more blessed than we are with such remidies. The many quack advertisements which appear in the papers which I receive from your city. deterred me from using your pills before I did. I can truly say that no medicine in the known world has had such a beneficial effect as your Camomile and Aperient Pills. What makes the cure more extraordinary is that I am more than forty years of age, and for the last four years could just move about, and only at short intervals. I am at present entirely recovered, and my hopes are that you may enjoy a long and prosperous life. If I am spared. I will almost certainly come to Philadelphia to see you.

If my name and letter will be of any service to you, you are at perfect liberty to make use of them and all I can do to aid you will be done with unbounded pleasure. Your truly grateful and humble servant. WILLIAM JOHNSON.

UACKS AND THEIR DESTRUCTIVE NOSTRUMS.—The united testimony of physicians throughout the United States has fully proved the fact that Peters' Vegetable Pillsare the only true Vegetable Pills which will stand the test of analyzation; hence the proprietor would most carnestly urge them to the notice of those who have been in the habit of using, as ca tharties or aperients, the destructive and irritatting quack pills so generally advertiser, and which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digestive or gans, and an habitual resort to them must termi nate in confirmed dyspepsia.

It is true that cathartic and aperient medicine are often required, but the picest discrimination should always be observed in the selection; and if this be done, nothing injurious can result from

To produce this much-desired result, Dr. Pe ters has made it his study for several years, and feels proud to say he has succeeded at length far bayond his expectations. The object of his pills is to supercode the necessity of a frequent recourse to injurious purgatives, and to offer a medicine rafe, certain, and pleasant in its operation. Propared by JOS. PRIESTLY PETERS, M. D. No. 199 Liberty street, New York. Each box contains 40 pills. Price 50 cents.
