DR. FRANKLIN J. SMITH,

RESPECTFULLY calls the attention of his friends and the public generally, to the important and interesting fact, that he is fully prepared and qualified to cure the most inveterate cases of rheumatism.—The various diseases to which mankind are subject (if curable) can also be effectually and radically cured by him, safely and expeditiously, at moderate and reasonable charges, without subjecting the patient to the poisonous influence of minerals, such as mercury, arsenic, &c.

His remedies are mild, agreeable, and efficient, and operate in accordance with the laws of the animal economy.

Doctor F. Smith is ready at all times to attend patients at their houses. Patients living at a distance can be accommodated with board and medical attendance at moderate prices at his dwelling, in Carlisle street, the house formerly occupied by Dr. Berluchy.

Dr. Smith would also inform the public that his mode of treatment will perfectly remove the bad effects remaining in the system, from the use of mercury or any other poisonous mineral.

Medical men of the highest distinction and talent, such as Matthias, Alley, Cramp ton, Pearson, Abernethy, Carmichael, &c. affirm that chancres and buboes, ulcerations in the throat, together with diseases of the periosteum, tendons, cartilages, ligaments, fascia, and eruptions of a highly obstinate character, are the consequence from the administration or use of mercury. These awful effects of mercury are not novel, for every physician of veracity will acknowledge them to be of frequent and melancholy occurrence.
