Diseases of the Lungs!

THE melancholy effects of which our obituaries painfully exbibit, have for some years been increasing to an alarming extent. The dreadful ravages of these complaints have in a vast number of cases been arrested, by the use of Dr. Relfe's Asthmatic or Consumptive Pills, which have proved one of the most useful medicines ever yet discovered, for complaints of the Lungs generally. This medicine has restored a large number of persons, from the very borders of the grave, to health and society, who had been given over by their friends, and in many instances even by their Physicians, as past relief! Among a large number of cases of cure by the use of this invaluable medicine, the following are gresented to the public.

Copy of a Leller.

Dear Sir,-Having had a severe cough entirely removed by the use of your Dr. Relfe's Asthmatic Pills, (and occasional use of the Antibilious Pills!) I teel it a duty incumbent on me to inform you more minutely for the benefit of others who may in like manner be affected.

To be more paticular, I would say that for about ten years past with but little intermission, I have been affected with a hard, dry, hacking cough, attended with great pain and sinking of the stomach and with very little raising of phlegm—that I have tried from time to time many prescriptions, with no or at most, with a temporary relief and had become constrained to believe that I should recieve no lasting relief when was recommended to make trial of the above named Pills, which I did with little confidence of a beneficial result, but contrary to my expectation, in a few days my cough was wholly broken up, and subsequently removed!

I feel thankful for the benefit I have recoived, and am fully persunded that many. if not all, who are affected in the manuer that I have been, would find a complete cure by doing as I have done. You are at liberty to make use of this communication in any manner that you may deem most expedient or productive of good.

Respectfully yours, &c. HORATIO N. CRANE. Boston, March 14th, 1836. Mr. Thompson Kidder.

Another Letter.

From a gentleman of the first respectability, to whom reference can be made.] Mr. Kidder, Dear Sir:-Having been affected for everal years past with weak lungs and a troublesome cough, which had become very alarming, I was induced to try the efficacy of your Relie's Asthmatic Pills, from which have derived so much benefit that I have recommended them to a number of my

friends as a cure for coughs, colds, &c. and have heard of no instance in which the patient has not been benefitted. Believing as I do that this medicine has been the means of prolonging my life, and that of a near friend, who is subject to a ty to make others acquainted with its vir-

South Boston, Feb. 22d, 1536. A Remarkable Case.

A gentleman states an extraordinary ase, that of his wife, who was reduced so low by a pulmonary complaint, that symptoms of approaching dissolution began to exhibit themselves, so that her Physician intimated that nothing further could be done for her-that her case was past human skill, and the Doctor observed shortly after, while at a neighbors, that Mrs. W. was about to leave us. The same evening relation recommended a trial of these (Relfe's Asthmatic) Pills. they were accord ingly administered, producing such relief, and effecting so favorable a change during the night, that in the morning strong hopes were afforded of at least a partial restoration of her health, which was effected, and made comparitively comfortable by a continued use of these Pills.

Timely Relief.

A person recently from neglecting slight cold, became so seriously affected with a severe cough, which notwithstanding every attempt to remove, became so bad as to oblige him to suspend attending to business, and finally to exhibit such alarming symptoms as to excite serious fears for the result-in these circumstances he was advised to make use of these Pills, which he did, and with such complete success, as to be able to resume his business in a few

days, entirely cured! Much more testimony might be produced to prove this one of the best medicines ever discovered for all stages of Consumption, Coughs, Colds, Asthma, Hoarseness, Wheesing, Difficulty of breathing, Tightness of the Chest, Pain in the Side, Spitting
