SAMUEL FARNESTOCK. Gettysburg, Jugust 6, 1989,

ADVERTISEMENTS. Diseases of the Lungs!

THE melancholy effects of which our obituaries painfully exhibit, have for some years been increasing to an ularming extent. The dreadful ravages of these complaints have in a vast number of cases been arrested, by the use of Dr. Relfe's Asthmatic or Consumptive Pills, which have proved one of the most useful medicines ever yet discovered, for complaints of the Lungs generally. This medicine has restored a large number of persons, from the very borders of the grave, to health and society, who had been given over by their friends, and in many instances even by their Physicians, as past relief! Among a large number of cases of cure by the use of this invaluable medicine, the following are gresented to the public.

Copy of a Letter.

Dear Sir,-Having had a severe cough enirely removed by the use of your Dr. Rele's Asthmatic Pills, (and occasional use of the Antibilious Pills!) I feel it a duty inike manner be affected.

To be more paticular, I would say that for about ten years past with but little intermission, I have been affected with a hard, dry, hacking cough, attended with great pain and sinking of the stomach and with very little raising of phlegm-that I have tried from time to time many prescriptions, with no or at most, with a temporary relief and had become constrained to believe that I should recieve no lasting relief when I was recommended to make trial of the above named Pills, which I did with little confidence of a beneficial result, but contrary to my expectation, in a few days my cough was wholly broken up, and subsequently removed!

I feel thankful for the benefit I have received, and am fully persunded that many, not all, who are affected in the manuer hat I have been, would find a complete cure by doing as I have done. You are at liberty to make use of this communication in any manner that you may deem most expedient or productive of good.

Respectfully yours, &c. HORATIO N. CRANE. Signed) Boston, March 14th, 1836. Mr. Thompson Kidder.

Another Letter.

From a gentleman of the first respectability, to whom reference can be made.] Mr. Kidder,

Dear Sir:- Having been affected for several years past with weak lungs and a troublesome cough, which had become very Drops, andas he used nothintg else, (with alarming, I was induced to try the efficacy of your Relfe's Asthmatic Pills, from which have derived so much benefit that I have recommended them to a number of my friends as a cure for coughs, colds, &c. and have heard of no instance in which the pa-
