Rev. Ezra Keller's CERTIFICATE.

THIS is to certify that I was severely af flicted with the disease technically termed Bronchitis, the Tonsils considerably swollen and much inflamed, the uvula or palate permanently elongated, the Traches or Windpipe exceedingly painful, my disease was so extensive and aggravated, as to disqualify me from my professional avocations, and I was induced to make application to the celebrated Professor Doctor Smith of Baltimore, who cut off a part of the palate, which gave some little relief, but still did not cure the boring.

As a dernier resort I applied to Dr. F. 3. Smith a Botanic Physician of Hanover, now of Gettysburg, by whose care, skilland judicious treatment, I have been perfectly and radically cured; and I thus make it public as an act of but common justice to the Doctor, and from a full & strong sense of grattude to him, and at the same time as an inducement to others similarly affected to avail themselves of the like benefits, as witness my hand this 18th day of Septem-EZRA KELLER. bor, 1839. Extract of a letter, dated Novem--'I am now using the Relie's Botanical Drops in a very important and difficult case. It is of a person who has had Fever Sore for more than twelve years, which has resisted the skill and medicines of the best Physicians-being applied to about fire weeks since, I advised the use of carry dirt, and the draft is about one the Botanical Drops, and they have had a leg (which was dreadfully swollen) more than six inches in circumference, and I by the bearer."

Diseases of the Lunga!

MIE melancholy effects of which cur obituaries painfully exhibit, have for some years been increasing to an alarming extent. The dreadful ravages of these complaints have in a vast number of cases been arrested, by the use of Dr. Relie's Asthmatic or Consumptive Pills, which have proved one of the most useful medicines ever yet discovered, for complaints of the Lungs generally.
