PROSPECTUS

OF THE Journal of the American Silk Society, AND RURAL ECONOMIST, EDITED BY GIDEON B. SMITH.

THIS Journal was established by the AMERICAN SILK SOCIETY, for the purpose of diffusing practical information on the CULTURE OF SILK in the United States. It has now been published one year, and may be considered a work of standard character. The first year's publication, comprising the first volume, contains a mass of valuable information, and it will be the object of the editor to make the second equal in all respects, if not superior, to the first. The important fact is now established beyond any question, that the people of the United States can make silk CHEAPER and BETTER than any other nation on the earth. It has been proved by unimpeachable testimony, that the entire cost of producing silk ready for market, does not exceed two DOLLARS and TWENTY-FIVE CENTS PER POUND, and its lowest value is FOUR DOLLARS and FIFTY CENTS; also, that ONE ACRE of ground planted in morus multicaulis, will produce, the first year the trees are planted, FORTY-EIGHT POUNDS OF SILK, leaving a clear profit to the producer of ONE HUNDRED AND EIGHT DOLLARS! It has also been proved that the children and females of any farmer's family can, with the greatest possible ease, produce from fifty to a hundred pounds of silk every year, without any cost whatever to the expenses of the farm after the trees are planted; and therefore, that the whole amount of silk will be so much clear gain, say from \$225 to \$450. With these facts we submit to an intelligent people whether it is not a great and an important object for them to introduce the culture of silk in every farmer's family in the Union. To enable all our farmer to make silk, the 'JOURNAL OF THE AMERICAN SILK SOCIETY' was established; it contains plain practical directions for CULTIVATING THE TREES, FEEDING AND REARING SILK WORMS, REELING THE SILK, and preparing it for market, &c. besides all other information that can be required to enable any person to enter upon the business, either on a large or small scale. Every friend of his country, into who hands this paper may fall, will be doing a patriotic and philanthropic work by inducing his friends and neighbors to enter their names upon the list of subscribers.

The Journal of the American Silk Society is published monthly, in pamphlet form; each number contains thirty-two octavo pages, printed on new type and handsome paper, with a printed coloured cover.

DR. FRANKLIN J. SMITH,

RESPECTFULLY calls the attention of his friends and the public generally, to the important and interesting fact, that he is fully prepared and qualified to cure the most inveterate cases of rheumatism.—The various diseases to which mankind are subject (if curable) can also be effectually and radically cured by him, safely and expeditiously, at moderate and reasonable charges, without subjecting the patient to the poisonous influence of minerals, such as mercury, arsenic, &c.

His remedies are mild, agreeable, and efficient, and operate in accordance with the laws of the animal economy.

Doctor F. Smith is ready at all times to attend patients at their houses. Patients living at a distance can be accommodated with board and medical attendance at moderate prices at his dwelling, in Carlisle street, the house formerly occupied by Dr. Berliuchy.

Dr. Smith would also inform the public that his mode of treatment will perfectly remove the bad effects remaining in the system, from the use of mercury or any other poisonous mineral.

Medical men of the highest distinction and talent, such as Matthias, Alley, Cramp ton, Pearson, Abernethy, Carmichael, &c. affirm that chancres and buboes, ulcerations in the throat, together with diseases of the peritosteum, tendons, cartilages, ligaments, fascia, and eruptions of a highly obstinate character, are the consequence from the administration or use of mercury. These awful effects of mercury are not novel, for every physician of veracity will acknowledge them to be of frequent and melancholy occurrence.

Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS!

No medicine has, perhaps, ever met with such decided and general success as

Gouley's Vegetable Bitters.

THIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

His VEGETABLE COUGH DROPS, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity! and although they have in one instance, but without any foundation or truth, been pronounced poisonous, HUNDREDS of certificates can be produced of their having performed positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success.

N. B.—As the Fever and Ague is very prevalent at this season of the year, he can confidently recommend his

VEGETABLE BITTERS, as a CERTAIN CURE, and invites all who may be afflicted with this dreadful disease to make trial of them.

The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages.

Diseases of the Lungs!

THE melancholy effects of which our obituaries painfully exhibit, have for some years been increasing to an alarming extent. The dreadful ravages of these complaints have in a vast number of cases been arrested, by the use of Dr. Relfe's Asthmatic or Consumptive Pills, which have proved one of the most useful medicines ever yet discovered, for complaints of the Lungs generally. This medicine has restored a large number of persons, from the very borders of the grave, to health and society, who had been given over by their friends, and in many instances even by their Physicians, as past relief! Among a large number of cases of cure by the use of this invaluable medicine, the following are presented to the public.

Copy of a Letter.

Dear Sir,—Having had a severe cough entirely removed by the use of your Dr. Relfe's Asthmatic Pills, (and occasional use of the Antibilious Pills!) I feel it a duty incumbent on me to inform you more minutely for the benefit of others who may in like manner be affected.

To be more particular, I would say that for about ten years past with but little intermission, I have been affected with a hard, dry, hacking cough, attended with great pain and sinking of the stomach and with very little raising of phlegm—that I have tried from time to time many prescriptions, with no or at most, with a temporary relief and had become constrained to believe that I should receive no lasting relief when I was recommended to make trial of the above named Pills, which I did with little confidence of a beneficial result, but contrary to my expectation, in a few days my cough was wholly broken up, and subsequently removed!

I feel thankful for the benefit I have received, and am fully persuaded that many, if not all, who are affected in the manner that I have been, would find a complete cure by doing as I have done. You are at liberty to make use of this communication in any manner that you may deem most expedient or productive of good.

Respectfully yours, &c. HORATIO N. CRANE.

Boston, March 14th, 1836. Mr. Thompson Kidder.

Another Letter.

[From a gentleman of the first respectability, to whom reference can be made.]

Mr. Kidder, Dear Sir:—Having been affected for several years past with weak lungs and a troublesome cough, which had become very alarming, I was induced to try the efficacy of your Relfe's Asthmatic Pills, from which I have derived so much benefit that I have recommended them to a number of my friends as a cure for coughs, colds, &c. and have heard of no instance in which the patient has not been benefited.

Believing as I do that this medicine has been the means of prolonging my life, and that of a near friend, who is subject to a pulmonary complaint, you may rest assured that I shall avail myself of every opportunity to make others acquainted with its virtues.

Yours, truly, A. A.

South Boston, Feb. 22d, 1836.

A Remarkable Case.

A gentleman states an extraordinary case, that of his wife, who was reduced so low by a pulmonary complaint, that symptoms of approaching dissolution began to exhibit themselves, so that her Physician intimated that nothing further could be done for her—that her case was past human skill, and the Doctor observed shortly after, while at a neighbors, that Mrs. W. was about to leave us. The same evening a relation recommended a trial of these (Relfe's Asthmatic) Pills, they were accordingly administered, producing such relief, and effecting so favorable a change during the night, that in the morning strong hopes were afforded of at least a partial restoration of her health, which was effected, and made comparatively comfortable by a continued use of these Pills.

Timely Relief.

A person recently from neglecting a slight cold, became so seriously affected with a severe cough, which notwithstanding every attempt to remove, became so bad as to oblige him to suspend attending to business, and finally to exhibit such alarming symptoms as to excite serious fears for the result—in these circumstances he was advised to make use of these Pills, which he did, and with such complete success, as to be able to resume his business in a few days, entirely cured!

Much more testimony might be produced to prove this one of the best medicines ever discovered for all stages of Consumption, Coughs, Colds, Asthma, Hoarseness, Wheezing, Difficulty of breathing, Tightness of the Chest, Pain in the Side, Spitting of Blood, &c. &c.

Price—Whole Box of 30 Pills, \$1 00—Half Box of 12 Pills, 50 cents.

None genuine unless signed T. KIDDER, on the wrapper, (sole proprietor and successor to Dr. Conway,) by whom they are for sale, at his counting room, No. 99, Court st. Boston, (up stairs,) and by his special appointment, at

The Drug and Book Store of

S. H. BUEHLER.

To the Afflicted.

THE BEST PROOF which can be given of the UNRIVALLED EFFICACY of DR. RELFE'S Botanical Drops.

in addition to the wonderful cures that have been effected through this extraordinary Medicine, is the following new and interesting case.

FEVER SORE! A most aggravated Case.

Extract of a letter, dated November, ——"I am now using the Relfe's Botanical Drops in a very important and difficult case. It is of a person who has had a Fever Sore for more than twelve years, which has resisted the skill and medicines of the best Physicians—being applied to about five weeks since, I advised the use of the Botanical Drops, and they have had a most surprising effect, having reduced the leg (which was dreadfully swollen) more than six inches in circumference, and I think will effect a perfect cure; I am now out of the Drops, and wish you to send me some by the bearer."

Cure Completed.

[Extract of a letter from the subject of the foregoing communication, Mr. Jac. Cheney, of Reading, Mass.]

"Sir—My leg which before did not look like a human limb, is now entirely healed up, and come to its proper shape. I am free from pain, and can walk without limping. My appetite is good, and my sleep refreshing and quiet, and I can follow my occupation with comfort. Previous to taking the Drops, I had given up all hopes of relief."

The above remarkable case of cure is attested to by

Rev. JARED REID, and DANIEL CHUTE, Esq., Justice Peace, Reading, (Mass.)

Scrofula.

In 1831, an Agent writes,—"In another case (the Botanical Drops) undoubtedly had the happiest effect. In this instance the disease appeared to pervade the whole system. It was undoubtedly of a scrofulous nature. The glands in various parts became enlarged, hard and very painful, and became otherwise so affected with the disease as to be under the necessity of giving up business and confine himself to his room for several weeks; one or two of the swellings suppurated, and discharged a considerable quantity. The bones, the physician told him, were also materially diseased. It was precisely under these circumstances that he commenced the use of the Botanical Drops, and as he used nothing else, (with the exception of some purgative occasionally) and perfectly restored to health, we are (of course) warranted in drawing the conclusion, that this happy result was brought about solely by their agency."

Another Case.

"There is a person in this place taking the Botanical Drops evidently with the greatest advantage. He declares, to use his own words, 'It is doing wonders for him,' and as it were 'snatching him from the grave!'"

St. Anthony's Fire.

A Lady of the first respectability, (writes an Agent) has recently been cured of a very obstinate case of St. Anthony's Fire, by the use of Dr. Relfe's Botanical Drops, after having previously received the best advice in vain.

Scabbed Eruptions.

A distant Agent writes—"I have witnessed two most astonishing cures of eruptions or cutaneous disease, effected by the Botanical Drops, that had eluded the skill of the most eminent Physicians in the neighboring city (Philadelphia); they were cases of two or three years standing; one of which was literary covered with a kind of scabbed eruption. They are members of highly respectable families, and declare without reserve that they believe the Botanical drops to be one of the most valuable Medicines ever offered for diseases of that kind.

The proprietor might exhibit numerous other testimonials to prove the extraordinary efficacy of this invaluable medicine. The prejudice of the most incredulous gave way on beholding the astonishing cures performed by it—and various Physicians who have witnessed its efficacy, not only approve of its use, but in many cases recommend it without reserve. These Drops will be found one of the most powerful alterative, purifier, and sweetener of the blood yet discovered, and may be used as one of the best remedies for the Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Fever Sore, (even when the bones are affected.) White Swellings (if applied with Dr.
