Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS!
No medicine has, perhaps, ever met with such decided and general success as **Gouley's Vegetable Bitters**.

THIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

His **VEGETABLE COUGH DROPS**, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity and although they have in one instance, but without any foundation or truth, been pronounced **poisonous**, hundreds of certificates can be produced of their having performed **positive and effectual cures** in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success.

N. B.—As the **Peper and Ague** is very prevalent at this season of the year, he can confidently recommend his

VEGETABLE BITTERS as a CERTAIN CURE, and invites all who may be afflicted with this dreadful disease to make trial of them.

The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages.

WASHINGTON HOTEL.

Corner of Market Street and Market Square, HARRISBURG, PA.

THE Subscriber respectfully informs his friends and the public that he has taken the **WASHINGTON HOTEL**—that well known tavern stand situated at the corner of Market street and Market Square, Harrisburg, lately occupied by Maj. George W. Johnson, which he has fitted up in a superior manner, with entire new furniture of the newest fashion and best quality, from garret to cellar. The house has also undergone a thorough repair, and is put in the best condition for the accommodation of customers.

He takes the liberty to state that the **Washington Hotel** shall be kept in the best manner. His **Table** will always be furnished by the best market affords, and so served as to suit his guests. His **Bar** will be supplied with the best of wines and liquors of all kinds. His **Stable**, (the largest in Harrisburg), will be attended by faithful Ostlers, and every attention given that he is desirous of proving that he is determined to keep a house not excelled in Harrisburg, he respectfully invites travellers, members of the Legislature and others, to call and judge for themselves, as he will be happy at any and all times to see them.

DR. FRANKLIN J. SMITH,

RESPECTFULLY calls the attention of his friends and the public generally, to the important and interesting fact, that he is fully prepared and qualified to cure the most inveterate cases of rheumatism.—The various diseases to which mankind are subject (if curable) can also be effectually and radically cured by him, safely and expeditiously, at moderate and reasonable charges, without subjecting the patient to the poisonous influence of minerals, such as mercury, arsenic, &c.

His remedies are mild, agreeable, and efficient, and operate in accordance with the laws of the animal economy.
Doctor F. Smith is ready at all times to attend patients at their houses. Patients living at a distance can be accommodated with board and medical attendance at moderate prices at his dwelling, in Carlisle street, the house formerly occupied by Dr. Berluchy.

Dr. Smith would also inform the public that his mode of treatment will perfectly remove the bad effects remaining in the system, from the use of mercury or any other poisonous mineral.

Medical men of the highest distinction and talent, such as Matthias, Alley, Cramp-ton, Pearson, Abernethy, Carmichael, &c. affirm that chancres and buboes, ulcerations in the throat, together with diseases of the periosteum, tendons, cartilages, ligaments, fascia, and eruptions of a highly obstinate character, are the consequence from the administration or use of mercury. These awful effects of mercury are not novel, for every physician of veracity will acknowledge them to be of frequent and melancholy occurrence.
