ALBANY LOCK HOSPITAL.

SYPHILIS.

Omnis Principiis obsta.

ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself to the study of this class of diseases, which there is every reason to believe are too prevalent.

DR. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, with the influence of impudence or any other beneficial excitement, and to the cure of those dreadful maladies, which too often arise therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscess ulceration, nodes, caries of the bones, pseudo syphilis, cancer, premature old age, and too often in a protracted incurable state of miserable existence.

DR. COOKE though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly initiated into every branch of the profession as a general Practitioner in Europe.

DR. COOKE may be consulted therefore at all times, as usual at his offices, which are properly fitted up and arranged for confidential consultation. Country patients residing at a distance, and all other patients who prefer writing instead of a personal interview—can be treated with equal success on describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed.

Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS! No medicine has, perhaps, ever met with such decided and general success as

Gouley's Vegetable Bitters. This medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

HIS VEGETABLE COUGH DROPS, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity! and although they have in one instance, but without any foundation or truth, been pronounced poisonous, HUNDREDS of certificates can be produced of their having performed positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success.

N. B.—As the **Fever and Ague** is very prevalent at this season of the year, he can confidently recommend his

VEGETABLE BITTERS as a certain cure, and invites all who may be afflicted with this dreadful disease to make trial of them.

The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages.

LOUIS GOULEY, No. 21 1/2 Baltimore street, near the Centre Market, between Harrison and Frederick streets.

ADVERTISEMENTS.

To the Afflicted.

THE BEST PROOF which can be given of the UNRIVALLED EFFICACY of

DR. RELFE'S Botanical Drops.

in addition to the wonderful cures that have been effected through this extraordinary Medicine, is the following *new and interesting case.*

FEVER SORE! A most aggravated Case.

Extract of a letter, dated November,—"I am now using the Relfe's Botanical Drops in a very important and difficult case. It is of a person who has had a Fever Sore for more than twelve years, which has resisted the skill and medicines of the best Physicians—being applied to about five weeks since, I advised the use of the Botanical Drops, and they have had a most surprising effect, having reduced the leg (which was dreadfully swollen) more than six inches in circumference, and I think will effect a perfect cure; I am now out of the Drops, and wish you to send me some by the bearer."

Cure Completed.

[Extract of a letter from the subject of the foregoing communication, Mr. Jac. Cheney, of Reading, Mass.]

"Sir—My leg which before did not look like a human limb, is now entirely healed up, and come to its proper shape. I am free from pain, and can walk without limping. My appetite is good, and my sleep refreshing and quiet, and I can follow my occupation with comfort. Previous to taking the Drops, I had given up all hopes of relief."

The above remarkable case of cure is attested to by

Rev. JARED REID, and DANIEL CHUTE, Esq. Justice Peace, Reading, (Mass.)

Scrofula.

In 1831, an Agent writes,—"In another case (the Botanical Drops) undoubtedly had the happiest effect. In this instance the disease appeared to pervade the whole system. It was undoubtedly of a scrofulous nature. The glands in various parts became enlarged, hard and very painful, and became otherwise so affected with the disease as to be under the necessity of giving up business and confine himself to his room for several weeks; one or two of the swellings suppurated, and discharged a considerable quantity. The bones, the physician told him, were also materially diseased. It was precisely under these circumstances that he commenced the use of the Botanical Drops, and as he used nothing else, (with the exception of some purgative occasionally) and perfectly restored to health, we are (of course) warranted in drawing the conclusion, that this happy result was brought about solely by their agency."

Another Case.

"An Agent writes,—"There is a person in this place taking the Botanical Drops evidently with the greatest advantage. He declares, to use his own words, 'It is doing wonders for him,' and as it were 'snatching him from the grave!'"

St. Anthony's Fire.

"A Lady of the first respectability, (writes an Agent) has recently been cured of a very obstinate case of St. Anthony's Fire, by the use of Dr. Relfe's Botanical Drops, after having previously received the best advice in vain."

Scabbed Eruptions.

"A distant Agent writes—"I have witnessed two most astonishing cures of eruptions or cutaneous disease, effected by the Botanical Drops, that had eluded the skill of the most eminent Physicians in the neighboring city (Philadelphia); they were cases of two or three years standing; one of which was literary covered with a kind of scabbed eruption. They are members of highly respectable families, and declare without reserve that they believe the Botanical drops to be one of the most valuable Medicines ever offered for diseases of that kind."

The proprietor might exhibit numerous other testimonials to prove the extraordinary efficacy of this invaluable medicine. The prejudice of the most incredulous give way on beholding the astonishing cures performed by it—and various Physicians who have witnessed its efficacy, not only approve of its use, but in many cases recommend it without reserve. These drops will be found one of the most powerful alterative, purifier, and sweeter of the blood yet discovered, and may be used as one of the best remedies for the Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Fever Sores, (even when the bones are affected.) White Swellings (if applied with Dr. Jebb's Liniment,) foul and obstinate Ulcers, Sore Legs and Eyes, Scaldhead in Children, Scoury and Scrofulous Gout, Pimpled or Carbuncled Faces, Festering Eruptions, and Venereal Taints throughout the body, in which last case the Drops often cure when Mercury fails. They are also the best Spring and Autumnal Physic to purify and cleanse the system from humors which frequently appear at these seasons of the year. They also aid the process of digestion, and by purifying the blood, prevent the secretion of malignant humors on the lungs.

None genuine unless signed **T. KIDDER,** on the wrapper, (sole proprietor and successor to Dr. Conway,) by whom they are for sale, at his counting room, No. 99, Court st. Boston, (up stairs,) and by his special appointment, at

The Drug and Book Store of S. H. BUEHLER.

Price \$1, or 6 bottles for \$5.

DR. JAYNE'S EXPECTORANT.—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Cough, Spitting of Blood, Hooping Cough, Group or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, Difficulty of Breathing, and every other disease of the Lungs and Breast, can do at least to its usefulness. Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. The
