Gouley's Vegetable Medicines.
UNPRECEDENTED SUCCESS!
No medicine has, perhaps, ever met with such decided and general success as **Gouley's Vegetable Bitters.**

THIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

His VEGETABLE COUGH DROPS, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity; and although they have in one instance, but without any foundation or truth, been pronounced poisonous, hundreds of certificates can be produced of their having performed positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success.

N. B.—As the Fever and Ague is very prevalent at this season of the year, he can confidently recommend his **VEGETABLE BITTERS** as a CERTAIN CURE, and invites all who may be afflicted with this dreadful disease to make trial of them.

The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages.

ADVERTISEMENTS.

To the Afflicted.

THE BEST PROOF which can be given of the UNRIVALED EFFICACY of **DR. RELFE'S Botanical Drops.**

in addition to the wonderful cures that have been effected through this extraordinary medicine, is the following *new and interesting case.*

FEVER SORE! A most aggravated Case.
Extract of a letter, dated November, — "I am now using the Relfe's Botanical Drops in a very important and difficult case. It is of a person who has had a Fever Sore for more than twelve years, which has resisted the skill and medicines of the best Physicians—being applied to about five weeks since, I advised the use of the Botanical Drops, and they have had the most surprising effect, having reduced the leg (which was dreadfully swollen) more than six inches in circumference, and I think will effect a perfect cure; I am now out of the Drops, and wish you to send me some by the bearer."
Cure Completed.
[Extract of a letter from the subject of the foregoing communication, Mr. Jac. Cheney, of Reading, Mass.]
"Sir—My leg which before did not look like a human limb, is now entirely healed up, and come to its proper shape. I am free from pain, and can walk without limping. My appetite is good, and my sleep refreshing and quiet, and I can follow my occupation with comfort. Previous to taking the Drops, I had given up all hopes of relief."
The above remarkable case of cure is attested to by
Rev. JARED REID, and DANIEL CHUTE, Esq. Justice Peace, Reading, (Mass.)
Scrofula.
In 1831, an Agent writes,— "In another case (the Botanical Drops) undoubtedly had the happiest effect. In this instance the disease appeared to pervade the whole system. It was undoubtedly of a scrofulous nature. The glands in various parts became enlarged, hard and very painful, and became otherwise so affected with the disease as to be under the necessity of giving up business and confine himself to his room for several weeks; one or two of the swellings suppurated, and discharged a considerable quantity. The bones, the physician told him, were also materially diseased. It was precisely under these circumstances that he commenced the use of the Botanical Drops, and as he used nothing else, (with the exception of some purgative occasionally) and perfectly restored to health, we are (of course) warranted in drawing the conclusion, that this happy result was brought about solely by their agency."

Another Case.
"There is a person in this place taking the Botanical Drops evidently with the greatest advantage. He declares, to use his own words, 'It is doing wonders for him,' and as it were 'snatching him from the grave!'"

St. Anthony's Fire.
A Lady of the first respectability, (writes an Agent) has recently been cured of a very obstinate case of St. Anthony's Fire, by the use of Dr. Relfe's Botanical Drops, after having previously received the best advice in vain.

Scabbed Eruptions.
A distant Agent writes—"I have witnessed two most astonishing cures of eruptions or cutaneous disease, effected by the Botanical Drops, that had eluded the skill of the most eminent Physicians in the neighboring city (Philadelphia); they were cases of two or three years standing; one of which was literary covered with a kind of scabbed eruption. They are members of highly respectable families, and declare without reserve that they believe the Botanical drops to be one of the most valuable Medicines ever offered for diseases of that kind.

The proprietor might exhibit numerous other testimonials to prove the extraordinary efficacy of this invaluable medicine. The prejudice of the most incredulous give way on beholding the astonishing cures performed by it—and various Physicians who have witnessed its efficacy, not only approve of its use, but in many cases recommend it without reserve. These drops will be found one of the most powerful alterative, purifier, and sweeter of the blood yet discovered, and may be used as one of the best remedies for the Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Fever Sores, (even when the bones are affected.) White Swellings (if applied with Dr. Jebb's Liniment), foul and obstinate Ulcers, Sore Legs and Eyes, Scaldhead in Children, Scurvy and Scorbatic Gout, Pimple or Carbuncled Faces, Festering Eruptions, and Venereal Taints throughout the body, in which last case the Drops often cure when Mercury fails. They are also the best Spring and Autumnal Physic to purify and cleanse the system from humors which frequently appear at these seasons of the year. They also aid the process of digestion, and by purifying the blood, prevent the secretion of malignant humors on the lungs.

None genuine unless signed T. KIDDER, on the wrapper, (sole proprietor and successor to Dr. Conway,) by whom they are for sale, at his counting room, No. 99, Court st. Boston, (up stairs,) and by his special appointment, at

ALBANY LOCK HOSPITAL.
SYPHILIS.
Omnes Principis obsta.

ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice, sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and care of a class of diseases which there is every reason to deprecate as too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, whilst under the influence of irremediable or Spasms, and that irremediable disease, the dreadful malady, which too often arises therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, such as abscess, ulceration, nodes, caries of the bones, pseudo syphilis, cancer, prostatic old age, and too often end in a protracted incurable state of miserable existence.

Dr. COOKE though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly initiated in every branch of the profession as a general Practitioner in Europe.

Dr. COOKE may be consulted therefore at all times, as usual in his office, which are properly fitted up and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of a personal interview—can be treated with equal success, and describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed.

DR. JAYNE'S EXPECTORANT.—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup or Hives, Consumption, Chronic Phlegm, Hoarseness, Pain and Soreness of the Breast, difficulty of Breathing, and every other disease of the Lungs and Bronch, can do at least to its usefulness. Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of Phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected.

It always cures Asthma—two or three large doses will cure the Croup or Hives of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of Whooping Cough, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "Consumption," have been restored to perfect health by it.

REV. JOHNATHAN GOING, D. D. President of Granville College, Ohio, says—"he was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectant." Mrs. Dilks, of Salem, N. J. was cured of Asthma, of twenty years standing, by using two bottles of this medicine.—Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be fast by three bottles. Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine, found permanent relief.

The following certificate is from a pious and a much respected Clergyman of the Methodist Society, dated
Medistown, Va. August 27, 1838.

Dr. Jayne—Dear Sir—I have been using your Expectant, extensively, in my practice, for the last three months, and for all attacks of colds, inflammation of the lungs, consumption, asthma, pains and weakness of the breast, it is decidedly the best medicine I have ever tried.
Very respectfully yours,
R. W. WILLIAMS, M. D.

Numerous other certificates might be added, but the above are considered sufficient evidence of its great usefulness.
Prepared only by Dr. D. Jayne, No. 20 South Third street, Philadelphia. Price \$1.
Where also may be had Jayne's Carmine Balsam, for the cure of Bowel Complaint, &c.—Tonic Vermifuge, for the removal of Worms, &c. Sanative Pills, for Dyspepsia, Liver Complaints, and Female Diseases, &c. Also, Jayne's Hair Tonic, for the removal of Baldness and preservation of the Hair.

ADVERTISEMENTS.

JAYNE'S CARMINATIVE BALSAM

IS a certain, safe and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, Summer Complaint, Cholera, Griping Stomach, Sour Stomach, Flatulency, &c. &c. and all Spasmodic and Nervous Diseases, as sick and Nervous Headach, Hysteria, Cramp, &c. &c.

This is one of the most efficient, pleasant and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing Cholera Infantum or Summer Complaint; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for there is "no mistake" about its being one of the most valuable family medicines ever yet discovered. It has been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favour, too numerous to publish.

CERTIFICATES.
This is to certify that I have used Dr. Jayne's Carmine Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of these diseases.
WILLIAM STEELING, M. D.
Physician to the Cumberland, N. J. Almshouse, Bridgeton, July 19, 1836.

Dr. D. Jayne—Dear Sir—Having made use of your Carmine Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

ATTENTION BALD HEADS. NO APPOINTMENT FOR WIGS. Of all the remedies ever devised for the restoration and preservation of the Hair, nothing has been found equal to Jayne's Hair Tonic. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.
Copy of a letter from Dr. S. S. FITCH.
PHILADELPHIA, May 10, 1839.

Dr. Jayne—Dear Sir—I feel that I can hardly say enough in your favor of the Hair Tonic, which you have so kindly sent me. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles applied for the hair, such as the Macassar Oil, all the different preparations of Boar's Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
No. 173 Chestnut street.
The Rev. LEONARD FLETCHER, Pastor of the Baptist Church, Great Valley, Pa. who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes as follows:
"My hair is growing finely, I assure you."

COUGH, ASTHMA, SPITTING OF BLOOD, OF SIXTY YEARS STANDING, CURED BY DR. JAYNE'S EXPECTORANT.
PHILADELPHIA, August 16th, 1838.

Mr. ATKINSON—Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carmine Balsam, in restoring a great number of passengers on board a Mississippi steamer, to perfect health who were afflicted with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from this medicine, more especially his Expectant, induces me to state to you, for the benefit of those who are afflicted with the same way. It has been my misfortune, since I labor under a cough and asthmatic oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period you may be sure I have never been free from a violent Cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility consequent upon such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Inflammation of the Lungs, which I fully expected would be the last.
