Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS!

No medicine has, perhaps, ever met with such decided and general success as

Gouley's Vegetable Bitters.

BIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerons orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and else-

where. His VEGETABLE COUGH DROPS new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity! and although they have in one instance, but without any foundation or truth, been pronounced poisonous, HUNDREDS of certificates can be produced of their having performed eases, called Dyspopsia; and after resorting Forry's Hotel; he has on hand a very large positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfacthe money I have expended during that time of every description. Prices low, for Cash tory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been

attended with the most complete success. N. B.-As the Fever and Ague is very prevalent at this season of the year, he can confidently recommend his

Scrofula.

In 1831, an Agent writes,-"In another case (the Botanical Drops)undoubtedly had the happiest effect. In this instance the desease appeared to pervade the whole system. It was undoubtedly of a scrofulous nature. The glands in various parts became enlarged, hard and very painful, and became otherwise so affected with the disease as to be under the necessity of giving up business and confine himself to his room for several weeks; one or two of the swellings suppurated, and discharged a considerable quantity. The bones, the physician told him, were also materially diseased. It was precisely under these circumstances that he commenced the use of the Botanical Drops, and as he used nothint gelse, (with the commence of t the exception of some purgative occasionally) and perfectly restored to health, we are (of course) warranted in drawing the con clusion, that this happy result was brought about solely by their agency."
