it every man who is deserving the name of

American citizen.

It is not enough for Van Bu; en that he has the purse of the nation and the present standing army at his command. These are insufficient to carry out his ambitious designs of subduing the American people to mere vassals of the crown. It is part of his grand scheme, modeling our government after the monarchies of Europe which he holds up for our admiration and imitation in his annual message. Are the free citizens of America prepared to surrender into the hands of any Executive, much less into the hands of one who has shown himself so greedy of power and so willing to trample on right as Van Buren has done the unexampled privilege, in a free country at least, of the unchecked command of two hundred thousand armed men. It is true the press of Packages in the above splendid Lottoof the whole country should speak out boldly on this iniquitous scheme, and denounce st as becomes freemen sensitive of their rights and determined to protect. By arousing the attention of the people of Virginia to its dangerous tendency, the press of that State did more to regenerate it than all other causes put together. Shall we not imitate the example of the noble old Dominion !- Log Cabin Rifle.

OUGH, ASTHMA, SPITTING OF BLOOD, of Sixty Years Standing, cured by Dr. Green street, Jayno's Expectorant! PHILADELPHIA, August 16th, 1838.

Mr. ATRINSON-Doar Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carminative, in restoring groat number of passengers on board a Missisthe most astonishing and wonderful cures that sippi steamboat, to perfect health who were affective ever been known. All who have ever used ted with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benofit I have received from this medicine, more especially his Expectorant, induces me to state my case to you, for the benefit of those who are afflic ted in the same way. It has been my misfortune. sir, to labor under a cough and asthmatical oppression, for more than balf a century. When a soldier in the American camp, in 1778, I, with nany others, (owing to great exposure,) had a violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period until recently, I have never been free from a violent Cough and difficulty of breathing. Year after year I have expecturated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night. I have had to sit or be belstered up to obtain my breath. The weakness and debility caused by such constant expecteration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me rolief, without any beneficial effect. Last winter I had another severe attack of Inflama-tion of the Lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine, when I was persuaded to call on Doctor Jayne. With the assistance of Divine Providence, through him, I was once more raised from my bed, but the coughing and wheezing wearled me day and night. He advised me to use his Expectorant. 1 did so, with a strong hopo by using this Expectorant." Need I say how gratifistanding, by using two bottles of this medicine.—
Mrs. Ward, also, of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far freedom. My expectoration became more easy. and my cough entirely loft me. I now feel as woll as ever I did in my life, and am better than I have been for the last sixty YEARS. Last summer I spit a great deal of blood; now, thank God, I am perfectly cured Now, Sir, after suffering so long, and finding at last such signal relief from Jayne's Expectorant, I feel anxious to inform
