HORSE POWER

AND THRASHING MACHINE, Calculated for Two Horses.

WHICH WILL THRASH UPWARDS OF ONE HUNDRED DOZEN PER DAY. To obviate all objections brought against the plans of machines now in use, he has been led to seek for a better one, both in ease to man and horse, and has succeeded beyond his most sanguine expectations .--As men are daily seeking improvements to lessen their labor by machinery in different ways, the subscriber is convinced that machines built upon this plan will, in a great measure, reduce the amount of labor, and remove all objections which are urged against the machines now in use. These machines are so constructed as to thrash in the open field, or in bank barns; they can also be removed with case and placed under the over-shot, and the strap taken through the floor and attached to the machine. In this particular these machines have a great advantage over all others.

His work will be done in the very best manner; and his castings cannot be surpassed by any in point of durability. Being a practical Machinist, he flatters himself that nothing will be wanting on his part to render general satisfaction to all those who may see fit to give him a call. His shop is in Carlisle street, a few doors north of Mr. M'Clellan's Hotel.

R. JAYNE'S EXPECTORANT.—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Coughs, Spitting of Blood, Hoop-Breust, difficulty of Breathing, and every other disease of the Lungs and Breast, can and do attest to its usefulness. Bronchitis,a disease which THE School Directors of Berwick township will meet at the house of Henry Gitt, in said township, on Saturday the 15th day of August next, for the purpose of receiving proposals from those persons who are anxis annually sweeping thousands upon thousands which lines the maide of the whole of the wind and my cough entirely left me. Last sumtubes or air vessuis, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, Inflamation, Fever and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effect.

It always cures Asthmas—two or three large doses will cure the Croup or Hives of Children, in from fifteen minutes to an hour's time. It im mediately subdues the violence of Whooping Cough; and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "Consumption," have been resto

red to perfect health by it. REV. JOHNATHAN GOING, D. D. Pronident of Granvillo College, Ohio, says—"he was laboring under a severe cold, cough and hoarse-ness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Dilks, of Sa. lem, N. J. was cured of Asthma, of twenty years standing, by using two bottles of this medicine.— Mrs. Ward, also, of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with Consumption, was perfectly restored by three bottles. Dr. Hamilton, of St. James. OUGH, ASTHMA, SPITTING OF BLOOD, of Sixty Years Standing, coned by Dr. Jayno's Expectorant!
PHILADELPHIA, August 16th, 1838. Mr. Arkinson—Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carminative, in restoring a great number of passengers on board a Mississippi steamboat, to perfect health who were affected with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from this medicine, more espocially his Expectorant, induces me to state my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a cough and asthmatical oppression, for more than talf a contury. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period until recently, I have never been free from a violent Cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state borderin ; on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Intlamation of the Lungs, which I fully expected would be the last. I then considered my case as past the gid of medicine, when I was persuaded to call ic Pleurisy, Hoarseness, Pain and Soreness of the On Doctor Jayne. With the assistance of Divine Providence, through him. I was once more raised from my bed, but the coughing and wheezing wearied me day and night. He advised me to use his Expectorant. 1 did so, with a strong hope

I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its gen. eral success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Bear's Oil, Veg-ctable Hair Oil, &c. &c. without experiencing

much, if any benefit. Respectfully yours, S S. FITCH, No. 172 Chestnut street. The Rev. LEONARD FLETCHER, Paster of the Baptist Church, Great Valley, Pa. who had been more or less bald for many yours, used three bottles of the Hair Tonic and had now a fine growth
