VALUABLE IMPROVEMENT.

THE subscriber respectfully informs the public that he has invented a new and much improved

HORSE POWER AND THRASHING MACHINE,

Calculated for Two Horses, WHICH WILL THRASH UPWARDS OF ONE HUNDRED DOZEN PER DAY.

To obviate all objections brought against the plans of machines now in use, he has been led to seek for a better one, both in ease to man and horse, and has succeeded beyond his most sanguine expectations. As men are daily seeking improvements to lessen their labor by machinery in different ways, the subscriber is convinced that machines built upon this plan will, in a great measure, reduce the amount of labor, and remove all objections which are urged against the machines now in use. These machines are so constructed as to thrash in the open field, or in bank barns; they can also be removed with ease and placed under the over-shot, and the strap taken through the floor and attached to the machine. In this particular these machines have a great advantage over all others.

His work will be done in the very best manner; and his castings cannot be surpassed by any in point of durability. Being a practical Machinist, he flatters himself that nothing will be wanting on his part to render general satisfaction to all those who may see fit to give him a call. His shop is in Carlisle street, a few doors north of Mr. McClellan's Hotel.

Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS! No medicine has, perhaps, ever met with such decided and general success as Gouley's Vegetable Bitters.

THIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

His VEGETABLE COUGH DROPS, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity; and although they have in one instance, but without any foundation or truth, been pronounced poisonous, HUNDREDS of certificates can be produced of their having performed positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success.

N. B.—As the Fever and Ague is very prevalent at this season of the year, he can confidently recommend his

VEGETABLE BITTERS as a CERTAIN CURE, and invites all who may be afflicted with this dreadful disease to make trial of them.

The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages.

ALBANY LOOK HOSPITAL. SYPHILIS.

Omnes Principibus obsta. ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting from the study and care of a class of diseases which there is every reason to deplore are too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from imprudence, whilst under the influence of intemperance or any other baneful excitement, and to the cure of those dreadful maladies, nodes, caries of the bones, pseudo syphilis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence.

Dr. COOKE, though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was a properly educated and regularly initiated into every branch of the profession as a general Practitioner in Europe.

Dr. COOKE may be consulted therefore at all times, as usual at his office, which are respectfully invited to attend to the confidential consultation. Country patients residing at a distance—and all other patients who prefer visiting instead of a personal interview—can be treated with equal success on duty, and their case by letter, and enclosing a remittance for advice and medicine. DR. JAYNE'S EXPECTORANT.

—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup or Hives, Consumption, Hooping Cough, Hoarseness, Pain or Swelling of the Breast, difficulty of Breathing, and every other disease of the Lungs and Breast, can and do attest to its usefulness. Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. The usual symptoms of this disease (Bronchitis, Hoarseness, Difficulty of Breathing, Pain or Swelling of the Lungs, Spitting of Blood, and some times Hæmoptoe) is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever, and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected.

It always cures Asthma—two or three large doses will cure the Croup or Hives of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of Whooping Cough; and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "Consumption," have been restored to perfect health by it.

REV. JOHNATHAN GOING, D. D. President of Granville College, Ohio, says—"I have been laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Dilks, of Salem, N. J. was cured of Asthma, of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also, of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with Consumption, was perfectly restored by three bottles. Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the throat, and was cured by a bottle of this medicine, found permanent relief.

The following certificate is from a practicing Physician, and a much respected Clergyman of the Methodist Society, dated

Modest Town, Va. August 27, 1838. Dr. Jayne—Dear Sir—I have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of colds, inflammation of the lungs, consumption, asthma, pains and weakness of the breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours, R. W. WILLIAMS, M. D.

Numerous other certificates might be added, out of the above are considered sufficient evidence of its great usefulness.

Prepared only by Dr. D. Jayne, No. 20 South Third street, Philadelphia. Price \$1.

HOOPING COUGH, AND CROUP.—TO PARENTS—JAYNE'S EXPECTORANT, is without exception the most valuable preparation in use, for the above diseases. It converts Hooping Cough into a mild and tractable disease, and shortens its duration more than one half, and produces a certain and speedy recovery. From half to one tea spoonful, will certainly cure Croup in infants and young children, in half an hour to an hour. The lives of hundreds of children will be saved annually, by always keeping it on hand ready for every emergency. For sale at No. 20 South Third street Philadelphia.

This is one of the most efficient, pleasant and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the best confidence for curing Cholera Infantum or Summer Complaint; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for there is "no mistake" as to its being one of the most valuable family medicines ever yet discovered.—Hundred! nay thousands! of our countrymen, and families received from Phyladelphia, and the various parts of the United States, bearing the strongest testimony in its favour, too numerous to publish.

CERTIFICATES.

This is to certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of these diseases.

COUGH, ASTHMA, SPITTING OF BLOOD.

OF Sixty Years Standing, cured by Dr. Jayne's Expectorant!

PHILADELPHIA, August 16th, 1838. MR. ATKINSON—Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of the Jayne's Expectorant, in restoring a member of passengers on board a Mississippi steambot, to perfect health who were afflicted with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from this medicine, more especially this Expectorant, induces me to state my case to you for the benefit of those who are afflicted in the same way. It has been my misfortune, to labor under a cough and asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I had many others, (owing to great exposure,) a violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period until the present, I have never been free from a violent Cough and difficulty of breathing. Year after year I have expected over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility caused by such constant expectation, frequently brought me a master stroke bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Inflammation of the Lungs, which I have never been free from. I have expected over a gill a day, and I have been a matter of astonishment to my family and friends that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect.
