efit I have received from this medicine, more especially his Expectorant, induces me to state my case to you, for the benefit of those who are afflicsir, to labor under a cough and asthmatical op-pression, for more than balf a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the Lungs, by which I from a violent Cough and difficulty of breathing. Year after year I have expectorated over a gill a tain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Intlama-

DRINCIPAL REASONS why Dr. HARLICH'S COMPOUND STRENGTHEN-ING and GERMAN APPERIENT PILLS are used by all classes of people, in preference to other medicines:

Because they are prepared from a pure extract of Herbs, a wholesome medicine. mild in its operation and pleasant in its effects; the most certain preserver of health, a safe and effectual cure of DISPEPSIA, or INDIGESTION, and all Stomach Complaints,

a preserver and purifier of the whole system. Recause they soothe the nerves of sensibility, and tortify the nerves of motion, imparting to their most subtle fluid its pristine tone, thus giving strength and clear-

ness of mind. Because they never destroy the conts of the stomach and bowels, as all strong purga-

tives do. Because science and experience teaches us that no mere purgative alone will cure the diseases of the Stomach and Nerves .-Weakness is the primary cause of a host of diseases, and by continually resorting to DRASTIC Purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, "to cleanse and strengthen," which is the only course to pursue to effect a cure. Lastly. Because these Medicines REALLY DO
