Improved Two Horse THRASHING MACHINES; One of which is now in the possession of Mr. Abraham Fisher, residing in Menallen township, Adams County, Pa. Messrs. Fisher and Forney having fairly tested the utility of this machine, furnish the following Certificate: -

CERTIFICATE. - We certify, that we have in use one of Mr. S. H. LITTLE'S PATENT HORSE POWERS, and believe it to be decidedly superior to any thing of the kind we have ever seen. From the small degree of friction and the rapidity of motion, two horses have thrashed at the rate of two hundred dozen a day, with the greatest ease, and without injury to the grain. ABRAHAM FISHER, DANIEL FORNEY, Menallen township, Sept. 5, 1840.

WE, the undersigned, do hereby certify that we have seen one of S. H. Little's Two Horse Patent Portable Thrashing Machine in use and can assure the Farmers and the Public that it is worthy of the highest praise and patronage, as two horses can do the work of four with more ease and less hands. It saves one half the labour and performs the work in the best manner possible. It possesses a decided advantage over any other machine, being less liable to get out of order, and easily to be removed. To see it in operation is sufficient to satisfy any one of its great utility and the propriety of our statement. George Smyser, John F. M'Farlane, Wm. N. Irvine, David Ziegler, William Settle, C. Gouley's Vegetable Medicines.

UNPRECEDENTED SUCCESS! No medicine has, perhaps, ever met with such decided and general success as Gouley's Vegetable Bitters.

THIS medicine has been but a few years before the public, and the demand for it has already become so great, that the subscriber finds it difficult to supply the numerous orders which he is constantly receiving. Innumerable Certificates in his possession bear testimony to its medicinal virtues and attest the fact of its having preserved the lives of hundreds both in this city and elsewhere.

HIS VEGETABLE COUGH DROPS, a new article, are also getting into general use, having been productive of the most beneficial effects in hundreds of families of the first respectability in this city and vicinity; and although they have in one instance, but without any foundation or truth, been pronounced poisonous, hundreds of certificates can be produced of their having performed positive and effectual cures in the most obstinate cases, both on young and old, and he now challenges any one to produce satisfactory evidence that there is one particle of any ingredient in their composition that can injure a person in the lowest stage of any disease.

Having administered his medicines in almost all diseases to which the human family are subjected, he never, in a single instance, found them to produce any injurious effects, but, on the contrary, they have been attended with the most complete success. N. B. - As the Fever and Ague is very prevalent at this season of the year, he can confidently recommend his

VEGETABLE BITTERS

AS A CERTAIN CURE, and invites all who may be afflicted with this dreadful disease to make trial of them. The attention of Masters and Owners of Vessels is called to this medicine; it will be found of great benefit among their crews, and a sure preventative of many of the diseases to which the mariner is subject during long and tempestuous voyages. LOUIS GOULEY, No. 21 1/2 Baltimore street, near the Centre Market, between Harrison and Frederick streets, Nov. 25 1y

ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself exclusively to the study and care of a class of diseases which there is every reason to deplore are too prevalent. Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, whilst under the influence of intemperance or any other baneful excitement, and to the cure of those dreadful maladies, which so often arise therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscess, nodes, caries of the bones, pseudo syphilis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence. Dr. COOKE though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly initiated into every branch of the profession as a general Practitioner in Europe. Dr. COOKE may be consulted therefore at all times, as usual at his office, which are properly fitted up and arranged for confidential consultation. Consulting patients residing at a distance - and all other patients who prefer writing instead of a personal interview - can be treated with equal success on describing minutely the case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed. OFFICES No. 3 Norton street, near Green street, Albany, New York, May 5, 1840.

DR. JAYNE'S EXPECTORANT. - This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Coughs, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, Difficulty of Breathing, and every other disease of the Lungs and Breast, can do so at least to its usefulness. Brouchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. (The usual symptoms of this disease (Bronchitis) are Coughs, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of Phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy Expectorant, and a cure is soon effected. It always cures Asthma - two or three large doses will cure the Croup or Hives of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of Whooping Cough; and effects a speedy cure. Hundreds who have been urged up by their physicians as incurable with "Consumption," have been restored to perfect health by it. REV. JOHATHAN GOING, D. D.
